**Member Tuition: None
Non-Member Tuition: \$210.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

Handcuffing can range from the cuffing of a totally cooperative subject to cuffing a combative individual who is actively fighting with the officer and everything in between. This course is designed to provide department trainers with the skills needed to successfully and safely instruct their department personnel on determining when to handcuff as well as a variety of techniques for cuffing from standing and prone positions, from wrist locks, and from ground control techniques.

Topics to be addressed include the following:

- Preparation, planning, and equipment considerations related to handcuffing
- Using proper and safe approach procedures when making initial contact
- Properly arrest a felon while using appropriate commands, procedures, and techniques
- Determining formulas for both common wrist locks and steel wrist locks and transitioning between the two
- Cooperative subject handcuffing
- Uncooperative subject handcuffing
- Handcuffing the combative subject
- Determining when each technique would be appropriate
- Handcuffing from the subject's vehicle

This course will be taught by: Brian Hartsfield; Dep. Superintendent (retired) Pat McGee, Cicero Police Department; Juan Claudio, Cook County Sheriff's Police Department.

This two day, sixteen (16) hour training program has been specifically designed for North East Multi-Regional Training, Inc. to meet the needs of law enforcement personnel tasked with conducting sex crime investigations. This course meets the requirements for First Responders and Investigators as required under Public Act 99-0801: Sexual Assault Incident Procedure Act.

The course will focus on the response and investigation of sexual assault. Topics addressed include:

- Trauma and the neurobiology of the brain.
- Rape myths surrounding sexual assault cases will be discussed and addressed.
- What it means to be victim centered and trauma informed, and how to conduct trauma informed interviews with victims.
- Defendant interviews and considerations when dealing with offenders charged with sex crimes.
- Investigation tips as to hospital protocol, and the role of SANE nurses and rape advocates.
- Social media and evidence gathering from the internet will be discussed.
- This training will stress the importance of being trauma informed and victim centered to avoid re-traumatization of the victim.

The goal of this training is to educate investigators as to the complexities of sexual assault investigations including:

- Misperceptions about sexual assault survivors and offenders which may make survivors reluctant to report the crime.
- How trauma impacts the manner in which survivors are able to report.
- How best to support sexual assault survivors during their encounter with law enforcement and the criminal justice system, and how to focus on offender behaviors as well as hold offenders accountable.
- Conducting trauma informed, survivor sensitive interviews,
- Effective techniques for offender interviews,
- Considerations in report writing,
- Investigating digital and social media platforms
- An in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various instructor teams.

4 Hour Mandatory Firearms Training Waiver (P.A. 90-646)

PHY513R

April 15, 2022

**Joseph Schwab Public Works
Facility Des Plaines Police
Department Firearms Range**

June 3, 2022

**Joseph Schwab Public Works
Facility Des Plaines Police
Department Firearms Range**

08:00 AM to 12:00 PM

Member Tuition: \$75.00

Non-Member Tuition: \$105.00

Limit: Unlimited

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Departments are to submit a Form E, as well as a Waiver Application for the individual officer to the Illinois Law Enforcement Training and Standards Board.

In order to have their registration confirmed, departments will then need to submit the following to NEMRT, prior to the start of the course:

- Letter from ILETSB authorizing individual to participate in course of fire
- NEMRT's Consent to Participate Form
- NEMRT's Indemnification Agreement

Registrants will be placed on a waiting list until the above items are received.

Questions in regards to registration and confirmation should be directed to the NEMRT Registrar at 630-896-8860

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

St. Charles Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$525.00

Limit: 2 per Dept.

This Course meets the following Mandates:
Law Updates

This course is the first level of a series of truck safety related courses designed to address weight, dimension, safety and equipment related issues and enforcement on second division vehicles operating on Illinois highways. This first course primarily focuses on overweight and over dimension commercial vehicles that are responsible for a disproportionate amount of damage to Illinois highways and infrastructure.

It is important for local law enforcement to take effective enforcement action to deter overweight, over dimension, and unsafe trucks from the public highways. This one-week program is designed to provide traffic and truck enforcement officers with the skills and knowledge to enforce Illinois truck weight and dimension-related laws along with other associated truck regulations in their jurisdictions.

Topics to be discussed include:

- Truck and tractor-trailer nomenclature
- Recognition of overweight, over-dimension vehicles on all highways
- Proper methods of weighing second division vehicles
- Chapter 15 of the Illinois Vehicle Code relating to weight, dimension and permitting regulations
- The Commercial Driver's License program
- Illinois Second Division Registration and the International Registration Plan
- Legal issues and recent and upcoming changes in law
- Illinois Department of Transportation policy on permit moves –
- Changes to the fine, surcharge and court cost structure due to P.A. 100-0987
- In-class and in-field practical exercises

PLEASE NOTE: Students attending this program should also attend the companion Portable Scale Certification Course (TRA019R) if they will be issuing citations based on the use of any type of portable scale regardless of scale ownership. This companion course is not required for weight enforcement utilizing stationary in-ground scales only.

This course will be taught by; Chief James Linane (Ret.), Sleepy Hollow Police Department and Sgt. Ron Brandenburg (Ret.) Elburn Police Department

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

40 Hour Commercial Vehicle Safety Inspection (Truck Enforcement II)

TRA908R

June 6-10, 2022

St. Charles Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$525.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Law Updates**

Primarily designed as a follow-up to the 40 Hour Basic Truck Weight Enforcement (Truck I) course, this program addresses safety-related issues and enforcement on Second Division vehicles operating within Illinois. Commercial vehicles are involved in a disproportionate amount of serious and fatal accidents each year on Illinois highways. Proper recognition of commercial vehicle deficiencies as part of a truck enforcement, traffic crash investigator, or traffic officer's normal duties will help reduce the frequency and severity of potential accidents on the highways.

Students will be certified as local law enforcement officers enforcing commercial vehicle safety regulations within the scope of the Illinois Vehicle Code and not as Federal or State MCS inspectors.

Topics to be discussed include:

- Overview of commercial vehicle safety and the history of traffic crash involvement
- Truck and semi tractor-trailer nomenclature
- Illinois safety tests vs Annual Periodic Inspection requirements
- Brake systems
- Wheels, rims, and tires
- Load Securement
- Steering, suspension, and frames
- Coupling devices
- Jack-knifing and off-tracking issues
- Illinois traffic law relative to moving and equipment violations
- Commercial vehicle enforcement and authority and available assistance
- Comparison of Federal BMCS regulations and IVC regulations

Students are required to have previously completed NEMRT's 40 Hour Truck Weight Enforcement (Truck I) course, or similar course, to enroll in this program.

This course will be taught by; Chief James Linane (Ret.), Sleepy Hollow Police Department; Sgt. Ron Brandenburg (Ret.) Elburn Police Department and Art Sanchez, certified truck mechanic

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief James Linane, Sleepy Hollow Police Department (Retired); Officer Ronald Brandenburg, Elburn Police Department; Mr. Art Sanchez.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

This 40 hour course is specifically designed for experienced, uniformed patrol personnel selected to serve as Field Training Officers for probationary employees. This course emphasizes the FTO's role in assisting probationers in certifying for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policies, procedures, and community service delivery standards.

Instruction in this program highlights two essential Field Training and Evaluation Process skills: A) the ability to examine and objectively document the probationer's job behaviors using standardized assessment guidelines and, B) the analysis of the probationer's training needs and use of proper instructional techniques for corrective action. Presentation will focus on discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook "Breaking Routine: Field Training Officer."

Course content includes:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process
- The Instructional Relay Race: Taking over where basic police training/certification left off inventorying the probationer's current knowledge and skill proficiencies
- Selection and use of on-the-job instructional techniques: finding the right tools to meet the challenge
- Examining effective probationer assessment standards that produce outstanding law enforcement officers
- Utilization of standardized evaluation guidelines
- Documenting probationer performance
- Performance assessment: objectively measuring probationer competence
- Documenting the extent of training and coaching
- Managing deficient performance and the "Not Responding to Training" probationer
- Use of the Probationer Officer Manual as the Field Training playbook
- Preparing the Probationer for Community Oriented Policing: Dancing with SARA!

Students must bring a pocket calculator to class to complete light math exercises. Students should be familiar with their Department's current Field Training and Evaluation process and are encouraged to bring a copy of their agency's manuals and forms to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

**** Cancellations for this program must be received by NEMRT 35 days prior to the start of the program in order to avoid being billed.**

This program is designed to provide instruction to law enforcement personnel who will be responsible for firearms training activities for their departments. This program concentrates on instructional techniques and is designed to develop students as prospective firearms instructors. The focus of this course is firearms skills and prospective instructors' ability to create, demonstrate, and coach firearms proficiency skills. Administrative aspects of defensible firearms programs are also stressed in this course. Students will be taught how to maintain necessary records, safely manage firearms exercises, range medical procedures, and develop realistic drills to ensure their agencies have comprehensive firearms programs.

PLEASE NOTE: DURING THE FIRST 1/2 DAY OF THIS PROGRAM, EACH STUDENT MUST DEMONSTRATE PROFICIENCY WITH HIS/HER DUTY WEAPON BY SCORING AT LEAST 85% ON THEIR FIRST ATTEMPT OF THE STATE OF ILLINOIS 50-ROUND MANDATORY COURSE OF FIRE. ANY STUDENT WHO IS UNABLE TO ACHIEVE A SCORE OF AT LEAST 85% ON HIS/HER FIRST ATTEMPT WILL BE DISQUALIFIED FROM FURTHER ATTENDANCE IN THE PROGRAM. EACH STUDENT WILL ALSO COMPLETE AN INSTRUCTOR QUALIFICATION WITH A SCORE OF AT LEAST 85% TO COMPLETE THE COURSE.

Law enforcement agencies must carefully select individuals who are to be utilized as firearms instructors. Only personnel who are willing to exercise patience, good judgment, safety consciousness, instructional acumen, and a willingness to document and record the activities of individual shooters/students should be considered for the position of firearms instructor. The focus of this program is to insure that instructors return to their department with the ability to enhance officers firearms skills with the most current methods and practices related to firearms skills.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief Jeff Chudwin, Olympia Fields Police Department (Retired).

This course will certify officers to teach the HFRG/PPCT Threat Pattern Recognition-Use of Force Defensive Tactics Basic course to other officers at their respective departments. This well-recognized national defensive tactics system for police is based on defensive tactic responses which take into account use of force parameters set forth by Illinois law.

Throughout the course, officers will take part in hands-on training, practice techniques, and teach others while learning themselves.

Topics to be addressed include:

- Use of force model
- Pressure point control
- Joint manipulation and pressure
- Handcuffing techniques from various positions
- Responding to violent attacks

Officers will be recertified through the HFRG/PPCT System of Instruction.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of "delinquency and in supporting youths in growing out of adolescence" without experiencing the stigma of police involvement.

This online, web-based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly-assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Officers who take this web-based course and pass the examination given at the end of the mandatory review session will be Illinois state-certified Juvenile Officers - just as if they had attended a traditional classroom training course.

To gain access to the web-based program, departments must have purchased the program through NEMRT. Access to the program can be acquired by contacting Lisa Seeman at 630-896-8860, Ext 105. Departments who have previously purchased a Juvenile CD from NEMRT in the past, already have access to the online program.

Individual officers will then be able to log in and review the course materials online through our website at www.nemrt.com

Departments are to register their officers for the review/test date as listed in the catalog. The review session is conducted by an instructor prior to administering the test.

If your officer has not completed the online portion by their registered review/test date, please contact NEMRT directly.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Deputy Chief of Operations Brian Galske, Chicago Ridge Police Department.

Limit: 2 per Dept.

This 5 day, 40 hour program has been designed by North East Multi-Regional Training, Inc. and Mr. Joseph Crimmins, Attorney at Law and retired law enforcement officer. This practically-oriented course is meant for both experienced and novice officers and addresses significant and problematic substantive and procedural law issues. Recent court decisions, as well as recent statutory additions and amendments, and other relevant legal materials are examined.

This course does not meet the requirements for departments/officers seeking a waiver.

This rigorous course addresses a wide variety of legal issues relevant to Illinois Peace Officers, both substantive and procedural, including Arrest, Search, and Seizure; Interviews and Interrogations; Identification Procedures, Illinois Criminal Code; Drug Law; Illinois Vehicle Code, and others. This course is structured in the following format:

Day 1 will focus on the 4th Amendment of the U.S. Constitution and the probable cause requirements for a police-conducted search and seizure. Discussion points will include the use of deadly force as the ultimate police seizure, the language of the Amendment as applied to traffic stops, search warrants, canine sniffs, and searches. Class will discuss reasonable suspicion and Terry stops, anonymous tips, and 911 calls that result in police seizures.

Day 2 will focus on search and seizure law as it relates to searches of residences, hotel rooms, personal property carried in a public place, the legality and requirements of using GPS tracking devices, and obstructing police. The class will discuss exceptions to the probable cause requirements such as consent searches, plain view searches, searches incident to arrest, hot pursuit doctrine, etc...

Day 3 will focus on the 5th and 6th Amendments of the U.S. Constitution. Discussion points will be police interrogation, Miranda doctrine, the due process clause of the 5th and 14th Amendments, the rights of suspects in police custody, rights to an attorney, and the public safety exception to the Miranda doctrine.

Day 4 will be a review of the Illinois Vehicle Code.

Day 5 will be devoted to Constitutional and statutory law related to juveniles. Juvenile-related law will include a review of Chapter 705: Act 405 of the Illinois Compiled Statutes, police procedures when dealing with the interview and interrogation of juveniles, incarceration of juveniles, charging a juvenile as an adult, crimes inside schools, and lockdown procedures and drills.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This 40 hour program acquaints newly sworn or part-time officers with the physical, legal, and moral hazards associated with the use of firearms. The course provides specific safety rules for handling firearms. Through supervised practical exercises, officers will enhance their ability to use a firearm as a conditioned response.

Successful completion of this course fulfills the requirements of 50 ILCS 710, "The Illinois Peace Officer Firearms Training Act".

Students must pass written and practical exams with a minimum score of 70% to receive a certificate of completion. In addition, each instructor must be completely satisfied with the abilities of the students to use their weapons in a safe manner.

When enrolling a full or part-time Officer in this program, please do the following:

1. Provide him/her with a copy of the Participant's Information Sheet
2. Fax the following forms (found in the Registration Information section of this website) to NEMRT's Registrar: Ms. Terri Hancock at (630) 229-0206:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

Agencies wishing to enroll Auxiliary Officers in this program are required to do the following:

1. Fax a copy of your local unit of government's Enabling Ordinance for auxiliary officers to the Illinois Law Enforcement Training Standards Board at (217) 524-5350 so that they may review and approve your Auxiliary Officers' eligibility to attend this training
2. Provide your Officer with a copy of the Participant's Information Sheet
3. Fax the following forms (found in the Registration Information section of this website) to NEMRT Registrar: Ms. Terri Hancock at (630) 229-0206:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

All pre-registrations for this program must be accompanied by the forms listed above, especially the copy of your officer's Form E (as submitted to the Illinois Law Enforcement Training Standards Board). If NEMRT and the ILETSB do not receive these forms at least 7 business days before class, your officer(s) will not be allowed to attend the program. This is the strict policy of the Illinois Law Enforcement Training Standards Board. No exceptions are permitted.

PLEASE NOTE: Pre-registration for this program will close 7 business days prior to the start of class to ensure that all necessary paperwork has been received by NEMRT and the ILETSB.

Participants are to bring their weapon, ammunition, and other required equipment. Please make certain all equipment is in proper working condition.

Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:

- Service weapon in safe firing condition
- Duty holster
- 550 rounds ammunition (factory or reload)
- Eye and ear protection
- Shotgun in safe firing condition
- Appropriate clothing for outdoor range (depending on class location)
- Cleaning kit for your service weapon
- Bag lunch or money to purchase meal

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Non-Member Tuition: \$630.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

**Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

This course was developed to assist experienced firearms instructors in training their department's patrol specialists in the use of the rifle/carbine. Through proper training and selection of equipment, police departments can utilize versatile police carbine/rifles to respond to immediate threats to life, which in the past required specialized units such as SWAT.

Disturbing national trends indicate that offenders are relying on more advanced weaponry and firepower, leaving first responders over-matched and our communities increasingly vulnerable to threats to life and property. By having officers trained in the use of more accurate and powerful weaponry than standard police firearms, properly trained officers will have the skills, aptitudes, and training experience to respond to these violent calls.

Many departments are acquiring rifle/carbines through commercial sources and the federal government is providing military M-16A1 rifles to local departments through the LESO 10-33 program. Rifle/carbine training will cover the following: COLT AR-15.223/5.56 m/m caliber, COLT CAR-15.223 or similar AR-15/M-16 type rifle/carbine systems. Other police patrol rifles such as the 9mm, RUGER MINI-14.223 are acceptable for this course. No caliber larger than .223/5.56 m/m is allowed due to range restrictions. Officers are to bring the weaponry that their departments currently use.

Topics for discussion include:

- Mechanical evolution and rifle/carbine history
- Disassembly, maintenance, and cleaning
- Conversion of the M-16 to semi-automatic mode
- Ballistics and ammo types
- Range and ammo testing
- Sight-in/trigger control techniques
- Range management and safety
- Live fire and marksmanship

This course has been submitted to the Illinois Law Enforcement Training and Standards Board Executive Institute for terrorism grant funding. This request is pending approval by the Illinois Terrorism Task Force. IF FUNDING IS NOT AVAILABLE, TUITION MAY BE CHARGED OR THE COURSE MAY BE CANCELLED.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of the program in order to avoid being billed.

8 Hour Trauma Informed Response to Sexual Assault

PAT980R

April 26, 2022

Chicago Ridge Emergency Management Center

May 10, 2022

Lisle Police Department

May 12, 2022

Crystal Lake Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Human Rights, Law Updates, Sexual Assault Trauma Informed Response

The course will focus on the initial response of a sexual assault. The training will address trauma and the neurobiology of the brain. Rape myths surrounding sexual assault cases will be discussed and addressed. There will be a focus on what it means to be victim centered and trauma informed and how to conduct trauma informed interviews with victims. The training will also address defendant interviews and considerations when dealing with offenders charged with sex crimes and considerations in report writing. The SANE program and the role of rape advocates will also be addressed. Social Media and evidence gathering from the internet will be discussed. The training will stress the importance of being trauma informed and victim centered to avoid re-traumatization of the victim.

The goal of this training is to educate officers as to the complexities of sexual assault investigations, including: misperceptions about sexual assault victims and offenders which may make victims reluctant to report the crime; how trauma impacts the manner in which victims are able to report; how best to support sexual assault victims during their encounter with law enforcement and the criminal justice system; and how to focus on offender behaviors and hold offenders accountable. This training focuses on conducting trauma informed, victim sensitive interviews, effective techniques for offender interviews, considerations in report writing, investigating digital and social media platforms and a more in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various instructor teams.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Law Updates

The detection, arrest, and subsequent prosecution of D.U.I. offenders continues to be a complex process, so much so that law enforcement officers need additional training and guidance. This program will provide officers with the supplemental skills necessary to perform optimally in their DUI enforcement roles.

The 3 day National Highway Traffic Safety Administration (NHTSA) D.W.I. Detection and Standardized Field Sobriety Testing Training course provides a helpful background for students attending this course, but is not a mandatory prerequisite.

Topics to be addressed include:

- Key legal decisions regarding Illinois laws
- Articulating suspicion
- Caretaker liabilities and functions
- Evidentiary concerns: breath, blood, urine
- Non-standardized field sobriety tests
- Implied consent provisions
- Common defenses challenges
- Process review

Street gangs plague many communities throughout the United States. Many police departments do not have the resources necessary to fund specialized units to address gang crimes, thus they have come to rely upon patrol supervisors and officers to handle these issues.

This course has been developed to provide patrol supervisors and officers with strategies for controlling gang activity and reducing gang-related crime within their respective communities.

Topics to be covered include the following:

- Conducting gang assessments
- Collecting intelligence on street gangs
- Developing directed patrols in targeted areas
- Coordinating with school resource officers
- Conducting "Knock and Talks"
- Fostering interagency cooperation and collaboration
- Civil Gang Injunctions and enhanced penalty laws

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

**This Course meets the following
Mandates:
Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Law Updates**

The Advanced Roadside Impaired Driving Enforcement program was developed by the National Highway Transportation Safety Administration with input from the International Association of Chiefs of Police Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between Standardized Field Sobriety Testing and Drug Evaluation and Classification Programs.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers who have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics and oftentimes release impaired drivers. Once an officer completes this training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), and will have a broader knowledge of drug impairment indicators. Students will also become more familiar with the DRE program and its function, thus facilitating better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of impairment.

ARIDE is a 16 hour training course taught by DRE instructors or SFST instructors who are also DRE's. The training will be conducted under the control and approval of the DEC Program state coordinator.

This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. Much of the classroom training will be devoted to hands-on practical exercises.

The following topics will be addressed:

- Update of the Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our communities
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Enhanced prosecution of drug impaired drivers

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: David Christiansen, Genoa Police Department; Ari Briskman, Lake County Sheriff's Office.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Member Tuition: None
Non-Member Tuition: \$525.00

Limit: 2 per Dept.

This Course meets the following Mandates:
Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

This course will provide officers with the skills needed to understand and utilize basic traffic crash investigation techniques and procedures. While this course is primarily intended for patrol officers who handle routine traffic crash investigations on a daily basis, it will also serve as an excellent introduction to more advanced traffic crash investigation techniques and courses.

Course topics include:

- Why investigate traffic crashes and the role of law enforcement
- Illinois Dept. of Transportation SR 1050 Traffic Crash and Reporting Procedures
- Illinois Traffic Law relative to traffic crashes
- Traffic enforcement measures which reduce traffic crashes
- Basic traffic crash mathematics relative to this level of training
- Blue Blitz Traffic Crash Template usage
- Traffic Crash Template and Nomograph usage
- Collision Dynamics including Skidmark/tiremark identification
- Exercises in completing Field Sketches and Diagramming
- Collecting and documenting physical evidence from the vehicle
- Hit & Run traffic crash investigation
- Insurance Fraud
- Effective prosecutions and court presentations
- Demonstration and comparisons of advancements in traffic crash investigation technology
- Practical exercises

Procedural Justice, Law Updates

Property and evidence management functions have long presented logistical and procedural challenges to police agencies. The aim of this course is to provide persons assigned to the property control function – whether sworn or civilian - with the knowledge and skills needed to properly handle, store, and purge items commonly found in evidence rooms. Applicable laws, common policies, and standards which form the backbone of a well-functioning property room will be reviewed in detail.

Topics to be addressed include the following:

- Property management policies and best practices
- Employing a systematic approach to property management
- Issues and difficulties faced by other agencies
- Laws and regulations affecting the property control function
- Proper documentation of evidence and property
- Identification of problem areas through review of current practices
- Proper inventory and auditing procedures
- Processes for fixing “broken” property rooms

This course will be taught by: Hiroshi Witt, Schaumburg Police Department.

Mandates:**

Procedural Justice

This engaging and practical course will provide attendees with an examination of critical factors which influence personal and professional wellness within the law enforcement community. This program seeks to increase officers' awareness of the myriad challenges presented by a life spent in public service and the impact each has on an overall sense of well-being.

Team taught by a veteran law enforcement officer and seasoned psychologists experienced with paramilitary culture, this program will provide students with strategies for engaging in fuller, more satisfactory lives which encompass a full range of experiences found beyond the demands of the job.

Topics to be addressed in this program include the following:

- Police cultural identity: How it influences individual mindsets and behaviors
- Managing trauma reactions
- Reducing the risk of officer suicide
- Creating a comprehensive professional identity
- Handling personal relationships
- Practicing effective self-care
- Developing action plans for implementation after class

Upon completion of the class, students will be encouraged to maintain contact with their instructors and classmates as a means of continuing support and resources for their individual wellness journeys.

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Stephanie Murauskas, University Of Illinois Police Department; David Niekamp; Debra Gerlach; Kevin Triplett.

Kane County Sheriff's Office

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Lead Homicide Investigator

The goal of this program is to provide investigators with the skills necessary to collect and preserve bloodstain evidence and effectively integrate it into their cases. It provides the foundation for investigators to identify collect, and handle bloodstain evidence in any criminal case. Students will be given detailed explanations of the most up-to-date, scientifically sound methods for identifying, documenting, and collecting bloodstain evidence encountered by law enforcement crime scene service units. It will build upon basic blood evidence training students receive in standard 40 Hour Basic Evidence Technician courses and will introduce advanced methods for interpreting and processing such evidence.

The lecture portion of this program is minimal so students can maximize time spent on hands-on exercises meant to build upon practical skills that will be immediately applicable on the job.

Topics to be addressed include:

- Safety precautions to be taken when working with bloodstain evidence
- Identifying bloodstain evidence
- Documenting bloodstain evidence
- Photographing bloodstain evidence
- Sketching bloodstain evidence
- Chemical enhancement of bloodstain evidence
- Collecting blood stain evidence

Upon completion of this program students will have an enhanced awareness of how bloodstain evidence provides information as to types of weapons used, minimum number of blows struck, movement before and after bloodshed, and victim / offender positions before, during and after bloodshed.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Officer Michael Kirby, Inverness Police Department.

Body Searches: From Terry Stop to Strip Search

PAT295R

March 11, 2022

Hanover Park Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

Each year, law enforcement officers are injured, killed, or indicted as a result of improper searches. This eight hour presentation will provide an in-depth analysis of fatal searching mistakes that are frequently acknowledged but seldom addressed. This class has been specifically developed for male AND female patrol officers of all experience levels. However, any personnel responsible for conducting body searches on subjects, whether on the street or in lock-up, will benefit from attending. Unique circumstances surrounding the proper searching of females by officers of the same or opposite sex will be examined in detail. Students will gain insight and be provided the opportunity to exchange ideas and helpful tips that can be put to use immediately.

Topics to be addressed include the following:

- Proper search methods
- Common search mistakes
- Legal doctrine pertaining to different types of searches, including strip searches
- Same sex searches
- Opposite sex searches
- Strip searches
- Policy and procedure

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Julie Johnson, Carol Stream Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Building a Patrol CQB Program

PHY067R

April 22, 2022

Kane County Sheriff's Office

May 27, 2022

Kane County Sheriff's Office

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

Use of Force

Close Quarter Battle (CQB) can be roughly defined as the engagement of deadly force combat at short ranges at which threat and non-threat targets are in tight proximity, if not intermingled. CQB methods, while usually considered the domain of SWAT personnel, are in fact more likely to be utilized by patrol officers during routine operations. Indeed, patrol regularly engages in activity leading to CQB shootings, including but not limited to alarms, burglaries, home invasion calls, and armed subject calls.

This instructor-level program has been designed to provide students with the knowledge and skills needed to build patrol CQB programs for their respective agencies. Topics to be addressed include:

- Differentiating between SWAT and Patrol CQB
- The fundamentals of 2 and 3 person CQB
- Training strategies for teaching CQB to patrol personnel for patrol functions
- The importance of proper tactics, techniques, and procedures
- Transitioning between different training platforms and real world application
- Conducting live-fire CQB exercises at each stage of training
- Evaluating firearm proficiency needed for CQB training programs
- Achieving training goals without having access to high-dollar facilities

Course may be conducted on an outdoor range – please be sure to dress accordingly

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Building a Patrol CQB Program Level II

PHY167R

June 24, 2022

Kane County Sheriff's Office

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

Use of Force

This 8 hour program has been designed to improve shooting performance under CQB conditions. While building on Level I material, this course will specifically deal with deliberate methods of conducting room clearing scenarios and add the use of the rifle into CQB methodologies. Practical application of the drills will be conducted in glass-house, live fire scenarios.

Topics to be addressed include:

- Review of Material from Level I
- Threshold Assessment Tactics
- Weapon Manipulation for CQB
- Accuracy and Speed Drills Specific to CQB
- Use of Glass House Structures to Train CQB
- Integration of the Rifle into CQB Methodology

The goals of this course are to better prepare officers to prevail in close quarters battle environments where the shooter, the suspect, and uninvolved parties are in close proximity to, or intermingled with, each other. This includes proper manipulation of thresholds, doorways, follow-on rooms, and room entry.

COURSE PREREQUISITES: Students must have previously attended "Building a Patrol CQB Program", "CQB Level I" or similar course prior to attending this course.

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Use of Force

This intensive 2 day program is designed to enhance an officer's fighting skills through the use of simple but effective close quarter shooting and defensive tactics. Geared for both first line and undercover officers, this course will provide core skill development exercises that are key to officer survival and success in the most dangerous street confrontations. This training establishes a foundation for more advanced firearms skills and tactics to be learned as students progress.

Throughout the course, officers will focus on enhanced accuracy and weapons handling skills through the use of live-fire exercises requiring them to move, communicate, and shoot where and when required.

Topics to be addressed include the following:

- Use of force issues
- Close quarter fighting techniques and tactics
- Range safety and developing a survival mindset
- Wound ballistics and targeting the threat
- Introduction to the "Shield Technique" and physical fighting skills
- Verbal skills development
- Overcoming distractions
- Accurate single & multiple shot placement
- Stoppage/malfunction clearance skills
- Failure to stop drills
- Reloading/magazine change out
- Movement off line of force/threat
- Single aggressor engagement from different angles of attack
- 360 degree awareness of additional threats
- Final Certification course of fire

PLEASE NOTE: This course is offered throughout the year on an outdoor or partially-covered range. Student officers must dress appropriately for temperature and conditions.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Mandates:
Use of Force**

This one day course is dedicated to handgun fighting skills at extreme close quarters. It is the third class in a series of courses that builds on skills acquired in Level One and Two classes. These two classes are a pre-requisite to this level. Strike Tactical or NEMRT classes qualify.

Upon completion of this class, the student officer will be able to explain and demonstrate how the physical, psychological, and mechanical issues effect an officer when engaged in a life or death confrontation.

Skills assessed and practiced will include:

- The mechanics of extreme close quarter encounters and immediacy of firing rapidly
- Use of support side hand and arm to deter the offender
- Issues regarding muzzle blast and flash when firing close to the body
- Moving "off of line of attack"
- Accurate fire by "body indexing" at muzzle contact distance;
- Avoiding tunnel vision using a scan technique
- Breathing control during high stress encounters

Pre-Class Requirements: Completion of NEMRT I and Level II classes or Strike Tactical Equivalent.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Cancellations for this class must be received 35 days prior to the first day in order to avoid being billed.

Mandates:
Use of Force**

This one day course is dedicated to surviving a close range gunfight in extreme close quarters. It is the fourth class in a series of courses and builds upon skills acquired in Level I, II, and III classes. These three classes are a prerequisite to this level and it should be noted that Strike Tactical or NEMRT classes qualify toward this requirement.

The primary focus of this class is to provide students with the specialized skills, knowledge, and abilities needed to effectively and successfully defend themselves against armed aggressors at extreme close quarter distance.

Topics to be addressed include the following:

- Firearm safety under extreme close quarter gunfight conditions
- Threat identification and tactical response
- Verbal skills
- Tactical defensive movement when wounded or injured in extreme close quarter attacks
- Tactical presentation of the handgun
- Accurate shot placement with one hand when wounded or injured in extreme close quarter attacks
- Stoppage reduction/malfunction clearance with one hand when wounded or injured
- Sustainability (magazine changes) with one hand when wounded or injured
- Tactical defensive shooting from the ground when wounded or injured.
- Post shooting sequence - tactical defensive awareness and readiness after the initial fight
- Tactical breathing - maintaining tactical skills and effectiveness under high stress

****Cancellations for this class must be received 35 days prior to the first day in order to avoid being billed.****

Police officers all over the world are facing increased public scrutiny over the use of force in highly emotionally-charged and potentially violent situations. The public has come to expect the police to exhaust other alternatives before resorting to physical force

This interactive one day course is designed to provide law enforcement personnel with beneficial communication techniques that can be used when interacting with individuals who are in states of crisis. In many cases, use of these techniques will enable law enforcement personnel to avoid escalation that might necessitate the use of force.

Students will participate in Active Listening scenario-based exercises that will hone their ability to identify the contextual and emotional cues that facilitate effective Emotion Labeling when speaking with persons in crisis.

Topics to be addressed include:

- The crisis communication process, including identification of needs and losses
- The qualities of a good communicator
- The importance of good crisis communication in the current law enforcement climate
- Issues that affect communication in crisis situations, including hot button words, timing, body language, and emotional stress
- Cognitive Overload and how it relates to the crisis communication process
- The 7 Active Listening skills and the role they play in effective crisis communication
- Empathy and witness/victim perceptions

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Michael Wargo, Illinois State Police (Retired).

Cyber-Bullying/Sexting Investigations and the Appropriate Consequences

INV153R

March 9-10, 2022

Naperville Police Department

08:00 AM to 04:00 PM

Member Tuition: \$80.00

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Human Rights, Law Updates

“Sexting” is a recent trend in which teens are essentially manufacturing and distributing their own child pornography, oftentimes without fully understanding the lifetime consequences of these actions. Any law enforcement response to this issue must include an educational component for our children which makes clear the long term negative impact this activity can have on the quality of their lives. This program will examine why this trend has exploded in recent years, how teens are doing it, when and where it is being done, and what constitutes “sexting”. Students will develop a safety plan that Law Enforcement can use to effectively deal with the young people who are committing these crimes and that parents can also use to successfully monitor their children.

Attendees will need to bring their own laptops/computers for this course

(<https://www.techsmith.com/download/snagit/>)

(<http://www.search.org/resources/search-investigative-and-forensic-toolbar/>)

Examination of the following topical areas will prepare students to effectively protect, educate, and process minors who find themselves involved in these crimes:

- How and why teens manufacture and distribute child pornography to other teens
- Possession, Manufacture and Distribution of Child Pornography laws and how they affect children who commit these crimes
- Investigation of sexting cases
- NCMEC Child Victim Identification Program (CVIP)
- Monitoring software usage for parents
- Proposed legislation

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Richard Wistocki, Be Sure Consulting.

Every year, impaired drivers cause thousands of traffic deaths and injuries. Law enforcement officers play a leading role in getting these drivers off our nation's roads and must be skilled in detecting impaired drivers, administering Standardized Field Sobriety Tests (SFST's), describing events through written reports, and giving persuasive testimony. This 24 hour course teaches participants those skills through classroom instruction which includes the viewing of National Highway Traffic Safety Administration (NHTSA) and International Association of Police Chiefs (IACP) approved videos which assess a subject's impairment and record observations of SFST performance.

Please note that this course was entitled "Field Sobriety Testing: Horizontal Gaze Nystagmus" in previous NEMRT catalogs. Also, it does not incorporate the use of live drinkers.

This program has been submitted for funding through the Illinois Department of Transportation and the Police Traffic Services Project. If approved, tuition for this program will be waived. NEMRT reserves the right to structure the class in accordance with IDOT grant conditions.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Critical incidents involving mass shootings and active shooter situations have presented law enforcement and other public safety agencies with challenges involving command structure, communications, and coordination. The aim of this course is to increase the basic knowledge of first responders - regardless of rank or experience - so that they are able to act effectively and efficiently during a critical incident. Through the use of NIMS and ICS terminology and practices, students will review standardized responses that will increase cooperation and understanding between law enforcement agencies, as well as other disciplines of public safety, including Fire and EMS.

Students will review After Action Reports and actual dispatch communications from past incidents to determine which steps taken were correct and which could have been better based upon the principles outlined in class. They will review the ICS structure and learn how to systematically build a command structure that will reduce confusion on scene. Finally, practical radio drill scenarios in which students assume different roles within the ICS structure will be conducted to ensure proficiency in the skills discussed in class.

While not a mandatory requirement, it is suggested that students enrolling in this class have completed NIMS ICS-100 and ICS-200 courses.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Hiroshi Witt, Schaumburg Police Department; Elliot Rose, Campton Hills Police Department.

De-Escalation and Smarter Policing for Changing Times

PAT334R

**March 15, 2022
Lombard Village Hall**

**June 21, 2022
Mundelein Police Department**

08:00 AM to 04:00 PM

**Member Tuition: None
Non-Member Tuition: \$105.00**

Limit: 2 per Dept.

**This Course meets the following Mandates:
Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Cultural Competency, Procedural Justice, Human Rights, Law Updates, Use of Force**

Nothing is as important to government services as the relationship between law enforcement and the public that is served. Recent inflammatory actions and news stories have had a negative impact on the perception of law enforcement. Agencies and individual employees must understand their role and that every action and statement made reflects on the profession as a whole.

Appropriate for officers from all ranks, this training will focus not only on individual employee attitudes and beliefs, but also organizational concepts that either enhance trust or perpetuate a lack of trust within communities served.

Topics to be addressed include:

- The concept and foundations of Blue Courage and how they apply to law enforcement authority
- Service, justice, legitimacy, and fundamental fairness as they apply to the nobility of policing
- Resilience and techniques for enhancing peak performance
- Respect in police work
- Civil and human rights
- De-Escalation techniques
- Policing using influence and control
- Concepts of procedural justice
- Cultural competency

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Chief Gregory Anderson, Oak Forest Police Department.

This advanced communications course will assist officers in responding to calls in which individuals are overcome by stress, symptoms of mental illness, or are in highly-excitabile states of mind.

Depressed, suicidal, and actively psychotic individuals often escalate their behavior when officers arrive on scene. This requires officers to adapt with a different set of communication strategies to slow down and gain control of these intense situations.

This course seeks to gain voluntary compliance without the use of force and is based on crisis intervention team models used by established police teams operating in some U.S. cities. The scenario-based practical exercises conducted during this course would benefit any line officer as well as officers who may have some crisis negotiation training but need more experience.

Topics to be addressed include:

- Building rapport, paraphrasing and using emotional labeling
- Active listening for the emotions of persons in crisis
- Influencing behavior using reflective statements
- Safety, cover, and containment issues
- Developing non-threatening body language, words, and silence
- Strategies for gaining control of overly talkative or manic behaviors
- Key knowledge about common defense mechanisms
- Using eye contact, tone of voice and hands to your advantage
- Responding to suicide calls and "suicide by police" calls

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Michael Wargo, Illinois State Police (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Developing and Managing Informants

INV409R

March 31, 2022

Oak Brook Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

This program focuses on cultivating and utilizing confidential informants, as well as the techniques used to prepare them for use in police investigations. Through active lecture, students will identify persons who become informants, what motivates their participation, treatment considerations, and how informants can be used to solve ANY type of case, not just those involving narcotics.

Participants will view videotaped interviews with actual long term informants that will provide valuable insights into the confidential informant's thought processes, motivations, etc. Practical exercises conducted at the end of class will enable students to put into practice many of the confidential informant handling skills covered in class.

Topics to be addressed include:

- Recognizing the necessity of confidential informants
- Techniques for cultivating confidential informants
- Determining the motivations of potential informants
- Debriefing techniques
- Administrative considerations
- Proper uses of informants
- Problem avoidance when using informants
- Developing "cover stories" for confidential informants
- Proper informant payment documentation
- Avoiding "entrapment" issues when using informants
- Preparing informants to testify in court when necessary

Students who have previously attended the 40 Hour Basic Narcotics Investigator Course will have already covered the above material in the informant portion of that course.

****The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.****

This program is designed to keep School Resource, Juvenile, and Crime Prevention Officers on the cutting edge of technology when preparing internet safety presentations for students and parents. Attendees will be given effective, vital information regarding the investigation of computer crime so they can logically transfer this knowledge to students and parents during community presentations on issues related to cyber-bullying, predators, sexting, social networks, and much more.

Topics to be addressed include the following:

- Basic investigative principles of internet crimes
- Illinois Cyberstalking laws and pending legislation
- The DARE2KNOW Program: Protecting children from drug use, including home drug testing and the monitoring of cell phone and computer use
- Using Snagit® software as a presentation tool

Program attendees will be supplied with basic PowerPoint presentations that have been developed for children in grades 6-12 and their parents. Additionally, each will prepare and deliver sample presentations to his/her classmates on the topics covered in class.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Within your agency, on the street, at home: Who has your back? Who supports you? What sacrifices have you made? Has the job changed you? This profession is one of courage, valor and honor. Watch Your Six! is an investment which directly serves the officer, while still focusing on the organizations mission.

This highly interactive program concentrates on wellness in regards to the ills of the law enforcement profession, stress and coping. Activities of personal fulfillment, value and purpose occur to benefit each student.

Have you ever ridden the hyper-vigilance roller coaster? We have relevant conversations police need to have where you can just decompress. We arm you with tools to keep you mindful on the job and going home safely.

You represent all police officers: How are you making an impact? Do your actions affect others? What messages are you sending? Are you solving problems? We sometimes forget our roles, or just have a bad day. This course will examine tactics to reinforce the perception of Police Legitimacy.

While not diminishing the importance of the warrior, this class highlights the usefulness of the guardian mindset and emphasizes communication over commands, cooperation over compliance and legitimacy over authority. In the use-of-force context, the guardian asserts patience and restraint over control, stability over action.

21st Century Policing: How is law enforcement viewed today? Can we improve? Do you see the world differently? Is your mindset a little jaded? Is perception reality? The police culture must stay up-to-date with society's trends.

A discussion of the concepts of Procedural Justice will enhance officer's safety with everyday interactions to gaining invaluable intel to interviewing suspects. These principles including giving others a voice (listening), neutrality in decision making, respectful treatment, and trustworthiness, and the vital role each plays in effective policing and positive community relations.

**This Course meets the following
Mandates:**
**Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Law Updates**

The “Cannabis Regulation and Tax Act” as described in “Amendment to HB 1438”, was signed into law by Governor Pritzker on June 25th, 2019. This legislation permits the cultivation, selling, and the adult use of cannabis, beginning January 1, 2020. The implementation of this legislation will have a tremendous effect on all aspects of law enforcement. The most profound impact will be on traffic safety. Illinois officers need to be trained to understand the legislation and to take appropriate action when required.

This training will provide officers with a comprehensive review of laws concerning the enforcement of the Cannabis Regulation and Tax Act. Included in the training is an introduction into types of cannabis, possession, use, and cultivation. Training will include recognizing sign/symptoms of impaired drivers, and proficiency testing utilizing Non-standardized Field Sobriety Tests. The training will conclude with procedures for making a DUI cannabis arrest. The Participant objectives are to:

- Describe the business organizations associated with the cannabis industry
- Describe categories, strains, extracts, and delivery systems of cannabis
- Describe possession and cultivation limits
- Describe the restriction and limitations for possession of adult use cannabis
- Recognize appropriate cannabis identification and cannabis containers
- Distinguish the three types of medical cannabis patients
- Describe the restriction and limitations for medical cannabis
- Summarize scientific research related to driving and cannabis usage
- Define executive functions and their relation to field sobriety tests
- Recognize the signs and symptoms of cannabis usage
- Summarize the effectiveness of Field Sobriety Testing
- Complete proficiency training on non-standardized field sobriety tests
- Recognize signs and symptoms associated with cannabis usage
- Describe the two Implied Consent provision associated DUI cannabis
- Describe the limitations of chemical testing

At the end of this eight-hour block of instruction officers will be able to:

1. Enforce laws concerning possession, use and cultivating cannabis.
2. Conduct non-standardized field sobriety testing and document sign/symptoms.
3. Make a DUI cannabis arrest and utilize the appropriate warnings.
4. Secure an appropriate biological sample for chemical testing.

Developed and taught by the CTK Group, this evidence-based 24-hour program has been designed to provide fellow investigators with a solid foundational footing in cognitive interview and interrogation techniques that adhere to current guidelines on custody and voluntariness. Students will be provided with the information and skills needed to conduct both custodial and non-custodial interrogations that are based on current research, are legally-defensible, and that produce results – regardless of assignment, jurisdiction, or type of crime.

Through a combination of lecture, active classroom discussion, role-playing scenarios, and video analysis, students will specifically examine areas where advantage can be gained, thus increasing opportunities for information gathering from suspects, witnesses, and victims.

Topics to be addressed include:

- Foundational Amendments to the U.S. Constitution that affect Interview and Interrogation
- Principles of custodial and non-custodial interrogation
- Interviewing and interrogating juveniles
- Custody and Voluntariness issues
- Limitations of written statements and chronological interviewing
- Social influence and rapport-building using High Value Interrogation Group (HIG) research
- How memory works and principles of Cognitive Interviewing
- Why people do or do not confess and how this research dictates your tactical approach
- The Challenge: The best way and time to challenge suspects
- Theme-based interrogation
- Post-admission interviews
- False confessions and utilizing a game plan that guards against them

This eight hour class will provide law enforcement with an ability to understand and identify different types of explosives. The class will be administered by Illinois Department of Natural Resources staff (Blasting Specialist or Blasting Expert) who are involved in the regulation of explosives in the Cook, Lake, Mc Henry, Du Page, Kane, Kendall, Grundy, and Will County areas.

Students will be given an opportunity to see and hold inert explosives, ask questions and discuss issues/scenarios with IDNR personnel. Students will also be provided with resources and contacts of individuals involved with the Department's regulation of explosives.

The purpose of this one day course is to provide training in the areas of explosive recognition (high and low explosives) and blasting agents as well as emphasize explosives safety in its handling and storage. Particular time will be spent on identifying the differences between Division 1.3G professional fireworks and Division 1.4G consumer fireworks and how the Department regulates this industry.

At the conclusion of this course, all participants will be offered an opportunity to take the Department's individual explosives license exam which is required in order to attain the Department's Individual Explosives License.

PREREQUISITES:

Only personnel who are currently employed by a unit of local government in a sworn or civilian capacity will be permitted to attend this program. Only the Chief, Sheriff, or Public Safety Director of the agency requesting this training, or his/her designated representative may enroll the above noted personnel. **This Course meets the following
Mandates:**

**Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

This basic, end-user course is designed to provide officers of all ages and sizes with simple and effective methods for defending themselves without weapons in violent close quarter encounters. Unlike most defensive tactics classes that focus on control techniques, this course emphasizes defensive tactics designed to defeat the attacker, thus stopping the attack and allowing for subsequent application of control techniques.

Each technique practiced in this program is simple, easy to master and remember, and effective against any size offender. General topical areas include the following:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power
- Economy of motion, using time efficiently without wasted motion, and moving productively
- Defensive body stances and how they relate to mobility, balance, and power
- Blocking and counter-striking
- Closed fist versus open hand strikes and the 'heavy hand'
- Elbow strikes in close quarters
- Target locations of the body (high, middle, low)
- Choke releases
- Weapon defenses and retention
- Defensive ground positions
- Strikes and redirects from ground position
- Simple, effective control tactics

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Craig Sline, Homewood Police Department; Detective Bernard Hogancamp, Homewood Police Department (Retired).

**This Course meets the following
Mandates:**

**Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

This simple, practical course will assist instructors in developing effective close quarter defensive fighting techniques and then applying them when fighting on the ground. Whether overpowered, off-balance, or injured, this course will give students the tactical advantage needed to survive. Officers who complete this class will have a useful, practical, and effective array of techniques to provide in future training exercises.

Participants will learn how to increase their mobility, protect their firearms and bodies, and defeat attackers. It is intended for officers who have some prior experience in defensive tactics or who have previously attended the Foundational Defensive Tactics end user class.

After reviewing fundamental techniques, students will practice instructing each other on the following topics:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power

Use of Force

In today's culture, increasing awareness of mixed martial arts techniques is having a direct impact upon what officers are likely to face during ground altercations. It is known that 90% of fights go to the ground and officers must be prepared for resistive persons who wish to assault them with these techniques.

This two day course has been designed specifically for police officers and will introduce them to simple and effective ground fighting counter maneuvers, including:

- Controlling positions
- Submission moves
- Weapon retention
- Take downs
- Handcuffing skills

Students must sign waivers on site in order to participate and attend.

This 5 day, 40 hour program has been designed by the Illinois Law Enforcement Training Standards Board to provide students with the required training in use of police personnel within the school setting in accordance with SB 2925 (PA 100-984). SROs must be police officers of law enforcement agencies who are to serve within a school setting pursuant to a memorandum of understanding between the employing law enforcement agency and a school district within the agency's jurisdiction. Any officer serving in this role as of January 1, 2021 must have a special certification issued by the Illinois Law Enforcement Training and Standards Board ("Board"). Such officers must have attended a special training, or attained a waiver by the Board, before they can serve in this role.

To be eligible for this special certificate, a full-time Illinois law enforcement officer must have been actively employed in a law enforcement position within the state for at least three years (five years for part-time officers) before enrolling in the course or requesting a waiver. Each such officer must also be of sound character, free of disciplinary concerns, and open to working with minors.

Use of Force**

Edged weapons pose a serious threat to law enforcement officers yet many go on patrol without any basic knife defense skills. This one day program will provide officers with an overview of basic close quarter knife defense skills so that they might better fight off such attacks.

It should be noted that this class IS NOT a martial arts program. Rather, it has been specifically designed for street officers and will teach them self defense moves against the blade. In addition, students will be shown other bladed street weapons and areas of concealment subjects use when hiding them. Different types of knife attacks and specific tactics for avoiding them in the first place will also be discussed.

Topics to be addressed include:

- How a "real" knife attack happens
- Different types of street weapons officers encounter
- Danger signs that a knife attack may be imminent
- Common mistakes that put officers at risk for knife attacks
- Realistic knife defense moves that can be used immediately

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Law Updates, Use of Force

This 1 day, 8-hour program is intended to increase officer awareness of the importance of understanding law enforcement use of force and the applicable law and case law governing force. This understanding must be at a level that enables officers to exercise good judgment regarding the objectively reasonable standard and employ force in a lawful and reasonable manner. It was designed by a veteran officer, supervisor and instructor with extensive experience in the use of force and instructing use of force issues as a patrol officer, training officer, supervisor, detective, investigations supervisor and as an experienced instructor. Review of applicable federal and state statutes, case law, and policies will provide student officers with the knowledge needed to understand the critical legal standards necessary to perform as police officers in a lawful, ethical and effective manner.

Other use of force-related topics to be covered in this program include:

- Procedural justice, de-escalation, disengagement, tactical patience, and perception challenges
- Human performance as it relates to force use and judgement, including time framing, time to start/time to stop, perseveration, visual narrowing, inattention blindness, and memory challenges in violent events
- Pre-event preparation issues, including an overview of "Left of Bang" concepts and behavior analysis
- Force documentation, articulation, and the importance of story-telling techniques to accurately describe behavior

Working in reduced light environments, or no-light situations, is something that every police officer is subject to. The ability to identify potential threats, manipulate light sources, and make accurate hits on target can be difficult without the proper tactics, techniques, and procedures that help ensure our success.

This course is designed for the officer, either uniformed or plainclothes, operating in situations where ambient light may be limited or non-existent. It will provide the skills necessary to prevail in armed conflict in these incidents. Topics to be addressed include:

- Shooting under unusual ambient lighting conditions
- Shooting with a handheld light source
- Proper policy and use of the weapon mounted light (WML)
- Light discipline
- Utilization of cover in conjunction with a light source
- Utilization of movement in conjunction with a light source
- Threat identification process with light sources

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

April 5-6, 2022

Northlake Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: None

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

Law Updates, Use of Force

This 16 Hour Instructor program is the successor to NEMRT's MEGGITT XVT program and serves as a practical, hands-on introduction to the FATS System - the newest generation of interactive firearms simulators produced by MEGGITT Training Systems, Inc.

The FATS System has been designed to provide law enforcement personnel with marksmanship and judgemental shooting training that utilizes Bluefire weapon technology. These fully wireless weapon systems generate recoil through the use of compressed air and provide students with exceptionally realistic, effective, and safe training experiences that incorporate newly-produced videos and numerous branching options.

The first half of day one of this program will be devoted to a comprehensive review of legal issues related to the use of force, including standards provided by Supreme and Appellate Court decisions.

During the second half of day one and all of day two, students will be trained in the set up and operation of a FATS System and the performance of basic troubleshooting and maintenance procedures.

By the end of this program, students will be able to do the following:

- Establish a safe, well defined training area
- Conduct basic to advanced marksmanship training in a range-like training environment
- Closely monitor nuances in trainee weapon handling through system feedback capabilities
- Evaluate trainee performance on "Shoot/Don't Shoot" scenarios and corresponding decision making processes
- Provide corrective feedback to trainees through active coaching
- Train two officers simultaneously during team exercises
- Adapt the basic FATS training program settings to meet individual or departmental training needs through the use of options and scenario selection.

Once a student has completed this Instructor program, his or her department is eligible to schedule an FATS System for in-house training purposes. Training or Range Officers should contact Training Coordinator Michael Schoenfeld at (630) 896-8860, ext. 119 to request dates.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Director James Volpe, Suburban Law Enforcement Academy; Martin Schaefer, North East Multi-Regional Training, Inc. MTU #3; Michael Schoenfeld, North East Multi-Regional Training, Inc. MTU #3.

Officer Down: Tactical Response Techniques

PHY008R

May 13, 2022

Buffalo Grove Fire Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Use of Force

In this program, participants will observe different officer down scenarios and demonstrate “tactical rescues” of fellow officers who are in extreme danger and surrounded by a hostile group. These scenarios will be conducted with squad cars in quasi-traffic situations. Additionally, techniques for the recovery of injured subjects will be practiced. These immediate response strategies are ideal for any agency, including smaller departments that may not have the time or resources to use a SWAT team.

Officers are taught tactics of approach, speed, diversion, and cover based on problems often faced by rescue officers, like roadway obstructions, limited access, and limited return routes. Eight-officer team and two-vehicle tactics will be learned.

Topics to be practiced and addressed include:

- High profile timing issues
- Approach, positioning, and cover
- Rescue officer responsibilities
- Appropriate use of shotguns
- Smoke and other distractions
- Concealing the rescue group

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Captain Rick Dreihobl, Rosemont Police Department (Retired); Chief Steven Balinski, Buffalo Grove Police Department; Officer Anthony Goldstein, Buffalo Grove Police Department.

**This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

This 8 hour program has been designed to provide students with the necessary information and skills required to teach fellow officers at their respective agencies the proper use of Oleoresin Capsicum pepper spray. Topics to be addressed include the following:

- O.C. selection recommendations
- Effects of O.C. on the human body and probable medical implications
- Proper use of O.C.
- Tactical follow-up and decontamination practices

Additionally, students will review case law pertaining to the use of O.C. and how to most effectively and safely conduct exposure training. Practical exercises and proficiency testing examples will be demonstrated.

PLEASE NOTE: Students will be required to experience an O.C. exposure unless documented proof of previous training exposure can be provided. Students should wear appropriate clothing for participating in practical exposure exercises.

For those students participating in the exposure portion of the training there are numerous things that you'll need to know, and items that you'll need to bring with you, to make this training go as smoothly as possible.

The instructor certification provided through this training will be valid for three years.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Julie Johnson, Carol Stream Police Department.

Cook County Morgue

08:00 AM to 04:00 PM

Member Tuition: \$150.00

Non-Member Tuition: \$265.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Constitutional Proper Use of Law Enforcement Authority

This three day, 24-hour course will provide law enforcement professionals with a detailed overview of the concepts and techniques necessary to successfully provide physical security functions in government facilities. This overview is provided through the mechanism of the Physical Security Assessment Survey (the "Survey"), the starting point of any successful program. The course addresses all facets of the Survey, including pre-planning, execution, and reporting phases and will also cover the detection of Hostile Surveillance targeting the facility as well as the design build process associated with most public sector projects.

Students will be provided with dynamic, multi-media classroom presentations followed by a hands-on practical exercise that allows participants to actively experience the concepts presented.

Topics to be addressed include hazards, threats, vulnerabilities, consequence, risk, and counter-measures. Also covered is the Assessment process from beginning to final outputs. Participants will then be given the opportunity to apply the lessons learned in a realistic scenario-based training experience which will reinforce the classroom topics covered.

This class has been submitted for Terrorism Task Force grant funding through the Executive Institute of the Illinois Law Enforcement Training and Standards Board. If funding is approved, tuition fee will be waived.

****Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.**

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Law Updates

What kind of liability do police supervisors face? Understanding today's complex civil rights legal landscape is critical to ensuring the safe and efficient administration of any police department. Supervisors often fail to understand the critical connection between routine supervisory decisions and the potential for claims of constitutional civil rights violations. This new, 8 hour program will familiarize supervisory-level personnel with liability concepts federally, pursuant to 42 U.S.C. 1983 and the Federal Tort Claims Act, as well as liability for tort claims in Illinois state courts.

Training will focus on established and recent state and national case law in critical liability areas, such as use of force, and provide practical techniques and approaches that supervisors can implement to help minimize their own risk and the exposure of their respective agencies and municipalities.

Topics to be addressed include:

- Failure to train liability
- Failure to supervise liability
- Policy issues with respect to search and seizure, hot pursuit and chase
- Discipline and hiring
- Use of force issues related to arrest and detention
- Qualified immunity
- Damages
- Hot topics, trends, and recent Illinois legislation and court decisions

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Jennifer Hulvat.

Use of Force**

Highly violent incidents, including deliberate ambushes and attacks against law enforcement officers and citizens by offenders armed with long guns, have caused police agencies to make centerfire rifles and carbines standard patrol/emergency response equipment. This intensive three-day course is designed to give patrol officers, firearms instructors, and special weapons users a solid foundation in and understanding of the tactical application of rifle/carbine systems in law enforcement activities.

This course provides prerequisite training needed for the state-certified NEMRT 40 Hour Police Rifle/Carbine Instructor program. Officers who have attended previous rifle/carbine courses are encouraged to attend as an update and refresher.

Through classroom instruction and hands-on training, students will review:

- Deployment - Use of Force statutes and updated legal issues related to police use of firearms.
- Safe weapon handling, operation, and deployment in high-stress police field operations
- Care, cleaning, and maintenance of the firearm
- Disassembly, reassembly, and basic armorers' considerations
- Accessory equipment including optics, flash suppressors, and compensators
- Updated information on sound suppressors for SWAT and Tactical Officers
- External and terminal ballistics of the .223 (556 m/m), and pistol caliber rounds
- Selecting the types of bullet configurations that apply to different tactical situations.
- Position shooting including use of cover/concealment.
- Close-quarter shooting skills
- Tactical deployment issues of the rifle/carbine

Upon completion of this program, student officers will have been trained to employ the rifle/carbine safely and effectively in law enforcement applications.

Please Note: This course does not provide certification as a rifle instructor.

Attendance at this program is a prerequisite for participation in the 40 Hour Rifle/Carbine Instructor Program.

This course will be taught by: Chief Jeff Chudwin, Olympia Fields Police Department (Retired).

Law Updates

This four hour course is designed to satisfy requirements set forth in Public Act 91-0129 that requires law enforcement officers that weigh overweight trucks, and issue citations based on the use of portable scales, to be certified in the use of portable scales.

This class will fulfill that requirement and will supplement the required standard 40 Hour Basic Truck Weight Enforcement (TRA902R) class or similar program within the previous five years. Law enforcement agencies that only issue overweight truck weight citations based on the use of stationary, in-ground/elevated platform scales, are not required to complete this course.

Topic to be addressed include the following:

- Review of the history of portable scale use in Illinois
- Current law relative to truck weight enforcement with portable scales
- Review of the Federal NIST Handbook 44
- Review of the Illinois Department of Agriculture Weight and Measures Standards Act
- Practical exercises involving the use and setup of portable scales

NOTE: Officers taking this class must have completed NEMRT's 40 Hour Basic Truck Weight Enforcement program or a similar program in the past five years in order to enroll in this course.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Use of Force

Over 10% of police officers killed in the line of duty in the United States are killed with their own firearms. Consequently, weapon retention skills are crucial for any armed law enforcement officer, whether in uniform or plain clothes. This one day course will prepare officers for close-quarter weapon retention encounters with holstered and drawn weapons as well as disarming encounters when offenders are pointing firearms at officers. Officers who pass this course will be certified in Pressure Point Control Tactics Weapon Retention

Topics to be addressed include:

- Weapon retention strategies that are used to enhance an officer's survival and response time to a spontaneous threat
- The four principles of weapon retention
- The four issues that will help mentally prepare an officer for a disarming encounter
- The three steps used in the disarming procedure

This course will be taught by: Sgt. James Pozen, Channahon Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Non-Member Tuition: \$560.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Use of
Force**

Plainclothes officers require higher levels of live-fire proficiency and are often overlooked in the majority of training geared toward uniform patrol or specialized tactical teams. Plainclothes officers work in environments which necessitate correct application of firearms handling, decision making, and team work. PREVAIL will introduce and refine weapon handling skills through the use of live-fire decision making scenarios geared toward those officers assigned to street level drug enforcement and suspect apprehension, including narcotics officers, gang officers, detectives, task force members, and specialty units working plainclothes or undercover operations.

The primary focus of this new, one-of-a-kind 16 hour program is to provide plainclothes officers with practical live-fire weapons handling skills in tactical situations involving motor vehicles, such as buy-bust operations, vehicle team bailouts, vehicle team take downs, and suspect extractions. The tactics, techniques, and procedures used in this program were designed by expert practitioners in the field of law enforcement officer survival.

PREVAIL will attempt to mimic the plainclothes officers' environment by introducing various types of threat and non-threat imagery to improve mental recognition and response time. In addition to vehicle operations, PREVAIL identifies the difficulties plainclothes officers may encounter during high risk investigations in public settings and during street encounters.

Course topics to be addressed include:

- Threat identification and decision making
- Firearms concealment and police identification
- Expedient self-trauma care
- Plainclothes tactical shooting drills
- Vehicle team bail out drills
- Vehicle takedowns
- Shooting from, in, and around a motor vehicle
- Suspect extractions

Hoffman Estates Police Department

08:00 AM to 04:00 PM

Member Tuition: \$150.00

Non-Member Tuition: \$315.00

Limit: 2 per Dept.

This 24 hour course is designed to teach Investigators whose current or future assignments include Protective Intelligence (or Threat Assessment and Management) functions, the skills and techniques necessary to successfully perform these very specialized services. This comprehensive class incorporates not only educational environment threats, but also assessment and management of threats of targeted violence to public officials, the judiciary, protected dignitaries, and other high risk sectors.

This course addresses all facets of these specialized investigations, including:

- Identifying and assessing communicated threats
- Identifying and assessing inappropriately communicating individuals
- Developing an effective threat management plan, including applicable rules and guidelines
- Mental health considerations
- Conducting thorough and ethical investigations
- Case follow-up

Class will be conducted through the use of a dynamic, multi-media presentation and will include several hands-on practical exercises which allow participants to actively experience the concepts presented.

This program has been submitted for Terrorism Task Force grant funding through the Executive Institute of the Illinois Law Enforcement Training and Standards Board. If funding is not available, tuition will be charged or the course may be cancelled. If funding is approved, tuition will be waived.

**This Course meets the following
Mandates:**

**Civil Rights, Lead Homicide
Investigator**

This program is designed for officers with less than five years of on the job experience and will review fundamental writing guidelines and suggestions. This program is also appropriate for more experienced officers needing to improve their report writing proficiency. Most importantly, it will prompt officers to re-examine their current writing standards and the impact these standards have upon follow-up investigations, courtroom testimony, and civil litigation.

Specific objectives include:

- Examining current writing standards
- Methods to simplify report writing and reading
- Emphasizing the importance of complete records

Participants are required to bring paper, a black non-erasable pen (not felt tip), and blank copies of their departments' case report forms. These will be handed to the instructor at the start of the class.

SEND IT! Sniper Enhanced Decision in Time

PHY074R

**May 18-19, 2022
Illinois State Police/District 5**

08:00 AM to 04:00 PM

**Member Tuition: \$425.00
Non-Member Tuition: \$560.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

The purpose of this 16-hour program is to advance tactical deployment skills for the SWAT sniper, when using a motor vehicle for high risk surveillance. Expert practitioners from the field of law enforcement designed the tactics, techniques and procedures contained in this lesson.

The primary focus of SEND IT is to provide the SWAT sniper with practical live-fire capabilities using a motor vehicle as an unconventional shooting platform in the preparation for high-risk surveillance, including but not limited to: patrol operations, warrant service, hostage rescue, or barricaded gunman incidents. SEND IT starts in a classroom environment, transitions to off range surveillance exercises and culminates into a progressive time constrained live-fire range exercise to speed decision making, refine mental recognition and improve accuracy. All tactical scoped rifles and magnified optics must be sighted in prior to class.

SEND IT addresses the following topics:

- Covert Vehicle Surveillance
- Reconnaissance and Scouting
- Vehicle Hides
- Examination of Terminal Ballistics
- Observation, Range Estimation and Memory Recall
- Alternate Weapon Support Platforms
- Tactical Marksmanship from In and Around a Motor Vehicle

The sniper/observer is one of the most valuable assets of any law enforcement tactical team and is tasked with critical missions to ensure SWAT commanders have accurate and up-to-date information. The sniper/observer must demonstrate not only proficiency in said weapons system but also the mental composure in situations that are tense, uncertain and rapidly involving. SEND IT will challenge the sniper/observer to perform at higher than expected levels and will validate their role in a tactical team environment. This course will not only enhance the sniper/observer's individual field craft capacities, but the overall operational team tactics of their special unit.

PREREQUISITES: All students are required to have completed a basic sniper program prior to the commencement of this course, along with having good driving habits. One third of the curriculum involves off-range target reconnaissance and scouting of various sites. Students will be reminded that strict obedience of all traffic laws is required and must be adhered to during this program.

**** Vehicle hide making materials will be provided for each student during this training program.**

**** All tactical scoped rifles must be sighted in prior to class**

**** A magnified optic is preferred for the AR-15 but is not mandatory for the SWAT sniper**

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

****Cancellations must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.****

This course will be taught by: Eric Perkins, Elk Grove Village Police Department.

Serious and Fatal Crash Investigation for Evidence Technicians

INV507R

March 16-17, 2022

**Glendale Heights Police
Department**

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Lead Homicide Investigator, Law
Updates**

This course is for current evidence technicians who are periodically called upon to investigate traffic crashes involving serious injuries or fatalities. Officers who are experienced crash reconstructionists or evidence technicians with a good understanding of advanced crash investigation techniques may not benefit from this course. Furthermore, this course is not recommended for those who have trained in Northwestern University Traffic Institute's accident investigation series of courses.

Evidence technicians are frequently called upon to document, collect, and photograph evidence at serious vehicle collision scenes. The importance of accurately measuring, organizing and completing a scale diagram becomes essential for investigating these high-profile cases. This course will offer advice and techniques that will allow the evidence technician to conduct a thorough and organized investigation.

Patrol officers and supervisors would also benefit from this course, as the instructor walks through the step-by-step process of a serious crash investigation and provides necessary forms that should be completed during such investigations.

The following topics will be discussed during this 2 day course:

- Scanning witnesses and information at the scene
- Evidence Technician duties at the hospital
- Vehicle dynamics
- Vehicle collision terminology
- Advanced photography techniques
- Utilizing measuring systems
- Drawing diagrams to scale
- Documenting collisions involving death
- Forms to employ during the investigation
- Vehicle examinations
- Event data recorders

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Officer Christopher Weinbrenner, Addison Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

St. Charles Police Department**

08:00 AM to 04:00 PM

**Member Tuition: \$125.00
Non-Member Tuition: \$240.00**

Limit: 2 per Dept.

The focus of this two day, 16 hour train-the-trainer program is to provide law enforcement training professionals with the skills and techniques required to successfully train Officers to perform trauma and shock management functions on themselves or injured fellow officers through effective interventions. The course addresses all facets of the safe management of any trauma event, from recognition to treatment to evacuation.

The course consists of a dynamic, multimedia classroom presentation, followed by a series of hands-on practical exercises which allow participants to actively experience the concepts presented, including the mechanisms and physiology of trauma, maintaining the proper survival mindset, recognition of the signs and symptoms of shock, appropriate interventions consistent with the Self Care/Buddy Care model, safety and security during treatment, safe and effective evacuation of the casualty to higher treatment options and other related functions.

Participants will be given the opportunity to apply the lessons learned in a realistic, scenario-based training experience that will include teach-back assessments to reinforce topics covered in the classroom.

Participation in this class will prepare students to do the following:

- Identify various mechanisms of trauma and shock
- Recognize the signs and symptoms of shock
- Properly assess a casualty and plan an appropriate intervention
- Properly use various intervention devices and adjuncts
- Safely apply shock interventions consistent with best practices of self care/buddy care
- Properly conduct a casualty evacuation
- Demonstrate the proper techniques for lifting, dragging, or carrying a casualty
- Conduct adult audience-focused training
- Prepare and conduct effective training programs in these methods for their own agencies

This course is open to sworn law enforcement officers and other related government employees and is appropriate for personnel who are currently assigned or will soon be assigned to conduct internal training for their agencies.

PLEASE NOTE: This is not an end user course. While no prior medical experience is required, it is strongly recommended that participants have already attended an Instructor Development program and a comparable Self-Aid / Buddy Aid user course. Participants are encouraged to review manufacturer's current training videos for the CAT tourniquet, Oleas Trauma Bandage and the Emergency (Israeli) Trauma Bandage, and to practice the techniques prior to attending the course.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Streamwood Police Department

08:00 AM to 04:00 PM

Member Tuition: \$175.00

Non-Member Tuition: \$275.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

This course is the second level in a series of traffic crash investigation courses. The emphasis of this course is to build upon the principles and material covered in NEMRT's Basic Traffic Crash Investigation (Level 1) course.

This course will be based on the Third Edition of the textbook Technical Traffic Crash Investigator's Handbook, Level 3, a Technical Reference, Training Investigation and Reconstruction Manual by R.W. Rivers. This textbook is the primary textbook used by the Institute of Police Management (IPTM) on a multitude of traffic crash related subjects.

This course will provide officers with the skills needed to understand and utilize more advanced traffic crash techniques and procedures. This course is primarily intended for patrol officers or investigators who handle more serious traffic crash investigations as part of their normal duties and it will also serve as an excellent training platform for more advanced traffic crash investigation techniques.

Course topics will include:

- Vehicle damage analysis including directional thrust and rotation
- Human factors as part of the chain of events in traffic crashes
- Identifying and interpreting roadway dynamics, vehicle and surface markings
- Lamp filament evidence including head, tail and turn signals.
- Tire evidence
- Newton's Laws of Motion in relationship to traffic crash investigation
- Geometric and Trigonometry calculations relative to this level of training
- Collecting and documenting physical evidence
- Traffic crash photography
- Blue Blitz Traffic Crash Template usage
- Field and final diagram utilizing different measurement techniques
- Practical exercises and case studies

This course will require some textbook reading.

A prerequisite is that each student enrolled will have successfully passed the Traffic Crash Level 1 (Basic Traffic Accident) course and will be expected to have reviewed the prior student manual prior to the first day of class. A pre-test will be given at the very beginning of class on the first day.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

****Cancellations for this program must be received by NEMRT 35 days prior to the start of this class.****

This course will be taught by: Chief James Linane, Sleepy Hollow Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

This Course meets the following
Mandates:
Law Updates

This course is primarily designed to aid officers who have previously been certified by the State of Illinois in a 40 Hour Basic Truck Weight Enforcement (Truck I) course and need their skills and knowledge refreshed. The course will also update officers in truck weight regulations that changed as a result of numerous recent Public Acts.

Each participant will be supplied with handout materials containing updated information.

Topics to be discussed:

- A review of basic truck weight regulations including gross, axle and inner bridge weights
- Weight restrictions on elevated structures
- The change from a two tiered highway weight system to a unified single tier system
- Reasonable Access provisions
- Regulatory control and enforcement on local roadways
- Second Division Registration and how new legislation has effected enforcement
- Illinois Dept. of Transportation policy on permit moves
- Permit moves and local enforcement
- Changes to the fine, surcharge and court cost structure due to P.A. 100-0987
- Recent and forthcoming legislative changes

Participation is restricted to officers who have completed a 40 Hour Truck Weight Enforcement (Truck I) course or Truck Weight Refresher Course since 2010.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Use of Force Train-the-Trainer

TTT121R

March 28-29, 2022

Tinley Park Police Department

09:00 AM to 05:00 PM

Member Tuition: None

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

**Constitutional Proper Use of Law
Enforcement Authority, Procedural
Justice, Law Updates, Use of Force**

This 16 hour train-the-trainer program is designed to instruct officers in the legal, policy, and tactical issues related to the lawful and justifiable use of force in the course of police duties. This program will cover mandated State of Illinois use of force objectives and expand upon them.

Human performance science related to high stress response will be studied so that students might better understand how and why officers respond and make high-speed decisions during critical incidents.

Review of applicable federal and state statutes, case law, and policies will provide student officers with the knowledge needed to return to their respective agencies and develop effective courses of on-going study and instruction for all officers as required by the Police and Community Relations Improvement Act and ILETSB policy regarding the certification of in-house use of force training programs.

Other use of force-related topics to be covered in this program include:

- Procedural justice, deescalation, disengagement, tactical patience, and perception challenges
- Human performance as it relates to force use and judgement, including time framing, time to start/time to stop, perseveration, visual narrowing, inattention blindness, and memory challenges in violent events
- Pre-event preparation issues, including an overview of "Left of Bang" concepts and behavior analysis
- Force documentation, articulation, and the importance of story-telling techniques to accurately describe behavior

Use of Force

This two-day advanced live-fire law enforcement patrol program will increase an officer's survivability against heavily armed offenders in and around a motor vehicle. The primary focus of this class is to provide law enforcement officers with practical emergency vehicle deployment techniques through the use of systematic methods of instruction. This live-fire course brings to light complexities associated with a motor vehicle's confined space as it relates to emergency evacuation, counter ambush, and citizen/officer rescue. Class begins with a live-fire ballistic laboratory in which students will have the opportunity to compare different types of ammunition, including pistol, rifle, and shotgun, against a multitude of different surfaces, including window glass, engine block and exterior vehicle surfaces.

All the tactics, techniques, and procedures utilized in this class are for previously trained first responders. The course is physically strenuous and mentally challenging to mirror conditions encountered during real world, justifiable use of force situations.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

VORTEX II: Vehicle Operations and Rescue Tactics Level 2

TRA057R

March 29-30, 2022
Illinois State Police/District 5

03:00 PM to 11:00 PM

Member Tuition: \$425.00
Non-Member Tuition: \$560.00

Limit: 2 per Dept.

This Course meets the following Mandates:
Use of Force

The purpose of this two night advanced live-fire law enforcement program is to identify strengths and weaknesses in use of force low-light conditions when facing armed offenders in and around a motor vehicle. Since the majority of a patrol officer's career is spent in a vehicle working in low-light conditions, Level II will introduce required live-fire weapon handling skills for night time law enforcement patrol vehicle operations. The tactics, techniques, and procedures used in this program were designed by expert practitioners from the field of law enforcement to increase officer survival in these low-light environments.

The primary focus of Level II is to provide law enforcement officers with practical low-light emergency vehicle deployment techniques using a weapon mounted or hand held flash light. Level II will take students to the next step by identifying the difficulties associated with a motor vehicle's confined space during night time/low light operations involving counter-ambush, emergency evacuation, and citizen/offender rescue

Topics to be addressed include the following:

- The benefits and limitations of dedicated weapon-mounted lights
- The anatomy of human vision: day time vs. night time
- Enhanced self-aide/buddy aide techniques to increase officer/citizen survival
- Establishing low-light close quarter/confined space weapon handling skills
- Overcoming physical barriers to tactical marksmanship in low-light conditions
- Enhancing low-light vehicle dismount procedures involving emergency evacuation and counter-ambush
- Improving citizen and officer rescue techniques utilizing a motor vehicle in response to heavily armed offenders in low-light conditions

PLEASE NOTE: This course will be offered to students who have successfully completed VORTEX I or a similar program. COMPLETION OF A PREVIOUS LOW-LIGHT COURSE IS A PREREQUISITE TO THIS PROGRAM. The tactics, techniques, and procedures in VORTEX II are for previously trained first responders and are not intended for beginners. All attendees should be in good physical condition and possess above average firearms skills prior to taking this program. This course is physically strenuous and mentally challenging to approximate the realities of real world low-light justifiable use of force.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

****Cancellations must be received by NEMRT 35 days prior to the start of class order to avoid being billed.****

Courses meet from 6 - 10p.m. on the first two sessions, then from 8a.m. to 4p.m. on the remaining four sessions.

Students must bring 550 rounds of ammunition to class with them.

This 40 hour program acquaints newly sworn or part-time officers with the physical, legal, and moral hazards associated with the use of firearms. The course provides specific safety rules for handling firearms. Through supervised practical exercises, officers will enhance their ability to use a firearm as a conditioned response.

Successful completion of this course fulfills the requirements of 50 ILCS 710, "The Illinois Peace Officer Firearms Training Act".

Students must pass written and practical exams with a minimum score of 70% to receive a certificate of completion. In addition, each instructor must be completely satisfied with the abilities of the students to use their weapons in a safe manner.

When enrolling a full or part-time Officer in this program, please do the following:

1. Provide him/her with a copy of the Participant's Information Sheet
2. Fax the following forms (found in the Registration Information section of this website) to NEMRT's Registrar: Ms. Terri Hancock at (630) 229-0206:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

Agencies wishing to enroll Auxiliary Officers in this program are required to do the following:

1. Fax a copy of your local unit of government's Enabling Ordinance for auxiliary officers to the Illinois Law Enforcement Training Standards Board at (217) 524-5350 so that they may review and approve your Auxiliary Officers' eligibility to attend this training
2. Provide your Officer with a copy of the Participant's Information Sheet
3. Fax the following forms (found in the Registration Information section of this website) to NEMRT Registrar: Ms. Terri Hancock at (630) 229-0206:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

All pre-registrations for this program must be accompanied by the forms listed above, especially the copy of your officer's Form E (as submitted to the Illinois Law Enforcement Training Standards Board). If NEMRT and the ILETSB do not receive these forms at least 7 business days before class, your officer(s) will not be allowed to attend the program. This is the strict policy of the Illinois Law Enforcement Training Standards Board. No exceptions are permitted.

PLEASE NOTE: Pre-registration for this program will close 7 business days prior to the start of class to ensure that all necessary paperwork has been received by NEMRT and the ILETSB.

Participants are to bring their weapon, ammunition, and other required equipment. Please make certain all equipment is in proper working condition.

Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:

- Service weapon in safe firing condition
- Duty holster
- 550 rounds ammunition (factory or reload)
- Eye and ear protection
- Shotgun in safe firing condition
- Appropriate clothing for outdoor range (depending on class location)
- Cleaning kit for your service weapon
- Bag lunch or money to purchase meal

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

**** Cancellations for this course must be received by NEMRT 35 days prior to the start of the program in order to avoid being billed.**

Member Tuition: \$75.00

Non-Member Tuition: \$105.00

Limit: No per-department limit

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Departments are to submit a Form E, as well as a Waiver Application for the individual officer to the Illinois Law Enforcement Training and Standards Board.

In order to have their registration confirmed, departments will then need to submit the following to NEMRT, prior to the start of the course:

- Letter from ILETSB authorizing individual to participate in course of fire
- NEMRT's Consent to Participate Form
- NEMRT's Indemnification Agreement

Registrants will be placed on a waiting list until the above items are received.

Questions in regards to registration and confirmation should be directed to the NEMRT Registrar at 630-896-8860

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

40 Hour Mandatory Firearms Training Program

Participant's Information Sheet

To be given to Course Participants

Public Act 79-652 states, "Possession and use of a firearm, in connection with official duties of a peace officer in Illinois, is conditional upon participation and successful completion of 40 Hour Firearms Training."

Your agency supervisor has scheduled you to participate in a 40 Hour Mandatory Firearms Training Program. This program satisfies the requirements of the Illinois Law Enforcement Training Standards Board.

Training includes classroom instruction and weapons practice at a firing range with instructors certified by the Illinois Law Enforcement Training Standards Board. The following conditions were established through the cooperative efforts of the Board and North East Multi-Regional Training, Inc. It is your responsibility to read these conditions thoroughly and adhere to all of them. These include:

1. Report to training as instructed by your Chief, Sheriff, or Training Officer
2. Safety regulations of the range, weapon conditions, and ammunition use will be directed by the Range Master and his assistants.
3. The Range Master will instruct and enforce strict regulations for safe handling and use of weapons at all times. Anyone who endangers the safety or well-being of others will be ejected from the premises. This includes horseplay, carelessness, or any other inappropriate behavior.
4. You must bring your own weapon, ammunition, and required equipment. The Range Master and his assistants will not provide, repair, or replace any equipment. Please make certain all equipment is in proper working condition.
5. Classroom instruction is held in the evening. You are required to bring notebooks, pens or pencils. *DO NOT BRING WEAPONS OR AMMUNITION TO CLASSROOM SESSIONS.*
6. Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:
 - a. Service weapon in safe firing condition
 - b. Duty holster
 - c. 550 rounds ammunition (factory or reload)
 - d. Eye and ear protection
 - e. Shotgun in safe firing condition
 - f. Appropriate clothing for outdoor range (depending on class location)
 - g. Cleaning kit for your service weapon
 - h. Bag lunch or money to purchase meal

State statute requires successful completion of this training BEFORE you can legally carry a weapon while performing law enforcement duties. Successful completion is achieved with at least a 70% on the written examination and 70% on each of the two qualification shooting rounds. Re-testing for a failed written examination or a failed range qualification will be handled in accordance with the policies of the Illinois Law Enforcement Training Standards Board.

Care and use of your weapon is a serious matter. You are required to conduct yourself in a professional manner at all times during this training program.

Registration Information

REGISTRATION INFORMATION

Pre-Registration

NEMRT courses are filled on a first-come, first-serve basis, based upon the Pre-Registration forms we receive. Typically, our courses quickly fill to capacity. Once a class has reached its capacity of students, "Stand-By" lists are created.

Students on stand-by lists may not attend our programs. All students must first be confirmed by our Registrar's office. After receiving confirmation, students may attend the training program, where they complete an actual registration form. Confirmation and stand-by lists are distributed weekly by the Registrar.

Please keep in mind that courses fill quickly. Pre-register your students early!

Attendance Policy

The Illinois Law Enforcement Training and Standards Board (ILETSB) requires that all attendees of a course for which they will receive a certificate from the Board be present for 90% of the course. For example, one must be present for 36 hours of an ILETSB-certified 40 hour course. NEMRT has adopted that policy for all of its training programs, allowing attendees to miss no more than 10% of any course, with a legitimate excuse (family emergency, need to appear in court, reassignment, etc.) and still receive a NEMRT certificate.

Cancellations

When we receive a cancellation, students are moved from the stand-by list to fill the vacancy. We then notify your training officer that the student has been moved from stand-by and confirmed to attend the program.

Occasionally, training officers fail to notify us that an officer will be unable to attend. When this occurs, students on the stand-by list are denied an opportunity to attend the training they need.

To avoid this situation, please contact the Registrar's Office as soon as possible regarding schedule conflicts and cancellations. With this information, we are able to move officers from stand-by lists and into course rosters. This increases both the number of officers receiving training and the overall effectiveness of your training dollars.

Please note in the ***Course Description*** section the statements about cancellation deadlines and billing for each class. Usually, the deadline is 7 days prior to the start of the course unless otherwise noted.

ADA Accommodation

If your student is covered under the Americans with Disabilities Act, please notify Deputy Director Jim Kruger at (630) 896-8860, ext.103 to establish reasonable accommodations.

Questions?

If you have questions regarding confirmation or stand-by policies, please contact our Registrar's Office at (630) 896-8860, ext. 102.

Part Time Training Info

Part-Time Basic Law Enforcement Academy

In accordance with Public Act 89-170, all part-time sworn police officers in the state of Illinois are required to successfully complete a Basic Part-Time Law Enforcement Officer Training Course. North East Multi-Regional Training, Inc. is offering a choice of two different basic training academies to fulfill the requirements of this act. *The tuition shown below for each of these academies is eligible for reimbursement through the Illinois Law Enforcement Training Standards Board.*

Part-Time Basic Law Enforcement Academy

Through the efforts of the Illinois Law Enforcement Training Standards Board, the ILETSB Executive Institute, and the Center for Applied Internet Technology (CAIT) at Western Illinois University, the WBA program has been redeveloped and updated to deliver part-time basic training in a cutting-edge distance learning format using the internet.

Approximately 300 hours of instruction are delivered via the internet, allowing students to choose the times most convenient for them. This training is supplemented with eight-hour classroom sessions conducted on Saturdays and Sundays, where the students receive lectures from instructors who are experts on the subject matter, and to participate in performance-based practical exercises.

This program, with the addition of the 40 Hour Mandatory Firearms Training course, meets the 560 hour curriculum for law enforcement basic training. In total, the program takes approximately 9 months to complete.

Tuition: \$1,450.00

Students are required to successfully complete the P.O.W.E.R. test to enroll in the Part-Time Basic Law Enforcement Academy. NEMRT offers the P.O.W.E.R. test prior to the orientation for each program. There is a \$35.00 fee to take the test. All POWER testing will be conducted at the Crestwood Wellness and Recreation Center in Crestwood, IL.

The 40 Hour Mandatory Firearms course is not included in the Web Based Academy. Therefore, we have arranged a special firearms course reserved for those part-time officers enrolling in the academy who have not yet been certified. Tuition for the course is the standard in-service **tuition of \$175.00**. Please indicate on the pre-registration form those officers who are enrolling in both the academy and the firearms course. The dates for this course will be announced.

Contact April Morris, Basic Training Manager (Tel: 630-896-8860, x104, Email: amorris@nemrt.com), for required enrollment paperwork.

Part-Time Basic Law Enforcement Academy

Please CAREFULLY read the following information before enrolling your recruits.

Basic information:

- Enrollment will be taken on a first come, first-served basis—no recruit will be accepted for power testing/academy enrollment without a COMPLETE set of paperwork. The only exception is the medical waiver, which can be submitted at a later date or brought to the power test. Everything you need to enroll a recruit in the academy is attached to this email.
- Per ILETSB rules, enrollment will close two weeks prior to the academy start date on Feb. 18, 2018. There will be NO exceptions.
- We realize that many of you have been waiting quite a while to hire and enroll new recruits, and recognize that many agencies have multiple recruits that need training. However, we also want to accommodate as many agencies as possible; to that end, we reserve the right to institute a per-agency max number of recruits if demand requires it, similar to our policy for catalog classes. We will power test as many recruits as you want to send—if it becomes apparent that we need to set a limit, we will allow agencies to choose a pre-determined number of recruits to enroll in the March academy; all others will be automatically enrolled in the Fall 2018 academy (start date TBD).
- **Tuition for the part time basic law enforcement academy has increased from \$1,100 to \$1,450 per recruit.**

Enrollment paperwork:

- All Form E's MUST be completed online via EDI—no paper forms will be accepted. Please PRINT a copy of the electronic Form E and send it with the enrollment paperwork.
- Per ILETSB, the medical release forms are valid for 60 days. This is the ONLY form that may be brought directly to the power test with the recruit; all others must be submitted ahead of time.
- Your agency must have an ordinance on file with ILETSB that shows your municipality allows part-time officers. Templates are available on the ILETSB website.
- The 40 Hr. Mandatory Firearms Training course is part of the part-time academy. If your recruit needs this training, please submit that paperwork along with the academy enrollment forms. NOTE: the ranges can only accommodate 25 individuals at a time. If more than 25 recruits need the firearms training, we will add additional range time and split the class accordingly.

Additional considerations—please pass this information on to your recruits:

- The new curriculum is significantly more demanding in time, both online and in the classroom. Recruits are now required to attend class two full weekends per month—this is double the time commitment of the previous academy. We are providing the classroom schedule ahead of time in order to ensure recruits understand what is required prior to attending.
- As mentioned above, the amount of online training has also increased; recruits will need a reliable device (laptop or tablet, no cell phones) and regular access to the internet in order to be successful in this program.
- Recruits are now required to purchase TWO academy shirts instead of one.
- Recruits should also note that exams will now be proctored and taken in the classroom.

All paperwork can be submitted via scan/email to amorris@nemrt.com, or mailed to the NEMRT office. No faxed enrollments will be accepted.

Consulting Services

CONSULTING SERVICES

This course catalog reflects the training needs of agencies throughout our membership. However, we realize that your department may also have unique, sudden, or critical training needs that may not be addressed among these courses. We also realize that you may not have the time or resources necessary to develop customized, high-quality training programs. To meet these unique needs, NEMRT staff is available to develop In-House programs.

Customized Training

In-House programs provide customized training, designed exclusively for your department's needs and scheduling demands. They can be a valuable means of meeting your departmental training goals effectively and efficiently.

NEMRT staff will develop your curriculum, contract with instructors, compile handouts, process registrations, and issue training certificates. Many area departments have taken advantage of this valuable service. In fact, NEMRT develops over 200 In-House training programs a year!

Standard Curriculum

Some agencies have used In-House programming not only for customized curriculum, but also to deliver our standard in-service programming to their entire departments. A partial list of these In-House courses includes:

- Verbal Judo
- Courtesy and Diplomacy for Non-Sworn Personnel
- Laws of Arrest, Search and Seizure
- Hazardous Materials Refresher
- Horizontal Gaze Nystagmus
- Essential Spanish for Police

Additional Information

If you have any questions about our In-House programming services, please call Michele Bou-Sliman, Program Manager for Special Projects, at (630) 896-8860, x118. Michele will be happy to discuss your needs and provide valuable training alternatives.

How to Become a NEMRT Member

WHAT IS NEMRT?

North East Multi-Regional Training is one of seventeen Mobile Teams of the Illinois ASSIST Program. We provide in-service training to law enforcement and corrections personnel throughout metropolitan Chicago.

Since its incorporation in 1983, NEMRT has trained thousands of officers throughout Illinois, Wisconsin, and Indiana. Students attending our programs span every rank, from community service officers to chiefs of police. We have presented thousands of seminars and workshops, ranging in length from 2 to 400 hours. Our course content ranges from refresher training to university-directed Staff and Command courses.

Our programs are designed to provide the highest quality training at the most competitive price.

This section of the course catalog contains answers to some of the questions you might have concerning the training offered by North East Multi-Regional Training, including:

- Membership costs
- Membership benefits
- Becoming a NEMRT member

If you would like any further clarification, or if our staff can assist you in any way, please call Director Joe Schweihs at (630) 896-8860, ext. 110.

THE ASSIST PROGRAM

The Illinois Law Enforcement Training Standards Board administers the Intergovernmental Law Enforcement Officers In-Service Training Act (P.A. 82-674). This Act, coupled with the Traffic Surcharge and Criminal Conviction fund, provides the structure and financial support for a unique state\local partnership. This partnership provides decentralized delivery of in-service training within commuting distance of virtually every law enforcement and corrections officer in the state.

On Jan. 1, 1983, The Illinois Law Enforcement Training Standards Board launched A Statewide System of In-Service Training, known as the ASSIST Program. Within five years, the Mobile Team Unit conducted over 7,000 courses for over 120,000 in-service practitioners. The ASSIST Program has since gained national recognition as one of the most cost-effective and comprehensive in-service training systems in the United States.

The objectives of the program are:

- To encourage local law enforcement and corrections officers to upgrade their knowledge, skills, and techniques pertinent to the law enforcement profession
- To provide local law enforcement officers with training opportunities within their own locales and on flexible schedules
- To provide quality training on topics of instruction centered on specific training needs

NEMRT MEMBERSHIP

Annual membership in North East Multi-Regional Training will be \$95.00 per full-time officer. In addition to payment for all full-time officers, members may select from three payment options to tailor training for their civilian, reserve, part-time, and auxiliary officers:

1. You may pay for all full-time, part-time, reserve and auxiliary officers, and civilians within your total membership at \$95.00 per individual.
2. You may pay for all full-time officers and only a specified number of your total civilian, reserve, part-time, and auxiliary officers. The number chosen is entirely up to you.
3. You may pay for full-time officers only and pay non-member tuition fees for those classes attended by your civilian, reserve, part-time, and auxiliary officers.

As an added benefit, members employing more than 125 full-time officers need only pay for the first 125 officers. This maximum membership fee of \$11,875.00 entitles all full-time officers, not merely the first 125, to unlimited training through North East Multi-Regional Training for the membership year. Membership fees would still need to be paid for any part-time, reserve, or civilian employees you wish to include.

Occasionally, courses are offered that require tuition from member and non-member departments alike. These fees arise from the special equipment that may accompany the course, or from the expense arising from bringing in an out-of-state expert for timely courses of a technical nature. However, member department tuition fees are typically lower than a non-members.

MEMBERSHIP CATEGORIES

NEMRT's voting membership consists of municipal and county law enforcement agencies whose units of government have voluntarily signed an Intergovernmental Agreement, or have passed a Resolution and Adoption of existing Intergovernmental Agreements, which establishes "NEMRT, INC." as a mobile team in-service training unit. Member departments are invited to the Annual Election of Directors, held on the third Tuesday of March, to cast their votes.

Member department Intergovernmental Agreements are self-renewing and do not require annual processing unless membership is dropped for more than one year. Then the Agreements will be addressed as a new membership again.

Non-voting member departments are federal and state law enforcement agencies who are eligible to participate in regional law enforcement in-service training under the Illinois Intergovernmental Law Enforcement Officers In-Service Training Act, but are precluded from signing an Intergovernmental Agreement due to the structure of their governing rules. In such cases, department administrators may contract with NEMRT, Inc./Mobile Team Unit #3, to allow their law enforcement personnel to participate in the Region's in-service training efforts at an annual rate established by the NEMRT, Inc. Advisory Board. Non-voting member departments are precluded from serving on the Board of Directors or voting on matters that affect NEMRT, Inc./Mobile Team Unit #3 operations, policies, and/or procedures.

Non-member departments are federal, state, and local law enforcement agencies that decline formal membership in the ASSIST Program. They remain eligible to participate and attend in-service training under the In-Service Training Act, but are required to pay tuition as listed in the course descriptions. Non-member agencies are billed for attendance after the completion of each course.

Computer-Based Training

40 Hour Juvenile Specialist Program - Web Version

NEMRT is pleased to offer a web-based Juvenile Officer Program. You and your officers can choose the time, place and pace at which they learn, and bring their training right to the desktop! This program has been thoroughly reviewed and certified by the Illinois Law Enforcement Training and Standards Board.

This Distance Learning web-based training program has been designed by NEMRT, with experts from the fields of juvenile law, social work, and law enforcement to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors they will need for success in that position. They will be familiar with and assume the legal, moral and social roles that will assist your agency in its community-policing role.

Officers who take this web-based course and pass the exam will be *Illinois state-certified Juvenile Officers*, just as if they had attended a traditional, classroom training course!

Topics covered include:

- Effective communication with youths and their families
- Recognizing the stages of development in minors and anticipating behaviors which are characteristic of each stage
- Becoming familiar with and how to maximally utilize social service agencies
- Interpreting and applying provisions of the Illinois Juvenile Court Act
- Recognizing prevalent threats to the well being of minors, including drug and alcohol abuse, street gang involvement, sexual exploitation, violent crimes, etc.
- Identifying the elements of child abuse: the abuser, the abused child, and the triggering event
- Recognizing signs of physical child abuse, including bruises, burns, bites, bone fractures, etc.
- Identifying characteristics of child sexual abuse victims and considering concerns victims have regarding disclosure of abuse
- Differentiating between different types of sex offenders
- Recognizing the many different ways in which children are neglected
- Identifying a Sudden Unexpected Infant Death and listing risk factors for it

Registration & Purchase Information

Students completing the program may register to take the state certification examination, which will be offered on the first Wednesday of each month, from 8:30-11:30 am, at NEMRT's office in North Aurora.

After purchasing access to the program, you may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on-line at www.nemrt.com.

For more information, contact Lisa Seeman at ext. 105 or lisa@nemrt.com.

Cost: \$120 - includes access to the program and one certification examination.

Additional officers can view the program for in-service and refresher training at no charge.

Additional officers may register to take the exam for \$75.00 each.

Some of the Benefits:

This Distance Learning web based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of "delinquency and in supporting youths in growing out of adolescence" without experiencing the stigma of police involvement.

Officers who take this web based course and pass the examination given at the end of the mandatory review session will be Illinois state certified Juvenile Officers just as if they had attended a traditional classroom training course.

You may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on line at www.nemrt.com. Please note: Access to the web program must be purchased prior to examinations being taken.

This course will be taught by: Deputy Chief Brian Galske, Chicago Ridge Police Department.
