The Illinois State Board of Education, the Archdiocese of Chicago Office of Catholic Schools, RETA Security, the Illinois Terrorism Task Force, and East Aurora School District, invite you to heighten your safety awareness by attending a gathering of experts in the field of school safety and crisis prevention. **At no cost to you**, you can learn how to enhance the safety and security of your school facility on a day-to-day basis and long term. This vital information will be practical and easy to apply, and there will be ample time for you to ask specific questions. Theodore Roosevelt once said, "You never have trouble if you are prepared for it." This statement takes on significant meaning, as schools try to ensure the safety of their students in today's vulnerable world. We hope you will join us and hear from the subject matter experts.
