Non-Member Tuition: \$210.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:*

*Constitutional Proper Use of Law
Enforcement Authority, Law Updates, Use
of Force*

Handcuffing can range from the cuffing of a totally cooperative subject to cuffing a combative individual who is actively fighting with the officer and everything in between. This course is designed to provide department trainers with the skills needed to successfully and safely instruct their department personnel on determining when to handcuff as well as a variety of techniques for cuffing from standing and prone positions, from wrist locks, and from ground control techniques.

Topics to be addressed include the following:

- Preparation, planning, and equipment considerations related to handcuffing
- Using proper and safe approach procedures when making initial contact
- Properly arrest a felon while using appropriate commands, procedures, and techniques
- Determining formulas for both common wrist locks and steel wrist locks and transitioning between the two
- Cooperative subject handcuffing
- Uncooperative subject handcuffing
- Handcuffing the combative subject
- Determining when each technique would be appropriate
- Handcuffing from the subject's vehicle

PLEASE NOTE: Students are required to bring chain link (NO HINGED) handcuffs and duty leathers to class. They should dress appropriately for practical cuffing exercises.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Brian Hartsfield; First Deputy Superintendent Pat McGee, Cicero Police Department; Juan Claudio, Cook County Sheriff's Police Department.

Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Human Rights, Sexual Assault Investigator Training, Law Updates, Sexual Assault Trauma Informed Response

This two-day, sixteen-hour training program has been specifically designed for North East Multi-Regional Training, Inc. to meet the needs of law enforcement personnel tasked with conducting sex crime investigations. This course meets the requirements for First Responders and Investigators as required under Public Act 99-0801: Sexual Assault Incident Procedure Act.

The course will focus on the response and investigation of sexual assault. Topics addressed include:

- Trauma and the neurobiology of the brain.
- Rape myths surrounding sexual assault cases will be discussed and addressed.
- What it means to be victim centered and trauma informed, and how to conduct trauma-informed interviews with victims.
- Defendant interviews and considerations when dealing with offenders charged with sex crimes.
- Investigation tips as to hospital protocol, and the role of SANE nurses and rape advocates.
- Social media and evidence gathering from the internet will be discussed.
- This training will stress the importance of being trauma-informed and victim-centered to avoid re-traumatization of the victim.

The goal of this training is to educate investigators as to the complexities of sexual assault investigations including:

- Misperceptions about sexual assault survivors and offenders which may make survivors reluctant to report the crime.
- How trauma impacts the manner in which survivors are able to report.
- How best to support sexual assault survivors during their encounter with law enforcement and the criminal justice system, and how to focus on offender behaviors as well as hold offenders accountable.
- Conducting trauma informed, survivor sensitive interviews,
- Effective techniques for offender interviews,
- Considerations in report writing,
- Investigating digital and social media platforms
- An in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various teams throughout our service area.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Member Tuition: None
Non-Member Tuition: \$420.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:
Cultural Competency, Procedural Justice*

This 32-hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training.

This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation

4 Hour Mandatory Firearms Training Waiver (P.A. 90-646)

PHY513R

December 14, 2019
Des Plaines Police Department
Firearms Range

February 15, 2020
Des Plaines Police Department
Firearms Range

08:00 AM to 12:00 PM

Member Tuition: \$75.00
Non-Member Tuition: \$105.00

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Note: Students need to bring their duty weapon, holster, 150 rounds of ammunition, eye and ear protection, and a pen to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, La Grange Park Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

*This Course meets the following Mandates:
Mandates Pending Approval*

This 40 hour course is specifically designed for experienced, uniformed patrol personnel selected to serve as Field Training Officers for probationary employees. This course emphasizes the FTO's role in assisting probationers in certifying for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policies, procedures, and community service delivery standards.

Instruction in this program highlights two essential Field Training and Evaluation Process skills: A) the ability to examine and objectively document the probationer's job behaviors using standardized assessment guidelines and, B) the analysis of the probationer's training needs and use of proper instructional techniques for corrective action. Presentation will focus on discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook "Breaking Routine: Field Training Officer."

Course content includes:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process
- The Instructional Relay Race: Taking over where basic police training/certification left off inventorying the probationer's current knowledge and skill proficiencies
- Selection and use of on-the-job instructional techniques: finding the right tools to meet the challenge
- Examining effective probationer assessment standards that produce outstanding law enforcement officers
- Utilization of standardized evaluation guidelines
- Documenting probationer performance
- Performance assessment: objectively measuring probationer competence

This program is designed to provide instruction to law enforcement personnel who will be involved in firearms training activities for their departments. This program concentrates on instructional techniques and is designed to develop students as prospective instructors rather than improving their individual shooting abilities. Administrative aspects of defensible firearms programs are also stressed in this course. Students will be taught how to maintain necessary records, safely manage firearms exercises, and develop realistic exercises to ensure their agencies have comprehensive firearms programs.

PLEASE NOTE: DURING THE FIRST 1/2 DAY OF THIS PROGRAM, EACH STUDENT MUST DEMONSTRATE PROFICIENCY WITH HIS/HER DUTY WEAPON BY SCORING AT LEAST 70% ON THEIR FIRST ATTEMPT OF THE STATE OF ILLINOIS 50-ROUND MANDATORY COURSE OF FIRE. ANY STUDENT WHO IS UNABLE TO ACHIEVE A SCORE OF AT LEAST 70% ON HIS/HER FIRST ATTEMPT WILL BE DISQUALIFIED FROM FURTHER ATTENDANCE IN THE PROGRAM.

The following items should be brought to this course:

- Eye and ear protection
- Handgun and holster
- Cleaning kit
- 300 rounds of ammunition (factory or reload)
- Shotgun
- Note-taking materials

Shotgun ammunition will be provided by NEMRT. Law enforcement agencies must carefully select individuals who are to be utilized as firearms instructors. Only personnel who are willing to exercise patience, good judgment, safety consciousness, instructional acumen, and a willingness to document and record the activities of individual shooters/students should be considered for the position of firearms instructor. Anything less minimizes the importance of the role of this individual in the overall training program of the agency.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief Daniel McCollum, (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of “delinquency and in supporting youths in growing out of adolescence” without experiencing the stigma of police involvement.

This online, web-based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly-assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Officers who take this web-based course and pass the examination given at the end of the mandatory review session will be Illinois state-certified Juvenile Officers - just as if they had attended a traditional classroom training course.

To gain access to the web-based program, departments must have purchased the program through NEMRT. Access to the program can be acquired by contacting Mary Pocus at 630-896-8860, Ext 116. Departments who have previously purchased a Juvenile CD from NEMRT in the past, already have access to the online program.

Individual officers will then be able to log in and review the course materials online through our website at www.nemrt.com

Departments are to register their officers for the review/test date as listed in the catalog. The review session is conducted by an instructor prior to administering the test.

OFFICERS MUST HAVE VIEWED THE ONLINE COURSE CONTENT PRIOR TO THE REVIEW/TEST DATE. Officers also must attend the mandatory review/test date in order to receive certification.

If your officer has not completed the online portion by their registered review/test date, please contact NEMRT directly.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Deputy Chief of Operations Brian Galske, Chicago Ridge Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

PERF (Police Executive Research Foundation) and the Reno Police Department developed this adult learning model as an alternative to the current field training officer programs. It is known as the Reno Model, after Reno, Nevada.

Those attending will learn how to train the new recruits, incorporating contemporary adult education methods and problem solving approaches. Traditional duties of policing are still emphasized, but with a variety of methods requiring the recruit to invest in learning the job in more meaningful ways.

P.T.O's challenge recruits to think creatively and are encouraged to use community resources to respond to crime or maintain order in the community.

Evaluations take place in a number of ways, including:

- Informal assessments of daily activities
- Utilizing journal entries and dialogue
- Weekly coaching and training reports
- Problem-based learning exercises within a four-phased training program
- Neighborhood portfolio exercise
- Week-long midterm evaluation
- Week-long final examination
- Board of Evaluators assessment of trainee (if recommended by a department's policy)

Comprehensive learning manuals, forms, processes and recommendations are given to all participants in order to assist in transitioning from a current F.T.O. model to this P.T.O. model. This course has been Certified by the Illinois Law Enforcement Training and Standards Board.

REQUIRED EQUIPMENT: computer capable of connecting to a Wi-Fi network to reach the internet and a jump drive or other portable media device

Justice, Human Rights, Law Updates,
Sexual Assault Trauma Informed
Response*

The course will focus on the initial response of a sexual assault. The training will address trauma and the neurobiology of the brain. Rape myths surrounding sexual assault cases will be discussed and addressed. There will be a focus on what it means to be victim centered and trauma informed and how to conduct trauma informed interviews with victims. The training will also address defendant interviews and considerations when dealing with offenders charged with sex crimes and considerations in report writing. The SANE program and the role of rape advocates will also be addressed. Social Media and evidence gathering from the internet will be discussed. The training will stress the importance of being trauma informed and victim centered to avoid re-traumatization of the victim.

The goal of this training is to educate officers as to the complexities of sexual assault investigations, including: misperceptions about sexual assault victims and offenders which may make victims reluctant to report the crime; how trauma impacts the manner in which victims are able to report; how best to support sexual assault victims during their encounter with law enforcement and the criminal justice system; and how to focus on offender behaviors and hold offenders accountable. This training focuses on conducting trauma informed, victim sensitive interviews, effective techniques for offender interviews, considerations in report writing, investigating digital and social media platforms and a more in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various instructors/instructor teams from throughout our service area.

*This Course meets the following Mandates:
Lead Homicide Investigator*

This course has been designed by the Institute of Police Technology and Management to fill the gap between basic and advanced homicide investigation techniques. This course will augment students' investigative abilities and give them the knowledge needed to take on the most complex homicides and bring them to conclusion.

Emphasis will be placed on practical exercises conducted throughout the course. Each student will be provided the opportunity to apply newly-acquired skills as they study complex homicide cases presented by instructors.

Topics to be addressed include:

- Pyramid approach to homicide investigations
- Criminal investigative analysis
- Child death investigations
- Interrogation techniques for homicide suspects
- Drug-related homicide investigations
- Psychology of children who commit homicides
- Gang motivated/related homicides
- Application of forensic techniques

**SB3491 amends the Illinois Police Training Act and requires the Illinois Law Enforcement Training Standards Board to conduct or approve a training program in sudden death or homicide investigation for the training of law enforcement officers of local government agencies.

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

This course has been submitted to the Illinois Law Enforcement Training and Standards Board for funding under the Death Investigation Grant Program. IF FUNDING IS NOT AVAILABLE, TUITION MAY BE CHARGED (when a member or non-member tuition is listed) OR THE COURSE MAY BE CANCELLED.

Street gangs plague many communities throughout the United States. Many police departments do not have the resources necessary to fund specialized units to address gang crimes, thus they have come to rely upon patrol supervisors and officers to handle these issues.

This course has been developed to provide patrol supervisors and officers with strategies for controlling gang activity and reducing gang-related crime within their respective communities.

Topics to be covered include the following:

- Conducting gang assessments
- Collecting intelligence on street gangs
- Developing directed patrols in targeted areas
- Coordinating with school resource officers
- Conducting "Knock and Talks"
- Fostering interagency cooperation and collaboration
- Civil Gang Injunctions and enhanced penalty laws

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Law Updates*

The Advanced Roadside Impaired Driving Enforcement program was developed by the National Highway Transportation Safety Administration with input from the International Association of Chiefs of Police Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between Standardized Field Sobriety Testing and Drug Evaluation and Classification Programs.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers who have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics and oftentimes release impaired drivers. Once an officer completes this training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), and will have a broader knowledge of drug impairment indicators. Students will also become more familiar with the DRE program and its function, thus facilitating better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of impairment.

ARIDE is a 16 hour training course taught by DRE instructors or SFST instructors who are also DRE's. The training will be conducted under the control and approval of the DEC Program state coordinator.

This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. Much of the classroom training will be devoted to hands-on practical exercises.

The following topics will be addressed:

- Update of the Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our communities
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Enhanced prosecution of drug impaired drivers

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Anthony Ikis, River Grove Police Department; Justin Lauria, Lincolnwood Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Arrest, Search, & Seizure Update for Sergeants and Lieutenants

LEG011R

November 12-14, 2019
Lake In The Hills Police Department

08:00 AM to 04:00 PM

Member Tuition: \$50.00
Non-Member Tuition: \$160.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates*

Few areas of criminal law change more rapidly than the laws of arrest, search, and seizure. As a result, officers must be aware of current concepts and principles used by the courts to judge their arrest, search, and seizure techniques. This three-day seminar analyzes recent trends within United States and Illinois Supreme Court decisions, local case law, and relevant Illinois statutes.

Course topics include:

- The 4th Amendment
- Probable cause
- Reasonable suspicion
- Stop and frisk
- Consent searches and vehicle searches
- Arrests and arrest warrants
- Detention as it relates to arrest
- The exclusionary rule
- The "Fruits of the Poisonous Tree" doctrine

This course is designed to elicit officers' comments and questions and will encourage discussions regarding their daily experiences.

Please be advised that this course is recommended for individuals who are in supervisory positions within their department.

****The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.****

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Mr. Dale Anderson, Attorney at Law.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Asset Forfeiture Seminar

LEG026R

January 10, 2020

Hoffman Estates Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: None

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Law Updates

Asset Forfeiture law update - Complying with the July 1, 2018 mandatory changes in Illinois Asset Forfeiture Statutes

Sweeping changes were made to all of Illinois Asset Forfeiture statutes which will take effect July 1, 2018. Notice requirements, filing deadlines, proof of service, seizure thresholds, awarding of property, and burdens of proof have all changed, and a new reporting requirement has been added. These changes impact how officers need to investigate cases in the field and how prosecutors litigate cases in the courtroom. Law enforcement officers and prosecutors will need to change the way these cases are handled if Asset Forfeiture will be a component in any cases your agency investigates or prosecutes after July 1, 2018.

In part one of the course, we will review the changes in the new law as compared to the old law and we will discuss how to best implement the new statutory requirements and develop best practices to deal with the changes. In part two of the course, we will discuss techniques for developing the financial component of your investigations to uncover more assets to apply the new law to and also develop methods to make Asset Forfeiture and Money Laundering cases more winnable.

We will explore various facets of financial and money laundering investigations, including money laundering, asset forfeiture, and uncovering financial leads. We will learn how to uncover, locate, document and seize drug proceeds, and add money laundering and conspiracy charges to a drug investigation. We will discuss various financial crimes investigative techniques including FINCEN (Financial Crimes Enforcement Network) information, credit reports, bank and credit card records, merchant 8300's, car dealer records, real estate and tax records, bankruptcy filings, and benefits applications.

Asset Forfeiture is a valuable tool to law enforcement in the following areas: improving public safety by forfeiting the DUI and suspended driver's car, taking away expensive vehicles and other assets from drug dealers, seizing bank accounts of criminals who commit check/credit card fraud and other financial crimes, forfeiting real property paid for with proceeds of mortgage fraud or any other crime where money is derived, and taking profits away from fencing groups.

This course will provide law enforcement officers and prosecutors an understanding of forfeiture law in Illinois and how to successfully incorporate the forfeiture component into criminal investigations and prosecutions. After reviewing the legislative changes to applicable forfeiture statutes that take place July 1, 2018, the course will cover practical implementation of those statutes through real world examples. Additionally, investigative techniques will be developed to make the forfeiture cases more winnable in court under the new statutory scheme.

This course will be useful for patrol officers; officers in specialized units such as narcotics, gangs or financial crimes; command staff; and agency policymakers. For those individuals who have already attended a forfeiture training, this course will broaden your ability to implement forfeiture law into your investigations and capture previously untouched assets of criminal enterprises.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. Please note it is not reimbursable by the ILETSB.

This course will be taught by: Dant Foulk, Will County State Attorney's Office.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Basic Patrol Tactics

PAT357R

December 27, 2019

Cary-Grove High School

December 30, 2019

Cary-Grove High School

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

The largest percentage of any police department is comprised of the patrol division. Patrol officers are often faced with situations requiring special care, advanced tactics, and the ability to work as a team to bring unstable situations to peaceful resolution. In any police agency, the lives of innocent persons and civilians represent the highest priority, with fellow law enforcement officers a close second priority. Maintaining these priorities during high risk, rapidly-evolving dynamic situations oftentimes requires specialized tactics to mitigate danger, particularly when tactical team response is delayed or not possible.

The purpose of this one day, 8 hour course is to provide officers and supervisors assigned to their departments' patrol divisions with strategies and tactics that can be used during all patrol operations ranging from low risk/high frequency to high risk/low frequency events.

Topics to be addressed include the following:

- The importance of responding as a coordinated team to all types of situations
- Various components of incident planning
- The seven critical steps of an ICS incident response
- Equipment considerations for different circumstances
- Boyd's "OODA Loop" and how it relates to action versus reaction
- Appropriate flanking techniques
- Priority of fire
- Cover and concealment considerations
- Safe techniques for suspect management
- The importance and functions of inner and outer perimeters in various situations
- The function of a Rapid Intervention Team (RIT) independent of perimeter positions
- Various searching techniques for multiple and single officer searches

STUDENTS SHOULD BRING THE FOLLOWING ITEMS TO CLASS:

- Duty belt - NO AMMUNITION IN WEAPONS OR ON THEIR PERSON
- Long pants
- Closed toe shoes
- Neoprene gloves
- Something to drink

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Todd Richardson, Lakewood Police Department; Scott Naydenoff, Cary Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Basic Traffic Crash Investigation - Level I

Member Tuition: None
Non-Member Tuition: \$525.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

This course will provide officers with the skills needed to understand and utilize basic traffic crash investigation techniques and procedures. While this course is primarily intended for patrol officers who handle routine traffic crash investigations on a daily basis, it will also serve as an excellent introduction to more advanced traffic crash investigation techniques.

Course topics include:

- Why investigate traffic crashes and the role of law enforcement
- Illinois Dept. of Transportation Traffic Crash and Reporting Procedures
- Illinois Traffic Law relative to traffic crashes
- Traffic enforcement measures which reduce traffic crashes
- Basic traffic crash math
- Blue Blitz Traffic Crash Template usage
- Traffic Crash Template and Nomograph usage
- Skidmark/tiremark identification
- Field Sketches and Diagramming
- Collecting and documenting physical evidence from the vehicle
- Hit & Run Accident investigation
- Insurance Fraud
- Effective prosecutions and court presentations
- Practical exercises

Students must bring an inexpensive calculator with square root capability, and a basic metal drawing compass with them to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief James Linane, Sleepy Hollow Police Department (Retired).

Property and evidence management functions have long presented logistical and procedural challenges to police agencies. The aim of this course is to provide persons assigned to the property control function – whether sworn or civilian - with the knowledge and skills needed to properly handle, store, and purge items commonly found in evidence rooms. Applicable laws, common policies, and standards which form the backbone of a well-functioning property room will be reviewed in detail.

Topics to be addressed include the following:

- Property management policies and best practices
- Employing a systematic approach to property management
- Issues and difficulties faced by other agencies
- Laws and regulations affecting the property control function
- Proper documentation of evidence and property
- Identification of problem areas through review of current practices
- Proper inventory and auditing procedures
- Processes for fixing “broken” property rooms

This course has been submitted for certification through the Illinois Law Enforcement Training and Standards Board. If approved, it will not be reimbursable by the ILETSB.

Over the course of the last ten years, more than 150 law enforcement officers, on average, have died each year in the line-of-duty. Law enforcement is a dangerous profession and there will always be line-of-duty deaths at the hands of evil people. Unfortunately, too many officer deaths are due to "accidents" attributable to otherwise preventable circumstances. In fact, the number of deaths due to accidents has actually been higher in some years than the number of deaths due to felonious assault.

The Below 100 initiative was started in 2011, with the mission of reducing line-of-duty police officer deaths to less than 100 per year through the targeting of common behaviors, practices, and mindsets that often lead to such tragedies.

Issues to be addressed in this program include:

- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency

Officers of all ranks are encouraged to attend this highly intensive 4 hour class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Thomas Dworak, Wilmette Police Department (Retired).

This 8 hour presentation includes the High Level Overview program (4 hours) and an afternoon Train-the-Trainer portion which will equip trainers to conduct risk assessments, examine policy and make changes if necessary, and present the Below 100 program within their own agencies.

Topics to be addressed include the following:

- Challenges inherent to police culture and effecting organizational change
- Wearing seat belts and maintaining safe vehicle speeds
- Wearing body armor
- The power of What's Important Now (W.I.N.)
- The threat of complacency
- Basics of the Below 100 PowerPoint presentation

Students will be provided with all related materials, including the High Level Overview and supporting items such as sample policies, posters, videos, and relevant supporting articles. Typically, an outline and electronic access to all relevant files will be provided.

PLEASE NOTE: Students wishing to attend this Train-the-Trainer program MUST attend the Below 100 - Intensive program conducted during the morning session.

This engaging and practical course will provide attendees with an examination of critical factors which influence personal and professional wellness within the law enforcement community. This program seeks to increase officers' awareness of the myriad challenges presented by a life spent in public service and the impact each has on an overall sense of well-being.

Team taught by a veteran law enforcement officer and seasoned psychologists experienced with paramilitary culture, this program will provide students with strategies for engaging in fuller, more satisfactory lives which encompass a full range of experiences found beyond the demands of the job.

Topics to be addressed in this program include the following:

- Police cultural identity: How it influences individual mindsets and behaviors
- Managing trauma reactions
- Reducing the risk of officer suicide
- Creating a comprehensive professional identity
- Handling personal relationships
- Practicing effective self-care
- Developing action plans for implementation after class

Upon completion of the class, students will be encouraged to maintain contact with their instructors and classmates as a means of continuing support and resources for their individual wellness journeys.

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

Each year, law enforcement officers are injured, killed, or indicted as a result of improper searches. This eight hour presentation will provide an in-depth analysis of fatal searching mistakes that are frequently acknowledged but seldom addressed. This class has been specifically developed for male AND female patrol officers of all experience levels. However, any personnel responsible for conducting body searches on subjects, whether on the street or in lock-up, will benefit from attending. Unique circumstances surrounding the proper searching of females by officers of the same or opposite sex will be examined in detail. Students will gain insight and be provided the opportunity to exchange ideas and helpful tips that can be put to use immediately.

Topics to be addressed include the following:

- Proper search methods
- Common search mistakes
- Legal doctrine pertaining to different types of searches, including strip searches
- Same sex searches
- Opposite sex searches
- Strip searches
- Policy and procedure

Students will participate in practical search exercises as part of this class and are asked to bring a copy of their current policy regarding searches/lock-up procedures to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Officers of all ranks experience stress on the job. Issues regarding shift work, balancing family needs, financial decisions, and operating in the rule-bound, yet highly discretionary, world of policing require officers to develop a skill set that few academies prepare them to use, let alone know about.

An experienced law enforcement manager and educator will provide students with a number of ways to better cope with both the “normal” challenges of the job and the acute occurrences which can produce high levels of stress.

Personal leadership approaches are emphasized throughout this one day course and officers will have a chance to consider better ways to make decisions, including the following:

- Compassion fatigue
- How the dynamics of control and trust can change attitudes
- Recognizing why officers have special communication needs
- Overcoming the damaging effects of “rule bound” and stoic approaches to the job
- Recognizing symptoms of stress and how they differ from other jobs
- Developing an action plan based on a personal vision beyond the job
- Overcoming the “peaks and valleys” of unhealthy career investment
- What goes wrong: Alcohol, divorce, isolation, suicide and depression

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Building a Patrol CQB Program

PHY067R

November 1, 2019

Mc Henry County Sheriff -
Hartland Training Facility

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:
Use of Force*

Close Quarter Battle (CQB) can be roughly defined as the engagement of deadly force combat at short ranges at which threat and non-threat targets are in tight proximity, if not intermingled. CQB methods, while usually considered the domain of SWAT personnel, are in fact more likely to be utilized by patrol officers during routine operations. Indeed, patrol regularly engages in activity leading to CQB shootings, including but not limited to alarms, burglaries, home invasion calls, and armed subject calls.

This instructor-level program has been designed to provide students with the knowledge and skills needed to build patrol CQB programs for their respective agencies. Topics to be addressed include:

- Differentiating between SWAT and Patrol CQB
- The fundamentals of 2 and 3 person CQB
- Training strategies for teaching CQB to patrol personnel for patrol functions
- The importance of proper tactics, techniques, and procedures
- Transitioning between different training platforms and real world application
- Conducting live-fire CQB exercises at each stage of training
- Evaluating firearm proficiency needed for CQB training programs
- Achieving training goals without having access to high-dollar facilities

PLEASE NOTE - Students should bring the following equipment to class:

- 300 rounds of handgun ammo (factory or reload)
- Duty weapon
- Holster and duty rig
- Body armor (soft or plate carrier)
- Pen and notebook

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

Limit: 1 per Dept.

*This Course meets the following
Mandates:*

*Civil Rights, Lead Homicide Investigator,
Law Updates*

This three-day program, formerly entitled "Problem Solving/Tracking & Article Recovery for Canine Teams," is designed to increase a canine's ability to track on all surfaces and in varied environments. Incorporated into this tracking will be the identification and recovery of articles related to individual tracks. Also incorporated will be scent discrimination from light to extremely heavy.

NOTE: Participants must have experience beyond beginning or refresher tracking - this is not a basic program.

This course is open to currently sworn law enforcement canine teams who have completed a basic canine course and who are certified in tracking.

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. Please note it is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of the class in order to avoid being billed.

Career Survival for the Female Law Enforcement Professional

PAT045R

January 9-10, 2020
Burr Ridge Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$210.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:
Cultural Competency*

Female law enforcement professionals at any stage of their careers are encouraged to attend this dynamic new program that has been designed to not only recognize the strengths women bring to the job, but also the unique challenges they face that are specific to the police culture. Through a highly interactive format, students will discuss obstacles commonly encountered by women in law enforcement as well as practical, reasonable suggestions for avoiding career pitfalls.

Other topics to be addressed include the following:

- Guarding your personal integrity
- Increasing job satisfaction and maintaining a positive career trajectory
- Training for future success and promotion in a male-dominated profession
- Providing effective mentorship as a means for sharing success with others
- Maintaining a healthy home/work balance

This course includes break-out sessions in resume assistance and practical exercises incorporating many of the problem solving techniques discussed in class. A panel of successful female law enforcement executives from the Chicago area will be convened to share insights on how they have survived - and thrived - in this rewarding industry. Finally and perhaps most importantly, students will be provided with invaluable networking opportunities that will endure long after the conclusion of the course.

Students are encouraged to bring copies of their current resumes and recent postings for specialty units or promotions for use during class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Close Quarter Handgun Skills: Level I

PHY034R

December 17-18, 2019
Will County Sheriff's Office
Training Unit

10:00 AM to 06:00 PM

Member Tuition: \$300.00
Non-Member Tuition: \$420.00

Limit: Unlimited

*This Course meets the following
Mandates:
Use of Force*

This intensive 2-day program is designed to enhance an officer's fighting skills through the use of simple but effective close quarter shooting and defensive tactics. Geared for both first line and undercover officers, this course will provide core skill development exercises that are key to officer survival and success in the most dangerous street confrontations. This training establishes a foundation for more advanced firearms skills and tactics to be learned as students progress.

Throughout the course, officers will focus on enhanced accuracy and weapons handling skills through the use of live-fire exercises requiring them to move, communicate, and shoot where and when required.

Topics to be addressed include the following:

- Use of force issues
- Close quarter fighting techniques and tactics
- Range safety and developing a survival mindset
- Wound ballistics and targeting the threat
- Introduction to the "Shield Technique" and physical fighting skills
- Verbal skills development
- Overcoming distractions
- Accurate single & multiple shot placement
- Stoppage/malfunction clearance skills
- Failure to stop drills
- Reloading/magazine change out
- Movement off line of force/threat
- Single aggressor engagement from different angles of attack
- 360 degree awareness of additional threats
- Final Certification course of fire

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- 500 rounds of ammunition
- Hat with bill to protect face from ejected brass
- Eye protection
- Pencil/pen and notebook
- Duty handgun
- Duty belt with holster and magazine pouch(es) WITH A MINIMUM (MORE SUGGESTED) OF THREE MAGAZINES. It is strongly suggested that the officers' street magazines NOT be used and range/practice magazines be substituted
- Soft body armor
- Comfortable clothing and boots (fatigues/BDUs/uniform suggested)
- Water/sports drinks for hydration
- Food for on-site lunch break

PLEASE NOTE: This course is offered throughout the year on an outdoor or partially-covered range. Student officers must dress appropriately for temperature and conditions.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

****Cancellations must be received by NEMRT 35 days prior to the start of this program in order to avoid being billed.****

This course will be taught by: Chief Jeff Chudwin, Olympia Fields Police Department (Retired).

Limit: 20 per Dept.

*This Course meets the following
Mandates:
Use of Force*

This intensive one-day course builds on Level I skills to enhance an officer's survivability through the use of effective close quarter shooting skills and defensive tactics. Justifiable force options will be discussed on the range by an experienced Use of Force attorney.

While core skill development will be practiced, emphasis will be placed on the following:

- High stress marksmanship and weapons handling
- Movement off line of force
- Cover and concealment shooting methods and positions
- Multiple offender engagement
- Opposite hand shooting skills

AS A PREREQUISITE, officers MUST HAVE ATTENDED N.E.M.R.T.'s Close Quarter Handgun Skills course, (but not earned the Strike Level I certificate) or Strike Level I course.

Topics addressed will continue to be:

- Range safety and developing a survival mindset
- Review of "Shield Technique"
- Verbal skills development
- Overcoming distractions
- Multiple shot placement
- Stoppage reduction and failure to stop drills
- Magazine changes
- Single / multiple aggressor engagement from different angles of attack

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- 500 rounds of ammunition
- Hat with bill to protect face from brass ejections
- Eye protection
- Knee pads for ground kneeling shooting positions
- Pencil/pen and notebook
- Duty leather and pistol
- Soft body armor
- Comfortable clothing and boots; NO SHORTS (fatigues/BDUs suggested) NOTE: Students will participate in multiple tactical exercises and can expect to get dirty
- Water/Sports Drinks for hydration during tactical exercises
- A packed lunch

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

****Cancellations must be received by NEMRT 35 days prior to the start of this program in order to avoid being billed.****

Mandates:
Use of Force*

This one day course is dedicated to handgun fighting skills at extreme close quarters. It is the third class in a series of courses that builds on skills acquired in Level One and Two classes. These two classes are a pre-requisite to this level. Strike Tactical or NEMRT classes qualify.

Upon completion of this class, the student officer will be able to explain and demonstrate how the physical, psychological, and mechanical issues effect an officer when engaged in a life or death confrontation.

Skills assessed and practiced will include:

- The mechanics of extreme close quarter encounters and immediacy of firing rapidly
- Use of support side hand and arm to deter the offender
- Issues regarding muzzle blast and flash when firing close to the body
- Moving "off of line of attack"
- Accurate fire by "body indexing" at muzzle contact distance;
- Avoiding tunnel vision using a scan technique
- Breathing control during high stress encounters

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- 500 rounds of ammunition
- Hat with bill to protect face from brass ejections
- Eye protection
- One pair of gloves
- Pencil/pen and notebook
- Duty leather and pistol (firearm should not be a "compensated" weapon)
- Duty flashlight
- Soft body armor
- Comfortable clothing and boots, NO SHORTS (fatigues/BDUs suggested) NOTE: Students will participate in multiple tactical exercises and can expect to get dirty. When this class is held in the winter, cold weather attire is required.
- Water to drink during tactical exercises
- A packed lunch

AMMO REQUIRED: 500 ROUNDS OF FACTORY OR FACTORY EQUIVALENT
Pre-Class Requirements: Completion of NEMRT I and Level II classes or Strike Tactical Equivalent.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Instructors: Chief Jeff Chudwin, Olympia Fields Police Department and Rob Donaldson, Realistic and Deliberate Tactical Training.

Cancellations for this class must be received 35 days prior to the first day in order to avoid being billed.

This course will be taught by: Chief Jeff Chudwin, Olympia Fields Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Comprehensive DUI Awareness

TRA503R

December 2, 2019

St. Charles Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Law Updates

This new program will provide students with a comprehensive overview of DUI enforcement and a summary of all impaired driving curricula developed by the National Highway Traffic Safety Administration (NHTSA), which will assist them in determining if they require or desire future DUI training. Emphasis will be placed on the tenets of DUI enforcement not covered in basic training. Officers will also be provided with the genesis and motivation for techniques, procedures, and law currently used in DUI enforcement.

Pharmacology and physiology will be discussed in order to enhance officers' knowledge of the effects of alcohol/drugs on the human body. Eye examinations will focus on the dynamics of pupillary reaction to stimuli related to possible impairment caused by alcohol/drugs.

This course will not train officers in field testing per se, but will review common mistakes made by officers when conducting such tests, thus enabling officers to avoid future defense challenges. This course will emphasize the eight implied consent warnings and the statutory elements required for enforcement. The final portion of the program will focus on the chemical testing of breath, blood, and urine. Relevant court cases will be highlighted throughout the training.

Topics to be addressed include:

- Review of NHTSA curricula
- Pharmacology and physiology of alcohol on the human body and pharmacokinetics utilizing Widmark's formulas
- Retrograde extrapolation
- The three phases of the DUI process as described by NHTSA
- Common errors associated with Standardized Field Sobriety tests (SFST's) and other non-standardized tests
- Eye exams conducted during DUI encounters and the pupillary dynamics of possible alcohol and/or drug impairment
- Approved Preliminary Breath Test instruments that have automatic sampling/self-diagnostics and the administrative rules governing their use
- The 8 Implied Consent Warnings and the statutory elements associated with their use
- Evidential chemical tests an officer may request after a DUI arrest and the administrative rules associated with each test

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Master Sgt. Tony LeBron, Illinois State Police/District 8.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Conducting Effective Street Gang Investigations

INV167R

December 16, 2019
Glenview Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

Street gangs continue to pose significant problems for communities across the United States. Many police departments lack the resources needed to run specialized units that specifically address violence and other criminal gang activity. As a result, patrol officers and street supervisors are heavily relied upon to monitor and suppress criminal gang activity, enforce the law when necessary, and gather intelligence regarding gang affiliation and criminal practices. This class will provide police personnel with strategies for controlling gang activity and reducing gang crime within their respective communities.

Topics to be addressed include:

- Writing search warrants for gang and narcotic cases
- Interviewing gang members
- Building successful gang cases

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Marc Vanek, Chicago Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Constructive Performance Appraisal Through Behavioral Coaching

MAN111R

January 29-30, 2020
Lombard Village Hall

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$210.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:
Procedural Justice*

This two-day course will provide students with an insightful perspective of and techniques for conducting performance appraisals that enhance and promote maximum performance in the workplace.

Prior to class, students will complete an on-line DISC assessment that will outline their personal behavioral styles. The results of this survey will be interpreted in class through an examination of the predominate traits of each style and the most effective methods for interacting with each "type" of person. This insightful framework serves as the basis for the remainder of the class which will provide attendees with goal setting, coaching, and behavior modification techniques that spotlight employee potential and improve communication and productivity.

PLEASE NOTE: Reichart Consulting Group will contact each student at least two weeks prior to class with instructions for completing his or her DISC assessment. Any student not completing this assignment will not be allowed to begin class. CONFIRMED STUDENTS MUST CALL RICH REICHART AT (708) 707-0428 TO RECEIVE INSTRUCTIONS FOR COMPLETING THIS ASSESSMENT.

This course has been certified by the Illinois Law Enforcement Training Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Captain Richard Reichart, Lansing Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Crisis Communication

COM022R

January 15, 2020

Countryside Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Procedural Justice, Human Rights, Use of Force*

Police officers all over the world are facing increased public scrutiny over the use of force in highly emotionally-charged and potentially violent situations. The public has come to expect the police to exhaust other alternatives before resorting to physical force

This interactive one day course is designed to provide law enforcement personnel with beneficial communication techniques that can be used when interacting with individuals who are in states of crisis. In many cases, use of these techniques will enable law enforcement personnel to avoid escalation that might necessitate the use of force.

Students will participate in Active Listening scenario-based exercises that will hone their ability to identify the contextual and emotional cues that facilitate effective Emotion Labeling when speaking with persons in crisis.

Topics to be addressed include:

- The crisis communication process, including identification of needs and losses
- The qualities of a good communicator
- The importance of good crisis communication in the current law enforcement climate
- Issues that affect communication in crisis situations, including hot button words, timing, body language, and emotional stress
- Cognitive Overload and how it relates to the crisis communication process
- The 7 Active Listening skills and the role they play in effective crisis communication
- Empathy and witness/victim perceptions

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Michael Wargo, Illinois State Police (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Current Trends in Drug Abuse

Gurnee Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Human Rights, Law Updates

This 1-day course will focus on the latest trends in substance abuse, including the dramatic shift towards recreational prescription drug use and the new designer synthetic drugs, such as “Flakka” (alpha-PVP) and the next generation of K2/Spice “Spanked!” (ADB-PINACA). New prescription drugs of abuse, such as Zyhydro, will be discussed in context with Vicodin and the new form of OxyContin: O.P. Special emphasis will be placed on new 2014 state drug laws and paraphernalia (Vape Pens law), drug user demographics, concealment techniques, and enforcement recommendations on drug induced excited delirium.

This training will benefit detectives, patrol officers, school resource officers, narcotics investigators, and probation officers. Each student will receive an 81-page resource manual. Topics include:

- Recognition, Pharmacology and Legal Update
- Current “Designer Synthetic Drugs” in Illinois
- Video clips of drug induced excited delirium produced by designer synthetic drugs
- Illinois Medical Marijuana Up-Date
- Prescription drug abuse in Illinois Up-Date
- Current Drug Seizure Data by Illinois Counties
- The facts vs myths of Russian synthetic heroin: Krocodil.
- “Shake & Bake Meth”- its recent comeback in Illinois

Cyber-Bullying/ Sexting Investigations and the Appropriate Consequences

INV153R

November 14-15, 2019
Naperville Police Department

08:00 AM to 04:00 PM

Member Tuition: \$80.00
Non-Member Tuition: \$210.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:
Civil Rights, Constitutional Proper Use of
Law Enforcement Authority, Human
Rights, Law Updates*

“Sexting” is a recent trend in which teens are essentially manufacturing and distributing their own child pornography, oftentimes without fully understanding the lifetime consequences of these actions. Any law enforcement response to this issue must include an educational component for our children which makes clear the long term negative impact this activity can have on the quality of their lives. This program will examine why this trend has exploded in recent years, how teens are doing it, when and where it is being done, and what constitutes “sexting”. Students will develop a safety plan that Law Enforcement can use to effectively deal with the young people who are committing these crimes and that parents can also use to successfully monitor their children.

Attendees will need to bring their own laptops/computers for this course

The attending officer will need the following items in order to attend this course:

1. Laptop Computer (please be sure computer is updated and able to connect to wifi)
2. The ability to access your work email remotely from the laptop
3. The ability to download the program “Snagit” on a free trial
(<https://www.techsmith.com/download/snagit/>)
4. The ability to download the Search.org Investigative toolbar
(<http://www.search.org/resources/search-investigative-and-forensic-toolbar/>)

Examination of the following topical areas will prepare students to effectively protect, educate, and process minors who find themselves involved in these crimes:

- How and why teens manufacture and distribute child pornography to other teens
- Possession, Manufacture and Distribution of Child Pornography laws and how they affect children who commit these crimes
- Investigation of sexting cases
- NCMEC Child Victim Identification Program (CVIP)
- Monitoring software usage for parents
- Proposed legislation

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Richard Wistocki, Naperville Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Rights, Law Updates*

Every year, impaired drivers cause thousands of traffic deaths and injuries. Law enforcement officers play a leading role in getting these drivers off our nation's roads and must be skilled in detecting impaired drivers, administering Standardized Field Sobriety Tests (SFST's), describing events through written reports, and giving persuasive testimony. This 24 hour course teaches participants those skills through classroom instruction which includes the viewing of National Highway Traffic Safety Administration (NHTSA) and International Association of Police Chiefs (IACP) approved videos which assess a subject's impairment and record observations of SFST performance.

Please note that this course was entitled "Field Sobriety Testing: Horizontal Gaze Nystagmus" in previous NEMRT catalogs. Also, it does not incorporate the use of live drinkers.

This program has been submitted for funding through the Illinois Department of Transportation and the Police Traffic Services Project. If approved, tuition for this program will be waived. NEMRT reserves the right to structure the class in accordance with IDOT grant conditions.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Anthony Ikis, River Grove Police Department; Justin Lauria, Lincolnwood Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Decision Making for Critical Incident Response

PAT360R

November 21, 2019
Westmont Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Procedural Justice*

Critical incidents involving mass shootings and active shooter situations have presented law enforcement and other public safety agencies with challenges involving command structure, communications, and coordination. The aim of this course is to increase the basic knowledge of first responders - regardless of rank or experience - so that they are able to act effectively and efficiently during a critical incident. Through the use of NIMS and ICS terminology and practices, students will review standardized responses that will increase cooperation and understanding between law enforcement agencies, as well as other disciplines of public safety, including Fire and EMS.

Students will review After Action Reports and actual dispatch communications from past incidents to determine which steps taken were correct and which could have been better based upon the principles outlined in class. They will review the ICS structure and learn how to systematically build a command structure that will reduce confusion on scene. Finally, practical radio drill scenarios in which students assume different roles within the ICS structure will be conducted to ensure proficiency in the skills discussed in class.

While not a mandatory requirement, it is suggested that students enrolling in this class have completed NIMS ICS-100 and ICS-200 courses.

PLEASE NOTE: EACH STUDENT SHOULD BRING A PORTABLE RADIO TO CLASS FOR USE IN PRACTICAL EXERCISES.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Hiroshi Witt, Schaumburg Police Department; Mikel Milks, Glencoe Department Of Public Safety.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Cultural Competency, Procedural Justice, Human Rights, Law Updates, Use of Force

Nothing is as important to government services as the relationship between law enforcement and the public that is served. Recent inflammatory actions and news stories have had a negative impact on the perception of law enforcement. Agencies and individual employees must understand their role and that every action and statement made reflects on the profession as a whole.

Appropriate for officers from all ranks, this training will focus not only on individual employee attitudes and beliefs, but also organizational concepts that either enhance trust or perpetuate a lack of trust within communities served.

Topics to be addressed include:

- The concept and foundations of Blue Courage and how they apply to law enforcement authority
- Service, justice, legitimacy, and fundamental fairness as they apply to the nobility of policing
- Resilience and techniques for enhancing peak performance
- Respect in police work
- Civil and human rights
- De-Escalation techniques
- Policing using influence and control
- Concepts of procedural justice
- Cultural competency

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Chief Gregory Anderson, Oak Forest Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

De-Escalation Strategies for Safe Street Encounters

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

*This Course meets the following
Mandates:*

*Civil Rights, Constitutional Proper Use of
Law Enforcement Authority, Cultural
Competency, Procedural Justice, Human
Rights, Use of Force*

This advanced communications course will assist officers in responding to calls in which individuals are overcome by stress, symptoms of mental illness, or are in highly-excitabile states of mind.

Depressed, suicidal, and actively psychotic individuals often escalate their behavior when officers arrive on scene. This requires officers to adapt with a different set of communication strategies to slow down and gain control of these intense situations.

This course seeks to gain voluntary compliance without the use of force and is based on crisis intervention team models used by established police teams operating in some U.S. cities. The scenario-based practical exercises conducted during this course would benefit any line officer as well as officers who may have some crisis negotiation training but need more experience.

Topics to be addressed include:

- Building rapport, paraphrasing and using emotional labeling
- Active listening for the emotions of persons in crisis
- Influencing behavior using reflective statements
- Safety, cover, and containment issues
- Developing non-threatening body language, words, and silence
- Strategies for gaining control of overly talkative or manic behaviors
- Key knowledge about common defense mechanisms
- Using eye contact, tone of voice and hands to your advantage
- Responding to suicide calls and "suicide by police" calls

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Michael Wargo, Illinois State Police (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Member Tuition: \$120.00
Non-Member Tuition: \$315.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Procedural Justice, Human Rights, Law Updates*

This program is designed to keep School Resource, Juvenile, and Crime Prevention Officers on the cutting edge of technology when preparing internet safety presentations for students and parents. Attendees will be given effective, vital information regarding the investigation of computer crime so they can logically transfer this knowledge to students and parents during community presentations on issues related to cyber-bullying, predators, sexting, social networks, and much more.

Topics to be addressed include the following:

- Basic investigative principles of internet crimes
- Illinois Cyberstalking laws and pending legislation
- The DARE2KNOW Program: Protecting children from drug use, including home drug testing and the monitoring of cell phone and computer use
- Using Snagit® software as a presentation tool

Program attendees will be supplied with basic PowerPoint presentations that have been developed for children in grades 6-12 and their parents. Additionally, each will prepare and deliver sample presentations to his/her classmates on the topics covered in class.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Designer Drugs Awareness

INV023R

November 8, 2019

Lake Zurich Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Procedural
Justice, Human Rights, Law Updates*

This 1-day course is designed for patrol officers or investigators encountering designer synthetic drugs that may not yet be listed under the Illinois Controlled Substances Schedule. Designer synthetic drugs like the narcotic fentanyl analog 4-ANPP, are driving the epidemic of opioid deaths. With 45 different analogs of fentanyl and new non-fentanyl drugs such as U-47700 appearing on the street, police officers are in need of timely information on this emerging synthetic drug threat. New "bath salt cocaine" drugs such as N-Ethylpentylone are being substituted for methamphetamine in Illinois. In this class, officers will review four different techniques to make a criminal arrest on these so called "legal" or non-scheduled designer synthetic drugs. Officers will also learn the requirements for making a felony arrest under the new Illinois Synthetic Substances Act with sample complaint for search warrant. A pharmacological description of the top three current designer drugs reported by the ISP crime lab will be featured. Officers will also review the new safe handling of suspected fentanyl laced drugs and how to recognize and document when a person is under the influence of drugs when a urine drug test is negative. Video clips of actual synthetic drug abusers will be presented

Topics include:

- History of designer synthetic drugs as a means to avoid criminal prosecution
- Review of the 2016 revised Illinois Synthetic Drug Act
- Video clips of drug induced excited delirium produced by designer synthetic drugs
- Safe handling of suspected synthetic fentanyl analogs and officer use of Narcan
- List of recently scheduled synthetic drugs in Illinois compared to the top three synthetic drugs found at ISP labs
- Description of the top three narcotic, stimulant, depressant, and hallucinogenic synthetic drugs in Illinois
- Discussion on constitutional procedures in seizing synthetic drugs absent field test kit or K9 indicators
- Display of actual seized designer synthetic drug, packaging, and concealment techniques

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Sgt. Bruce Talbot, Woodridge Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Developing and Managing Informants

INV409R

January 20, 2020
Crystal Lake Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

*This Course meets the following Mandates:
Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates*

This program focuses on cultivating and utilizing confidential informants, as well as the techniques used to prepare them for use in police investigations. Through active lecture, students will identify persons who become informants, what motivates their participation, treatment considerations, and how informants can be used to solve ANY type of case, not just those involving narcotics.

Participants will view videotaped interviews with actual long term informants that will provide valuable insights into the confidential informant's thought processes, motivations, etc. Practical exercises conducted at the end of class will enable students to put into practice many of the confidential informant handling skills covered in class.

Topics to be addressed include:

- Recognizing the necessity of confidential informants
- Techniques for cultivating confidential informants
- Determining the motivations of potential informants
- Debriefing techniques
- Administrative considerations
- Proper uses of informants
- Problem avoidance when using informants
- Developing "cover stories" for confidential informants
- Proper informant payment documentation
- Avoiding "entrapment" issues when using informants
- Preparing informants to testify in court when necessary

Students who have previously attended the 40 Hour Basic Narcotics Investigator Course will have already covered the above material in the informant portion of that course.

****The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.****

This course has been certified by the Illinois Law Enforcement Training and Standards board and is not reimbursable by the ILETSB.

This course will be taught by: Detective Robert Byrnes, South Chicago Heights Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Fox River Grove Police Department

November 21, 2019

Burr Ridge Police Department

08:00 AM to 02:00 PM

Member Tuition: None

Non-Member Tuition: None

Limit: 2 per Dept.

Every year, impaired drivers cause thousands of traffic deaths and injuries throughout the United States. Prosecutors and law enforcement officers hold the key to winning many D.U.I. cases with a very simple tool – the D.U.I. search warrant.

Designed for law enforcement officers and prosecutors alike, this program will provide instruction and discussion on how to design a no-refusal program that fits different jurisdictions. Additionally, participants will be provided with current case law relevant to the search warrant process, with particular focus placed on repeat offenders.

Topics to be addressed include:

- The history and success of the Adams County (Illinois) D.U.I. Search Warrant Program
- Implementing a No-Refusal program in your jurisdiction
- Who should be on the team and what challenges to expect
- The mechanics of obtaining manual and electronic D.U.I. search warrants
- Relevant case law on D.U.I. search warrants
- Options when D.U.I. offenders persist in refusing after search warrants are obtained

The instructor for this course is Jennifer Cifaldi, Illinois Traffic Safety Resource Prosecutor. Ms. Cifaldi was an Assistant State's Attorney for over 20 years in Adams County, Illinois, and has been prosecuting DUI's within her county for over 15 years. She has previously worked with the Department of Transportation to share this program with other counties throughout the State and has presented it nationally as well. In July of 2016, Jennifer was named National Prosecutor of the Year in recognition of her work in developing this program and her willingness to share it with other prosecutors and law enforcement agencies.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

DWI Detection and SFST Instructor Development Course (SFST IDC)

This Course meets the following

Mandates:

*Constitutional Proper Use of Law
Enforcement Authority, Procedural
Justice, Law Updates*

Every year, impaired drivers cause thousands of traffic deaths and injuries. Law enforcement officers play a leading role in getting these drivers off our nation's roads and must be skilled in detecting impaired drivers and administering Standardized Field Sobriety Tests (SFST's). Upon successful completion of the Instructor Development Course, participants will be able to teach the 24 hour SFST or 4 hour SFST Refresher curriculum. This 40 hour Instructor Development course will assist participants in becoming proficient training officers for SFST. Instructors will develop skills in presenting the NHTSA SFST curriculum to participants and conducting demonstrations and proficiency exams. This SFST Instructor Development Course consists of classroom instruction on instruction techniques, with numerous group exercises, and student presentations on a substantial body of information relevant to the entire DWI detection process, including the organization, presentation and articulation of the evidence gleaned from that process. It also presents supportive information to bolster the participants' awareness of the importance of effective instructor skills.

Key elements of the subject matter include:

- Starting the Learning Conversation
- Effective Strategies in Learning and Instruction
- Effective Feedback, Coaching, and Proficiencies
- Effectively Promoting Participation and Interaction
- Dealing with Training Challenges
- Developing and Using Training Aids
- Planning and Managing a Live Alcohol Workshop
- Guidelines for Conducting Video Workshops for SFST Training
- Review of relevant research, studies, and articles
- SFST Curriculum Package and Teaching Assignments on the following chapters:
 - The involvement of impaired driving in traffic crashes, deaths and injuries, both nationally and within the participants' state(s).
 - The concept of general deterrence of DWI, and evidence of the effectiveness of deterrence in reducing impaired driving.
 - Laws governing DWI and its enforcement within the participants' state(s).
 - The concept of detection as a three-phased process, with specific evidence-gathering and decision-making tasks in each phase.
 - The kinds of evidence of alcohol impairment typically associated with each phase of detection.
 - Concepts and principles of divided attention (psychophysical) testing.
 - Concepts and principles of Horizontal Gaze Nystagmus (HGN) testing.
 - Guidelines for processing suspects arrested for DWI, preparing arrest reports and delivering testimony in DWI trials.

This state-certified class has been submitted for grant funding by the Illinois Department of Transportation through the Police Traffic Services Training Project of the Illinois Law Enforcement Training Standards Board. If approved, tuition for this program will be waived. NEMRT reserves the right to structure the class in accordance with IDOT grant conditions.

This course will be taught by: DRE Coordinator Thomas Turek, State of Illinois.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Developed and taught by the CTK Group, this evidence-based 24-hour program has been designed to provide fellow investigators with a solid foundational footing in cognitive interview and interrogation techniques that adhere to current guidelines on custody and voluntariness. Students will be provided with the information and skills needed to conduct both custodial and non-custodial interrogations that are based on current research, are legally-defensible, and that produce results – regardless of assignment, jurisdiction, or type of crime.

Through a combination of lecture, active classroom discussion, role-playing scenarios, and video analysis, students will specifically examine areas where advantage can be gained, thus increasing opportunities for information gathering from suspects, witnesses, and victims.

Topics to be addressed include:

- Foundational Amendments to the U.S. Constitution that affect Interview and Interrogation
- Principles of custodial and non-custodial interrogation
- Interviewing and interrogating juveniles
- Custody and Voluntariness issues
- Limitations of written statements and chronological interviewing
- Social influence and rapport-building using High Value Interrogation Group (HIG) research
- How memory works and principles of Cognitive Interviewing
- Why people do or do not confess and how this research dictates your tactical approach
- The Challenge: The best way and time to challenge suspects
- Theme-based interrogation
- Post-admission interviews
- False confessions and utilizing a game plan that guards against them

Law Updates

This eight-hour class will provide law enforcement with an ability to understand and identify different types of explosives. The class will be administered by Illinois Department of Natural Resources staff (Blasting Specialist or Blasting Expert) who are involved in the regulation of explosives in the Cook, Lake, Mc Henry, Du Page, Kane, Kendall, Grundy, and Will County areas.

Students will be given an opportunity to see and hold inert explosives, ask questions and discuss issues/scenarios with IDNR personnel. Students will also be provided with resources and contacts of individuals involved with the Department's regulation of explosives.

The purpose of this one day course is to provide training in the areas of explosive recognition (high and low explosives) and blasting agents as well as emphasize explosives safety in its handling and storage. Particular time will be spent on identifying the differences between Division 1.3G professional fireworks and Division 1.4G consumer fireworks and how the Department regulates this industry.

At the conclusion of this course, all participants will be offered an opportunity to take the Department's individual explosives license exam which is required in order to attain the Department's Individual Explosives License.

PREREQUISITES:

Only personnel who are currently employed by a unit of local government in a sworn or civilian capacity will be permitted to attend this program. Only the Chief, Sheriff, or Public Safety Director of the agency requesting this training, or his/her designated representative may enroll the above noted personnel. Personnel may not enroll themselves.

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This new 8-hour program has been designed to provide attendees with the critical skills law enforcement personnel need to work with and understand different ethnic, racial, cultural, and gender groups, thus resulting in better relations between these communities and the police.

Students will examine ways in which effective and appropriate cultural competency positively impacts decision-making and encourages creative methods for problem solving. Through participation in practical exercises and discussions conducted throughout this lecture, students will be immersed in practical applications of cultural competency and will gain a renewed appreciation for how cultural competence affects organizations.

Topics to be addressed in this program include:

- Establishing a framework for cultural competency in order to identify personal stages of development
- Recognizing cultural competency as a skill to be developed
- Cultural competency as a means for increased understanding, improved communication, and effective interaction with people across cultures
- Communicating effectively and teaching these skills to others

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Lieutenant Carter Larry, Bolingbrook Police Department (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

of Force*

This basic, end-user course is designed to provide officers of all ages and sizes with simple and effective methods for defending themselves without weapons in violent close quarter encounters. Unlike most defensive tactics classes that focus on control techniques, this course emphasizes defensive tactics designed to defeat the attacker, thus stopping the attack and allowing for subsequent application of control techniques.

Each technique practiced in this program is simple, easy to master and remember, and effective against any size offender. General topical areas include the following:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power
- Economy of motion, using time efficiently without wasted motion, and moving productively
- Defensive body stances and how they relate to mobility, balance, and power
- Blocking and counter-striking
- Closed fist versus open hand strikes and the 'heavy hand'
- Elbow strikes in close quarters
- Target locations of the body (high, middle, low)
- Choke releases
- Weapon defenses and retention
- Defensive ground positions
- Strikes and redirects from ground position
- Simple, effective control tactics

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This simple, practical course will assist instructors in developing effective close quarter defensive fighting techniques and then applying them when fighting on the ground. Whether overpowered, off-balance, or injured, this course will give students the tactical advantage needed to survive. Officers who complete this class will have a useful, practical, and effective array of techniques to provide in future training exercises.

Participants will learn how to increase their mobility, protect their firearms and bodies, and defeat attackers. It is intended for officers who have some prior experience in defensive tactics or who have previously attended the Foundational Defensive Tactics end user class.

After reviewing fundamental techniques, students will practice instructing each other on the following topics:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power

Mandates:
Mandates Pending Approval*

This two-day course is specifically designed for experienced, previously trained, and/or certified Field Training Officers. This in-service training program will provide updates to the 2009 revised Daily Observation Report and the newly revised Standard Evaluation Guidelines. It will also provide transitional instruction on Breaking Routine from traditional numerically-anchored probationary law enforcement performance assessment to a behaviorally-anchored process emphasizing training and coaching for outstanding job performance.

This updated instruction emphasizes the FTO's responsibilities to:

- Examine and objectively document probationer job behaviors and actions utilizing totally revised standardized assessment guidelines, and
- Analyze the probationer's training and performance needs and utilize the most appropriate instructional techniques for corrective action.

Presentation will focus upon discussion as well as hands-on application of course materials in small group and individual student exercises. Course content includes:

- Performance assessment components utilizing a non-numerical evaluation scale;
- Utilization of the revised Standardized Evaluation Guidelines;
- Legally and objectively documenting probationer performance;
- Utilizing a variety of on-the-job instruction/coaching techniques;
- Documenting the extent of training and coaching when Corrective Action is Necessary;
- Objectively determining when the probationer is Not Responding to Training; and,
- Executing the revised Self-Initiated Field Activity protocols with the Daily Training Plan.

PLEASE NOTE: Students should be familiar with their Department's Field Training and Evaluation Process and bring a copy of the agency's current Probationary Officer/Deputy Manual and assessment forms to the class. Students must be ready to roll up their sleeves to work on applying the revised protocols!

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Traditional law enforcement training programs oftentimes utilize linear instructional methods for a variety of reasons, including safety, simplicity, policy, or agency best practices. This framework is a carry over from industrial education models primarily concerned with cost savings and the maximization of time. When training needs are, in fact, linear, objectives are met in a straightforward way and everyone is presumably happy with the results achieved.

How do we effectively approach non-linear training applications, however? How do we adapt our thinking to accommodate those situations in which A is not necessarily followed by B, C, or D? The random, rapidly changing nature of police work and its attendant need for sound decision making and correct action requires adaptability at all levels and in all situations. If officers have been given only round hole solutions and are subsequently faced with a square hole problem, how will they adapt given the training they have received?

This new, 24 hour program has been developed specifically for growth-minded students seeking to understand the “how” and “why” of decision making and how the two are linked through critical thinking and analysis of research on human development and performance.

In an immersive training environment that relies heavily on active discussion and participation in practical exercises, students will examine the following concepts:

- Building resilience to work through “failure”
- Balancing between adherence to rules and embracing creative problem solving
- Silo thinking and institutional barriers to effective communication and operations
- Capabilities versus demands
- Mitigating the effects of stress on decision making
- Working effectively with people who think differently than you
- MacGuyver your thinking in order to navigate uncertainty
- Logical triage and stacking the deck for event preparedness

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

The Federal Bureau of Investigation's Computer Analysis Response Team (CART) developed the Imagescan system to help investigators locate the presence of picture files that may contain contraband on a computer. This system allows the investigator to view a variety of graphic formats during a consensual search and protects valuable digital evidence by booting up a computer using the Linux operating system. After mounting the hard drive in a "read only" manner, Imagescan prompts the investigator to search for picture files only. During this process, the tool logs every step taken by the investigator, thus providing further documentation of what occurred during the search process.

CART successfully completed field-testing of Imagescan in May of 2004, and is making this tool available to all law enforcement personnel upon request.

Any law enforcement personnel who conduct on-site investigations for child pornography or any other types of investigations involving graphic image files are encouraged to attend this Imagescan class.

PLEASE NOTE: Attending officers are required to go through a security check point and provide proper identification upon enter the building. The Regional Computer Forensics Lab asks that departments provide names of attendees when registering for this course.

Additionally, there is no public parking at this location - however there is metered street parking and pay lots within close proximity to the Customs Building.

*Civil Rights, Constitutional Proper Use of
Law Enforcement Authority, Law Updates*

This 2-day law and investigation course is designed for chiefs and command officers who are responsible for internal investigation functions in their departments.

Conducting a proper investigation builds citizen and employee trust in the department and protects officers' rights. Ultimately, it contributes to the department's mission when complaints against officers for alleged violations of rules, policies, and laws are fairly investigated.

This highly informational seminar includes the latest developments in case law pertaining to a variety of disciplinary issues, including:

- Misuse of authority and excessive force complaints
- Personal gain for the officer or others
- Due process guarantees and officers' rights
- Off-duty employment and conduct
- Unlawful associations
- Clarification on "Conduct Unbecoming an Officer"
- Evidentiary considerations
- Waivers of immunity for grand jury testimony
- Bribery and gratuities
- Enhanced penalties for supervisors
- Minor violations, such as off-duty speeding, sleeping on-duty, etc.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Mr. Thomas McGuire, Attorney at Law.

Interpreting Medical Information in Child Abuse Investigations

INV171R

January 9-10, 2020

Westmont Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

This Course meets the following Mandates: Cultural Competency, Human Rights, Lead Homicide Investigator

This sixteen-hour course is specifically designed to provide law enforcement investigators with the tools necessary to effectively assess child physical abuse injuries and child death cases. Childhood injuries are extremely common. Accidents happen - but so does child abuse. Law enforcement personnel play a critical role in investigating injuries to a child and determining if a crime has been committed. This dynamic and interactive course relies on the intuition of participants to "investigate" real cases by examining evidence from medical information, scene investigation, and interviews.

Topics include:

- Knowledge of child abuse and neglect
 - medical and physical findings (physical abuse, neglect, medical child abuse/Munchausen's Syndrome by Proxy)
 - understanding types of infant death cases
- Investigation
 - understanding "medical speak" and getting what you need from doctors
 - using medical information to help differentiate abuse from an accident
 - understanding the triggers/causes for child abuse and neglect
- Interview/Interrogation Strategies
 - specific questions to ask in child abuse investigations
 - sensitivity to the situation -the importance of family dynamics
 - cultural/language issues
- Working with Multi-Disciplinary Teams
 - how to ask the right questions to get the information you need
 - navigating the complexities of the DCFS system, collaborating with medical teams/social workers
 - working with coroners and the autopsy process
- Emotional Impact
 - why it's worth the effort
 - keeping your bias in check
 - the importance of debriefing and multi-disciplinary collaboration
 - taking it home: how to cope

Upon completion of the course, the participant will have acquired:

1. Knowledge of the prevalence of child abuse and the children at greatest risk
2. Working knowledge of child maltreatment terminology
3. Working knowledge of the medical assessment of child physical abuse
4. Skills on how to integrate the unique dynamics of child abuse into your investigations
5. Specific information needed to gather for every type of child abuse/neglect/death case
6. Insight into the behavior of victimized children/working with non-verbal victims
7. Understanding how to interpret "medical speak" and gain solid medical information
8. Skills to collaborate effectively with a multi-disciplinary team
9. Enhanced ability to effectively present case to the state's attorney

Mandates:
Use of Force*

Edged weapons pose a serious threat to law enforcement officers yet many go on patrol without any basic knife defense skills. This one day program will provide officers with an overview of basic close quarter knife defense skills so that they might better fight off such attacks.

It should be noted that this class IS NOT a martial arts program. Rather, it has been specifically designed for street officers and will teach them self defense moves against the blade. In addition, students will be shown other bladed street weapons and areas of concealment subjects use when hiding them. Different types of knife attacks and specific tactics for avoiding them in the first place will also be discussed.

Topics to be addressed include:

- How a "real" knife attack happens
- Different types of street weapons officers encounter
- Danger signs that a knife attack may be imminent
- Common mistakes that put officers at risk for knife attacks
- Realistic knife defense moves that can be used immediately

STUDENTS ARE REQUIRED TO WEAR GYM CLOTHES AND MUST BRING THEIR DUTY BELTS AND EYE PROTECTION TO CLASS.

PLEASE NOTE: NO FIREARMS WILL BE ALLOWED IN THE CLASSROOM.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

*This Course meets the following
Mandates:
Lead Homicide Investigator*

This 8-hour workshop, designed for any officer, investigator, detective, crime scene specialist, or other individual who processes scenes for latent print evidence, offers a comprehensive, hands-on application of development and enhancement techniques for processing latent prints. Participants will get to experiment on many different types of surfaces using their department-issued equipment.

Lecture time will be minimized so that participation in practical activities can be maximized, thus allowing students to gain a wealth of knowledge and experience that can be immediately applied. This workshop is designed to show how to get the most out of department-issued equipment while processing latent prints on a large assortment of surfaces.

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- DEPARTMENT-ISSUED CAMERA WITH MACRO LENS
- THE INSTRUCTIONAL MANUAL FOR THE CAMERA
- TRIPOD
- ELECTRONIC FLASH
- SYNC CORD
- CABLE RELEASE
- MEMORY CARD
- FLASHLIGHT
- ANY LATENT PRINT EQUIPMENT CURRENTLY USED BY THEIR DEPARTMENT FOR PROCESSING.

Dyes for C/A processing and a portable C/A tank will be provided for in-class use. Officers attending this workshop should dress in clothes suitable for processing prints and working with chemicals.

Techniques to be discussed and practiced include the following:

- Developing latent print evidence
- Recovery of latent print evidence
- Use of department-issued equipment for documenting latent print evidence
- Successful latent print development on various surfaces

Non-Member Tuition: \$105.00

Limit: 4 per Dept.

*This Course meets the following
Mandates:*

*Civil Rights, Constitutional Proper Use of
Law Enforcement Authority, Cultural
Competency, Human Rights*

This dynamic 8 hour program has been designed to provide law enforcement officers with a compelling historical analysis of the Holocaust that serves as a framework for further exploration of the ways in which abuses of authority evolve over time and how the rights of individuals must be balanced with the need for societal protection. The Law Enforcement Democracy Initiative (LEDI) is a proven program that impacts how police officers consider empathy, ethics, and morals in their decision-making process.

Participants will examine how changes in government policy and law shifted traditional functions of policing in German society to the implementation of human rights abuses and genocidal programs represented as national security and defense priorities. They will consider the effects these incremental policy shifts had on societal, occupational, and personal life, as well as the decision making of individual police officers during the Nazi era.

Through examination of historical and contemporary case studies, students will consider the following issues:

- Moral and ethical decision-making
- Challenges inherent to the law enforcement profession
- Responsibilities officers have to society and each other
- Stereotyping and the abuse of authority
- Empathizing and connecting with individuals
- Current Hate Crime legislation, reporting considerations, and review of high profile hate crimes, including the Matthew Shepard and James Byrd cases

Class will conclude with a Holocaust survivor's eyewitness recounting of events as they actually happened during the Nazi era.

This program is conducted at the Illinois Holocaust Museum and Education Center in Skokie, Illinois, so that attendees may get a better understanding of the scope and context of the information being presented, including a docent-guided tour of the Museum's compelling Karkomi Holocaust Exhibition. A box lunch will be provided for all participants.

This program has been certified by the the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Diane Shaw; David Smart; Kelley Szany.

Working in reduced light environments, or no-light situations, is something that every police officer is subject to. The ability to identify potential threats, manipulate light sources, and make accurate hits on target can be difficult without the proper tactics, techniques, and procedures that help ensure our success.

This course is designed for the officer, either uniformed or plainclothes, operating in situations where ambient light may be limited or non-existent. It will provide the skills necessary to prevail in armed conflict in these incidents. Topics to be addressed include:

- Shooting under unusual ambient lighting conditions
- Shooting with a handheld light source
- Proper policy and use of the weapon mounted light (WML)
- Light discipline
- Utilization of cover in conjunction with a light source
- Utilization of movement in conjunction with a light source
- Threat identification process with light sources

Requirements:

- Duty weapon
- Holster and duty rig
- 300 rounds of handgun ammo
- Handheld light source (WML if utilized)
- Body armor
- Pen and notebook

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

Managing Implicit Bias for Law Enforcement is an evidence-based program for law enforcement professionals that promote fairness, equity and respect. This training introduces a series of tools and practices designed to enhance law enforcement professional capacity to reduce the impact of unconscious biases.

During the workshop, participants will deepen their understanding of relevant key terms and concepts; unpack assumptions, perceptions, and perspectives related to identity, culture, stereotyping and discrimination and identify how these concepts intersect with their policing practices. The training provides a conceptual framework and equips participants with tools to enhance interpersonal and community relationships.

Specifically, law enforcement professionals who participate in this training will be able to identify key concepts such as identity, culture, bias, prejudice and stereotyping and their relevance to law enforcement practices. The training also enable officers to understand implicit bias and how it impacts perceptions held by law enforcement and the communities they serve. Lastly the training provides tools and strategies to strengthen an officer's capacity to manage the impact of implicit bias.

Limit: 2 per Dept.

*This Course meets the following Mandates:
Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Law Updates*

The Compassionate Use of Medical Cannabis Pilot Program Act enacted January 1, 2014, created new challenges for law enforcement personnel. According to statute, enforcement officers must have an independent, cannabis-related factual basis, giving reasonable suspicion that the person is impaired by cannabis. Subsequent to establishing these elements, an officer may ask the driver to submit to Standardized Field Sobriety tests. Under this statute, the results of SFSTs will be the primary tool in determining impairment.

The goal of this 8 hour program is to provide officers with an overview of the medical marijuana statute. Primary focus will be on enforcing the DUI segment, including the implied consent provision. A Standardized Field Sobriety Testing proficiency exam will be given utilizing the NEW 2015 SFST CURRICULUM. This exam will serve as a SFST recertification in order to satisfy IDOT requirements for DUI grants. Officers will also be provided information on non-standardized tests and eye exams which will aid in the determination of cannabis impairment. The ultimate goal of this training is to reduce the number of crashes, deaths, and injuries caused by impaired drivers.

Upon completion of this training, officers will be able to:

- Summarize the Compassionate Use of Medical Cannabis Pilot Program Act
- Describe those individuals who may use or possess medical marijuana
- Describe those agencies capable of cultivating and selling medical marijuana
- Describe the limitations for possessing and using medical marijuana
- Describe who is banned from the program
- Describe the implied consent provision of the statute
- Summarize scientific research related to driving and cannabis usage
- Administer SFSTs utilizing the 2015 SFST curriculum
- Pass a SFST proficiency exam with standards from the 2015 SFST curriculum
- Administer eye checks to determine cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Administer non-standardized field sobriety tests

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Master Sgt. Tony LeBron, Illinois State Police/District 8.

House Bill 1, the Compassionate use of Medical Cannabis Pilot Program Act, better known as the Illinois medical Marijuana Law, went into effect January 1, 2014. The law significantly changes Illinois DUI law (720 ILCS 11-501), the corresponding Implied Consent law, and the Statutory Summary Suspension law. This law enforcement training class will provide police officers with the knowledge and tools to properly identify and process the medical marijuana card holding driver who is operating a motor vehicle while impaired on cannabis.

This class will cover:

- Overview of the Medical Marijuana Law and packaging requirements
- Review of the new law on open cannabis containers in a motor vehicle
- Establishing reasonable suspicion at roadside to arrest for driving while impaired on medical marijuana
- Issuance of the new Medical Marijuana Warning to Motorist
- When to charge 11-501 (a4) vs. 11-501 (a6) in a medical marijuana DUI-cannabis case
- Properly administering post-arrest sobriety tests at the station per the new law
- Report writing and courtroom testimony recommendations

Each officer will receive a text book and copies of the new law and the changes it makes on DUI, summary suspension, and implied consent laws. A DUI-cannabis arrest flow chart will also be provided to each officer. Each class participant will receive a CD with PowerPoint slides and supporting text for in-service training of their agency's patrol officers. Participants should be department trainers who are prepared to teach as there is no basic instructor training provided in this class.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sgt. Bruce Talbot, Woodridge Police Department (Retired).

This 8 Hour Instructor update is designed for previously certified MEGGITT XVT instructors as a practical, hands-on introduction to the new MEGGITT FATS System - the newest generation of interactive firearms simulators produced by MEGGITT Training Systems, Inc.

The FATS System has been designed to provide law enforcement personnel with marksmanship and judgemental shooting training that utilizes Bluefire weapon technology. These fully wireless weapon systems generate recoil through the use of compressed air and provide students with exceptionally realistic, effective, and safe training experiences that incorporate newly-produced videos and numerous branching options.

Students will be trained in the set up and operation of a FATS System and the performance of basic troubleshooting and maintenance procedures.

By the end of this program, students will be able to do the following:

- Establish a safe, well defined training area
- Conduct basic to advanced marksmanship training in a range-like training environment
- Closely monitor nuances in trainee weapon handling through system feedback capabilities
- Evaluate trainee performance on "Shoot/Don't Shoot" scenarios and corresponding decision making processes
- Provide corrective feedback to trainees through active coaching
- Train two officers simultaneously during team exercises
- Adjust the basic FATS program settings to meet individual or departmental training needs through the use of options and scenario selection.

PLEASE NOTE COURSE PREREQUISITE: Participants must have successfully completed NEMRT's 16 Hour MEGGITT XVT Instructor Program prior to attending this class.

Once a student has completed this Instructor update, his or her department is eligible to schedule an FATS System for in-house training purposes. Training or Range Officers should contact Training Coordinator Michael Schoenfeld at (630) 896-8860, ext. 119 to request dates.

This one day, 8-hour program has been designed by First Responder Health and Wellness LLC to provide students with a comprehensive overview of health and wellness related topics specific to first responders. It is designed for administrators as well as officers. This program will offer a deeper dive into the subject of officer health, wellness and fitness. The training class will cover in detail - not vague suggestive terms - how to build a successful officer wellness/fitness program and how to motivate employees to participate. First Responders who are looking to make positive healthy changes to their nutritional protocol and physical training regime are highly encouraged to attend.

Topics include:

- What officer wellness/fitness programs should focus on to include Nutrition, Fitness Training, Financial Planning and Mental Health Awareness.
- How to gauge success in wellness/fitness programs to include pre- and post-testing options and how to fund them.
- Knowledge and awareness of common untruths in the wellness, fitness and nutrition industry.
- Proper nutrition protocols and how they directly relate to disease prevention, insulin response and reduction of bodily inflammation. Additional topics of discussion will include the importance of adequate sleep, hydration and supplementation.

The fitness programming portion of the class is appropriate for beginners as well as experienced practitioners. The topics covered in detail include workout programming plans and how to incorporate first responder job specific skill transfer training into a well-rounded physical training routine. Personalized macro nutrient based nutritional protocols will be developed for everyone attending the session. The nutrition protocol will also discuss supplements and other additional wellness resources that will benefit each attendee.

This training is designed to provide first responders with the vital science based health and wellness information they need to make positive healthy changes to their lives. This training will take a holistic approach to health, wellness and fitness that gives attendees an ample amount of easy to understand information to better themselves and their respective departments.

*This Course meets the following
Mandates:*

*Constitutional Proper Use of Law
Enforcement Authority, Law Updates, Use
of Force*

This 8 hour program has been designed to provide students with the necessary information and skills required to teach fellow officers at their respective agencies the proper use of Oleoresin Capsicum pepper spray. Topics to be addressed include the following:

- O.C. selection recommendations
- Effects of O.C. on the human body and probable medical implications
- Proper use of O.C.
- Tactical follow-up and decontamination practices

Additionally, students will review case law pertaining to the use of O.C. and how to most effectively and safely conduct exposure training. Practical exercises and proficiency testing examples will be demonstrated.

PLEASE NOTE: Students will be required to experience an O.C. exposure unless documented proof of previous training exposure can be provided. Students should wear appropriate clothing for participating in practical exposure exercises.

PLEASE NOTE: NO FUNCTIONAL WEAPONS WILL BE ALLOWED IN CLASS.

For those students participating in the exposure portion of the training there are numerous things that you'll need to know, and items that you'll need to bring with you, to make this training go as smoothly as possible.

- If you wear contact lenses you will need to remove them prior to the exposure. If you choose to wear them to training and remove them prior to the exposure remember to bring whatever supplies you need. Additionally, it is not advised that you put your contact lenses in for 24 hours following the exposure, so please plan accordingly.

- If you use an inhaler you should bring it with you. Although OC is not likely to cause an asthma attack, some people may experience a high level of anxiety which could cause them the need to use their inhaler.

- You will need your duty belt including handcuffs. NO WEAPONS will be allowed to be worn during the exposure portion of the training.

- Bring a change of clothes with you. During the decontamination process you (and your clothing) will likely become extremely wet. Keep this in mind when selecting your clothing.

- You might consider bringing toiletry items to assist in cleaning yourself up after the exposure (i.e. towel, soap, etc.)

- It is suggested that you limit (or avoid) hair products the day of training as your hair will get wet during decontamination and those products will likely cause additional irritation. The same applies for cosmetics/eye make-up.

- While most people will totally recover from the effects of OC within 45 minutes, everyone reacts differently. Your safety is of the utmost importance, so we will need to monitor each person's reaction and recovery closely. Therefore, you will not be allowed to leave the training site for any reason (following the exposure) until class is over.

- Since you will be spending a considerable amount of time outdoors...dress appropriately for the weather.

- If you have had eye surgery within the past 12 months (i.e. Lasik) you will not be able to participate in the exposure training. Please provide documentation of such surgery.

The instructor certification provided through this training will be valid for three years.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Corporal Julie Johnson, Carol Stream Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

This 16 hour program will provide patrol officers and supervisors with the information and skills needed to become more effective in detecting and arresting criminals operating motor vehicles, including drug users, drug traffickers, fugitives, and gang members. The program focuses on the identification of objective criteria for criminal interdiction and NOT on so-called profiling techniques.

Topics to be addressed include:

- Current intelligence information about the movement and activities of suspected terrorists in the United States
- Pre-stop characteristics of criminal behavior in drivers and passengers
- Abnormalities on subject vehicles which warrant investigative stops
- Requirements of valid reasonable suspicion stops and probable cause stops
- The elements of constitutional consensual encounters
- Post-stop characteristics of criminal behavior
- Roles, responsibilities, and strategies of contact and cover positions for officer teams or backup officers, including standard safety procedures
- Identifying characteristics of deceptive behavior
- Defining the elements of constitutionally sound searches, including those based on p.c. and those based on consent
- Proper search techniques for locating common hidden contraband compartments
- Detecting and surviving hidden weapons

This program has been submitted for Terrorism Task Force grant funding through the Executive Institute of the Illinois Law Enforcement Training and Standards Board. If funding is not available, tuition will be charged or the course may be cancelled. If funding is approved, tuition will be waived.

PLEASE NOTE: Cancellations must be received 35 days prior to the start of class in order to avoid being billed.

Standardized Field Sobriety Instructor Refresher

TTT135R

November 15, 2019

Countryside Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: None

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Law Updates

The National Highway Traffic Safety Administration (NHTSA) recently conducted an audit of the Standardized Field Sobriety Testing (SFST) training program in Illinois and determined that training entities have not always provided consistent instruction throughout the state. In response, the Illinois Law Enforcement Training and Standards Board (ILETSB) instituted policies and procedures to ensure consistency in SFST training. The Illinois Department of Transportation (IDOT) also required SFST refresher training for officers working patrols funded by grants.

The goal of this course is to provide SFST instructors with the latest NHTSA curricula. Upon completion of this training, participants will be able to conduct SFST Instructor, DUI Detection, and SFST training programs for academies and SFST Refresher classes for anyone requesting them. This eight hour block of instruction will enable law enforcement personnel to meet the requirements of the ILETSB and IDOT.

A comprehensive review of the 2018 manual will be given to each student to provide them with historical background of the evolution of this training. Class will focus on the new 2018 manual and the changes that have been made in the SFST curriculum. A detailed presentation on Horizontal Gaze Nystagmus, the Walk and Turn Test, and the One Leg Stand Test will also be given. Finally, participants will also be introduced to the NHTSA 4 and 8 hour SFST Refresher courses.

This course will be taught by: DRE Coordinator Thomas Turek, State of Illinois.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

This intensive two-day program examines vehicle stops with a realistic view of tactical deployment. Students will review dangers associated with traffic stops, "officer killed" statistics, and participate in practical scenarios designed to improve their physical and mental approaches.

Tactical recommendations will be provided for each of the three general types of traffic stop situations officers confront: Low, High, and Unknown Risk. Topics to be practiced and discussed include:

- Low risk approaches
- Tactical walk up, walk back, and walk through
- Assessing vehicle stops
- Examining cover, escape, and evasion tactics
- Moving, drawing, and taking appropriate action
- Changing tactics during a vehicle stop
- Tactics for pedestrian contact
- Backup positioning
- Drug interdiction stops

This course is licensed by special agreement with the Shelbyville, Indiana Police Department.

Officers should bring their department vehicles and duty equipment and dress for practical exercises.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Sanford Swanson.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Cultural Competency, Procedural Justice, Human Rights

Within your agency, on the street, at home: Who has your back? Who supports you? What sacrifices have you made? Has the job changed you? This profession is one of courage, valor and honor. Watch Your Six! is an investment which directly serves the officer, while still focusing on the organizations mission.

This highly interactive program concentrates on wellness in regards to the ills of the law enforcement profession, stress and coping. Activities of personal fulfillment, value and purpose occur to benefit each student.

Have you ever ridden the hyper-vigilance roller coaster? We have relevant conversations police need to have where you can just decompress. We arm you with tools to keep you mindful on the job and going home safely.

You represent all police officers: How are you making an impact? Do your actions affect others? What messages are you sending? Are you solving problems? We sometimes forget our roles, or just have a bad day. This course will examine tactics to reinforce the perception of Police Legitimacy.

While not diminishing the importance of the warrior, this class highlights the usefulness of the guardian mindset and emphasizes communication over commands, cooperation over compliance and legitimacy over authority. In the use-of-force context, the guardian asserts patience and restraint over control, stability over action.

21st Century Policing: How is law enforcement viewed today? Can we improve? Do you see the world differently? Is your mindset a little jaded? Is perception reality? The police culture must stay up-to-date with society's trends.

A discussion of the concepts of Procedural Justice will enhance officer's safety with everyday interactions to gaining invaluable intel to interviewing suspects. These principles including giving others a voice (listening), neutrality in decision making, respectful treatment, and trustworthiness, and the vital role each plays in effective policing and positive community relations.

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Officer Christopher Weinbrenner, Addison Police Department; William Fuentes; Sean Gilhooley.

Saturday Course

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Note: Students need to bring their duty weapon, holster, 150 rounds of ammunition, eye and ear protection, and a pen to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, La Grange Park Police Department (Retired).

40 Hour Mandatory Firearms Training Program

Participant's Information Sheet

To be given to Course Participants

Public Act 79-652 states, "Possession and use of a firearm, in connection with official duties of a peace officer in Illinois, is conditional upon participation and successful completion of 40 Hour Firearms Training."

Your agency supervisor has scheduled you to participate in a 40 Hour Mandatory Firearms Training Program. This program satisfies the requirements of the Illinois Law Enforcement Training Standards Board.

Training includes classroom instruction and weapons practice at a firing range with instructors certified by the Illinois Law Enforcement Training Standards Board. The following conditions were established through the cooperative efforts of the Board and North East Multi-Regional Training, Inc. It is your responsibility to read these conditions thoroughly and adhere to all of them. These include:

1. Report to training as instructed by your Chief, Sheriff, or Training Officer
2. Safety regulations of the range, weapon conditions, and ammunition use will be directed by the Range Master and his assistants.
3. The Range Master will instruct and enforce strict regulations for safe handling and use of weapons at all times. Anyone who endangers the safety or well-being of others will be ejected from the premises. This includes horseplay, carelessness, or any other inappropriate behavior.
4. You must bring your own weapon, ammunition, and required equipment. The Range Master and his assistants will not provide, repair, or replace any equipment. Please make certain all equipment is in proper working condition.
5. Classroom instruction is held in the evening. You are required to bring notebooks, pens or pencils. *DO NOT BRING WEAPONS OR AMMUNITION TO CLASSROOM SESSIONS.*
6. Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:
 - a. Service weapon in safe firing condition
 - b. Duty holster
 - c. 550 rounds ammunition (factory or reload)
 - d. Eye and ear protection
 - e. Shotgun in safe firing condition
 - f. Appropriate clothing for outdoor range (depending on class location)
 - g. Cleaning kit for your service weapon
 - h. Bag lunch or money to purchase meal

State statute requires successful completion of this training BEFORE you can legally carry a weapon while performing law enforcement duties. Successful completion is achieved with at least a 70% on the written examination and 70% on each of the two qualification shooting rounds. Re-testing for a failed written examination or a failed range qualification will be handled in accordance with the policies of the Illinois Law Enforcement Training Standards Board.

Care and use of your weapon is a serious matter. You are required to conduct yourself in a professional manner at all times during this training program.

Registration Information

REGISTRATION INFORMATION

Pre-Registration

NEMRT courses are filled on a first-come, first-serve basis, based upon the Pre-Registration forms we receive. Typically, our courses quickly fill to capacity. Once a class has reached its capacity of students, "Stand-By" lists are created.

Students on stand-by lists may not attend our programs. All students must first be confirmed by our Registrar's office. After receiving confirmation, students may attend the training program, where they complete an actual registration form. Confirmation and stand-by lists are distributed weekly by the Registrar.

Please keep in mind that courses fill quickly. Pre-register your students early!

Attendance Policy

The Illinois Law Enforcement Training and Standards Board (ILETSB) requires that all attendees of a course for which they will receive a certificate from the Board be present for 90% of the course. For example, one must be present for 36 hours of an ILETSB-certified 40 hour course. NEMRT has adopted that policy for all of its training programs, allowing attendees to miss no more than 10% of any course, with a legitimate excuse (family emergency, need to appear in court, reassignment, etc.) and still receive a NEMRT certificate.

Cancellations

When we receive a cancellation, students are moved from the stand-by list to fill the vacancy. We then notify your training officer that the student has been moved from stand-by and confirmed to attend the program.

Occasionally, training officers fail to notify us that an officer will be unable to attend. When this occurs, students on the stand-by list are denied an opportunity to attend the training they need.

To avoid this situation, please contact the Registrar's Office as soon as possible regarding schedule conflicts and cancellations. With this information, we are able to move officers from stand-by lists and into course rosters. This increases both the number of officers receiving training and the overall effectiveness of your training dollars.

Please note in the ***Course Description*** section the statements about cancellation deadlines and billing for each class. Usually, the deadline is 7 days prior to the start of the course unless otherwise noted.

ADA Accommodation

If your student is covered under the Americans with Disabilities Act, please notify Deputy Director Chuck Ghiloni at (630) 896-8860, ext.103 to establish reasonable accommodations.

Questions?

If you have questions regarding confirmation or stand-by policies, please contact our Registrar's Office at (630) 896-8860, ext. 102.

Part Time Training Info

Basic Part-Time Law Enforcement Officer Training

In accordance with Public Act 89-170, all part-time sworn police officers in the state of Illinois are required to successfully complete a Basic Part-Time Law Enforcement Officer Training Course. North East Multi-Regional Training, Inc. is offering a choice of two different basic training academies to fulfill the requirements of this act. *The tuition shown below for each of these academies is eligible for reimbursement through the Illinois Law Enforcement Training Standards Board.*

Web Based Academy

Through the efforts of the Illinois Law Enforcement Training Standards Board, the ILETSB Executive Institute, and the Center for Applied Internet Technology (CAIT) at Western Illinois University, the STTAR program has been redeveloped and updated to deliver part-time basic training in a cutting-edge distance learning format using the internet.

Approximately 212 hours of instruction are delivered via the internet, allowing students to choose the times most convenient for them to independently complete an average of seven hours of training per week through the internet. This training is supplemented with eight-hour classroom sessions conducted on Saturdays, where the students receive lectures from instructors who are experts on the subject matter, and to participate in performance-based practical exercises.

This program, with the addition of the 40 Hour Mandatory Firearms Training course, meets the 560-hour curriculum for law enforcement basic training. In total, the program takes approximately 9 months to complete.

Scheduling of the next WEB Academy is awaiting development/approval of a new Basic Academy curriculum by the ILETSB.

Tuition: \$1,100.00

Due to substantial changes being made to the academy curriculum by the Illinois Law Enforcement Training and Standards Board, we cannot set a date for our next offering of the Web-Based Academy.

Students are required to successfully complete the P.O.W.E.R. test to enroll in the Web Based Academy. NEMRT offers the P.O.W.E.R. test prior to the orientation for each program. There is a \$35.00 fee to take the test. No POWER tests are currently scheduled.. All POWER testing will be conducted at the Crestwood Wellness and Recreation Center in Crestwood, IL.

The 40 Hour Mandatory Firearms course is not included in the Web Based Academy. Therefore, we have arranged a special firearms course reserved for those part-time officers enrolling in the academy who have not yet been certified. Tuition for the course is the standard in-service tuition of \$175.00. Please indicate on the pre-registration form those officers who are enrolling in both the academy and the firearms course. The dates for this course will be announced.

Contact April Morris, Basic Training Manager (Tel: 630-896-8860, x104, Email: amorris@nemrt.com), for required enrollment paperwork.

Consulting Services

CONSULTING SERVICES

This course catalog reflects the training needs of agencies throughout our membership. However, we realize that your department may also have unique, sudden, or critical training needs that may not be addressed among these courses. We also realize that you may not have the time or resources necessary to develop customized, high-quality training programs. To meet these unique needs, NEMRT staff is available to develop In-House programs.

Customized Training

In-House programs provide customized training, designed exclusively for your department's needs and scheduling demands. They can be a valuable means of meeting your departmental training goals effectively and efficiently.

NEMRT staff will develop your curriculum, contract with instructors, compile handouts, process registrations, and issue training certificates. Many area departments have taken advantage of this valuable service. In fact, NEMRT develops over 200 In-House training programs a year!

Standard Curriculum

Some agencies have used In-House programming not only for customized curriculum, but also to deliver our standard in-service programming to their entire departments. A partial list of these In-House courses includes:

- Verbal Judo
- Courtesy and Diplomacy for Non-Sworn Personnel
- Laws of Arrest, Search and Seizure
- Hazardous Materials Refresher
- Horizontal Gaze Nystagmus
- Essential Spanish for Police

Additional Information

If you have any questions about our In-House programming services, please call Michele Bou-Sliman, Program Manager for Special Projects, at (630) 896-8860, x118. Michele will be happy to discuss your needs and provide valuable training alternatives.

How to Become a NEMRT Member

WHAT IS NEMRT?

North East Multi-Regional Training is one of seventeen Mobile Teams of the Illinois ASSIST Program. We provide in-service training to law enforcement and corrections personnel throughout metropolitan Chicago.

Since its incorporation in 1983, NEMRT has trained thousands of officers throughout Illinois, Wisconsin, and Indiana. Students attending our programs span every rank, from community service officers to chiefs of police. We have presented thousands of seminars and workshops, ranging in length from 2 to 400 hours. Our course content ranges from refresher training to university-directed Staff and Command courses.

Our programs are designed to provide the highest quality training at the most competitive price.

This section of the course catalog contains answers to some of the questions you might have concerning the training offered by North East Multi-Regional Training, including:

- Membership costs
- Membership benefits
- Becoming a NEMRT member

If you would like any further clarification, or if our staff can assist you in any way, please call Director Tom Reasoner at (630) 896-8860, ext. 114.

THE ASSIST PROGRAM

The Illinois Law Enforcement Training Standards Board administers the Intergovernmental Law Enforcement Officers In-Service Training Act (P.A. 82-674). This Act, coupled with the Traffic Surcharge and Criminal Conviction fund, provides the structure and financial support for a unique state\local partnership. This partnership provides decentralized delivery of in-service training within commuting distance of virtually every law enforcement and corrections officer in the state.

On Jan. 1, 1983, The Illinois Law Enforcement Training Standards Board launched A Statewide System of In-Service Training, known as the ASSIST Program. Within five years, the Mobile Team Unit conducted over 7,000 courses for over 120,000 in-service practitioners. The ASSIST Program has since gained national recognition as one of the most cost-effective and comprehensive in-service training systems in the United States.

The objectives of the program are:

- To encourage local law enforcement and corrections officers to upgrade their knowledge, skills, and techniques pertinent to the law enforcement profession
- To provide local law enforcement officers with training opportunities within their own locales and on flexible schedules
- To provide quality training on topics of instruction centered on specific training needs

NEMRT MEMBERSHIP

Annual membership in North East Multi-Regional Training will be \$95.00 per full-time officer. In addition to payment for all full-time officers, members may select from three payment options to tailor training for their civilian, reserve, part-time, and auxiliary officers:

1. You may pay for all full-time, part-time, reserve and auxiliary officers, and civilians within your total membership at \$95.00 per individual.
2. You may pay for all full-time officers and only a specified number of your total civilian, reserve, part-time, and auxiliary officers. The number chosen is entirely up to you.
3. You may pay for full-time officers only and pay non-member tuition fees for those classes attended by your civilian, reserve, part-time, and auxiliary officers.

As an added benefit, members employing more than 125 full-time officers need only pay for the first 125 officers. This maximum membership fee of \$11,875.00 entitles all full-time officers, not merely the first 125, to unlimited training through North East Multi-Regional Training for the membership year. Membership fees would still need to be paid for any part-time, reserve, or civilian employees you wish to include.

Occasionally, courses are offered that require tuition from member and non-member departments alike. These fees arise from the special equipment that may accompany the course, or from the expense arising from bringing in an out-of-state expert for timely courses of a technical nature. However, member department tuition fees are typically lower than a non-members.

MEMBERSHIP CATEGORIES

NEMRT's voting membership consists of municipal and county law enforcement agencies whose units of government have voluntarily signed an Intergovernmental Agreement, or have passed a Resolution and Adoption of existing Intergovernmental Agreements, which establishes "NEMRT, INC." as a mobile team in-service training unit. Member departments are invited to the Annual Election of Directors, held on the third Tuesday of March, to cast their votes.

Member department Intergovernmental Agreements are self-renewing and do not require annual processing unless membership is dropped for more than one year. Then the Agreements will be addressed as a new membership again.

Non-voting member departments are federal and state law enforcement agencies who are eligible to participate in regional law enforcement in-service training under the Illinois Intergovernmental Law Enforcement Officers In-Service Training Act, but are precluded from signing an Intergovernmental Agreement due to the structure of their governing rules. In such cases, department administrators may contract with NEMRT, Inc./Mobile Team Unit #3, to allow their law enforcement personnel to participate in the Region's in-service training efforts at an annual rate established by the NEMRT, Inc. Advisory Board. Non-voting member departments are precluded from serving on the Board of Directors or voting on matters that affect NEMRT, Inc./Mobile Team Unit #3 operations, policies, and/or procedures.

Non-member departments are federal, state, and local law enforcement agencies that decline formal membership in the ASSIST Program. They remain eligible to participate and attend in-service training under the In-Service Training Act, but are required to pay tuition as listed in the course descriptions. Non-member agencies are billed for attendance after the completion of each course.

Computer-Based Training

40 Hour Juvenile Specialist Program - Web Version

NEMRT is pleased to offer a web-based Juvenile Officer Program. You and your officers can choose the time, place and pace at which they learn, and bring their training right to the desktop! This program has been thoroughly reviewed and certified by the Illinois Law Enforcement Training and Standards Board.

This Distance Learning web-based training program has been designed by NEMRT, with experts from the fields of juvenile law, social work, and law enforcement to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors they will need for success in that position. They will be familiar with and assume the legal, moral and social roles that will assist your agency in its community-policing role.

Officers who take this web-based course and pass the exam will be *Illinois state-certified Juvenile Officers*, just as if they had attended a traditional, classroom training course!

Topics covered include:

- Effective communication with youths and their families
- Recognizing the stages of development in minors and anticipating behaviors which are characteristic of each stage
- Becoming familiar with and how to maximally utilize social service agencies
- Interpreting and applying provisions of the Illinois Juvenile Court Act
- Recognizing prevalent threats to the well being of minors, including drug and alcohol abuse, street gang involvement, sexual exploitation, violent crimes, etc.
- Identifying the elements of child abuse: the abuser, the abused child, and the triggering event
- Recognizing signs of physical child abuse, including bruises, burns, bites, bone fractures, etc.
- Identifying characteristics of child sexual abuse victims and considering concerns victims have regarding disclosure of abuse
- Differentiating between different types of sex offenders
- Recognizing the many different ways in which children are neglected
- Identifying a Sudden Unexpected Infant Death and listing risk factors for it

Registration & Purchase Information

Students completing the program may register to take the state certification examination, which will be offered on the first Wednesday of each month, from 8:30-11:30 am, at NEMRT's office in North Aurora.

After purchasing access to the program, you may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on-line at www.nemrt.com.

For more information, contact Mary Pocius at ext. 116 or mary@nemrt.com.

Cost: \$120 - includes access to the program and one certification examination.

Additional officers can view the program for in-service and refresher training at no charge.

Additional officers may register to take the exam for \$75.00 each.

This Distance Learning web based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of "delinquency and in supporting youths in growing out of adolescence" without experiencing the stigma of police involvement.

Officers who take this web based course and pass the examination given at the end of the mandatory review session will be Illinois state certified Juvenile Officers just as if they had attended a traditional classroom training course.

You may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on line at www.nemrt.com. Please note: Access to the web program must be purchased prior to examinations being taken.

This course will be taught by: Cmdr. Brian Galske, Chicago Ridge Police Department.
