This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Human Rights, Sexual Assault Investigator Training, Law Updates, Sexual Assault Trauma Informed Response

This two day, sixteen hour training program has been specifically designed for North East Multi-Regional Training, Inc. to meet the needs of law enforcement personnel tasked with conducting sex crime investigations. This course meets the requirements for First Responders and Investigators as required under Public Act 99-0801: Sexual Assault Incident Procedure Act.

The course will focus on the response and investigation of sexual assault. Topics addressed include:

- Trauma and the neurobiology of the brain.
- Rape myths surrounding sexual assault cases will be discussed and addressed.
- What it means to be victim centered and trauma informed, and how to conduct trauma informed interviews with victims.
- Defendant interviews and considerations when dealing with offenders charged with sex crimes.
- Investigation tips as to hospital protocol, and the role of SANE nurses and rape advocates.
- Social media and evidence gathering from the internet will be discussed.
- This training will stress the importance of being trauma informed and victim centered to avoid re-traumatization of the victim.

The goal of this training is to educate investigators as to the complexities of sexual assault investigations including:

- Misperceptions about sexual assault survivors and offenders which may make survivors reluctant to report the crime.
- How trauma impacts the manner in which survivors are able to report.
- How best to support sexual assault survivors during their encounter with law enforcement and the criminal justice system, and how to focus on offender behaviors as well as hold offenders accountable.
- Conducting trauma informed, survivor sensitive interviews,
- Effective techniques for offender interviews,
- Considerations in report writing,
- Investigating digital and social media platforms
- An in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various instructional teams.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

**This Course meets the following
Mandates:
Cultural Competency, Procedural
Justice**

This new 32 hour curriculum has been designed to provide new instructors with the skills needed to become dynamic, effective trainers. In this highly interactive and participatory program, students will be introduced to a multitude of techniques that can be used successfully within traditional law enforcement environments and applications, including the classroom, field operations, simulated scenes, scenarios, and assessment training.

This course focuses on techniques of instruction that address different adult learning styles and will provide a comprehensive overview of different classroom management principles. Participants will complete numerous practical exercises in public speaking, demonstrative instruction, and lesson plan preparation. Class will culminate in each participant providing a block of instruction on a law enforcement-related topic of their choosing. Attendees will be encouraged in the development of their instructional skills through immediate, supportive feedback from instructors as well as their fellow classmates.

Topics to be addressed include:

- How to instruct to all adult learning styles
- Time management of a training program or unit of instruction
- Organization and lesson plan preparation
- Writing course objectives
- Different types of class participation
- How to construct exam questions
- Classroom media, including PowerPoint and Poll Everywhere

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Master Sergeant Heather Hansen, Illinois State Police; Christopher Collins.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

4 Hour Mandatory Firearms Training Waiver (P.A. 90-646)

PHY513R

December 3, 2021

**Joseph Schwab Public Works
Facility Des Plaines Police
Department Firearms Range**

February 18, 2022

**Joseph Schwab Public Works
Facility Des Plaines Police
Department Firearms Range**

08:00 AM to 12:00 PM

Member Tuition: \$75.00

Non-Member Tuition: \$105.00

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Departments are to submit a Form E, as well as a Waiver Application for the individual officer to the Illinois Law Enforcement Training and Standards Board.

In order to have their registration confirmed, departments will then need to submit the following to NEMRT, prior to the start of the course:

- Letter from ILETSB authorizing individual to participate in course of fire
- NEMRT's Consent to Participate Form
- NEMRT's Indemnification Agreement

Registrants will be placed on a waiting list until the above items are received.

Questions in regards to registration and confirmation should be directed to the NEMRT Registrar at 630-896-8860

Note: Students need to bring their duty weapon, holster, 150 rounds of ammunition, eye and ear protection, and a pen to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, (Retired).

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

This 40 hour course is specifically designed for experienced, uniformed patrol personnel selected to serve as Field Training Officers for probationary employees. This course emphasizes the FTO's role in assisting probationers in certifying for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policies, procedures, and community service delivery standards.

Instruction in this program highlights two essential Field Training and Evaluation Process skills: A) the ability to examine and objectively document the probationer's job behaviors using standardized assessment guidelines and, B) the analysis of the probationer's training needs and use of proper instructional techniques for corrective action. Presentation will focus on discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook "Breaking Routine: Field Training Officer."

Course content includes:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process
- The Instructional Relay Race: Taking over where basic police training/certification left off inventorying the probationer's current knowledge and skill proficiencies
- Selection and use of on-the-job instructional techniques: finding the right tools to meet the challenge
- Examining effective probationer assessment standards that produce outstanding law enforcement officers
- Utilization of standardized evaluation guidelines
- Documenting probationer performance
- Performance assessment: objectively measuring probationer competence
- Documenting the extent of training and coaching
- Managing deficient performance and the "Not Responding to Training" probationer
- Use of the Probationer Officer Manual as the Field Training playbook
- Preparing the Probationer for Community Oriented Policing: Dancing with SARA!

Students must bring a pocket calculator to class to complete light math exercises. Students should be familiar with their Department's current Field Training and Evaluation process and are encouraged to bring a copy of their agency's manuals and forms to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of the program in order to avoid being billed.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of “delinquency and in supporting youths in growing out of adolescence” without experiencing the stigma of police involvement.

This online, web-based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly-assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Officers who take this web-based course and pass the examination given at the end of the mandatory review session will be Illinois state-certified Juvenile Officers - just as if they had attended a traditional classroom training course.

To gain access to the web-based program, departments must have purchased the program through NEMRT. Access to the program can be acquired by contacting NEMRT at 630-896-8860. Departments who have previously purchased a Juvenile CD from NEMRT in the past, already have access to the online program.

Individual officers will then be able to log in and review the course materials online through our website at www.nemrt.com

Departments are to register their officers for the review/test date as listed in the catalog. The review session is conducted by an instructor prior to administering the test.

OFFICERS MUST HAVE VIEWED THE ONLINE COURSE CONTENT PRIOR TO THE REVIEW/TEST DATE. Officers also must attend the mandatory review/test date in order to receive certification.

If your officer has not completed the online portion by their registered review/test date, please contact NEMRT directly.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Deputy Chief of Operations Brian Galske, Chicago Ridge Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

8 Hour Trauma Informed Response to Sexual Assault

PAT980R

**January 11, 2022
Burr Ridge Police Department**

**January 12, 2022
Crystal Lake Police Department**

**February 8, 2022
Carol Stream Police Department**

08:00 AM to 04:00 PM

**Member Tuition: None
Non-Member Tuition: \$105.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

**Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Procedural Justice, Human Rights,
Law Updates, Sexual Assault
Trauma Informed Response**

The course will focus on the initial response of a sexual assault. The training will address trauma and the neurobiology of the brain. Rape myths surrounding sexual assault cases will be discussed and addressed. There will be a focus on what it means to be victim centered and trauma informed and how to conduct trauma informed interviews with victims. The training will also address defendant interviews and considerations when dealing with offenders charged with sex crimes and considerations in report writing. The SANE program and the role of rape advocates will also be addressed. Social Media and evidence gathering from the internet will be discussed. The training will stress the importance of being trauma informed and victim centered to avoid re-traumatization of the victim.

The goal of this training is to educate officers as to the complexities of sexual assault investigations, including: misperceptions about sexual assault victims and offenders which may make victims reluctant to report the crime; how trauma impacts the manner in which victims are able to report; how best to support sexual assault victims during their encounter with law enforcement and the criminal justice system; and how to focus on offender behaviors and hold offenders accountable. This training focuses on conducting trauma informed, victim sensitive interviews, effective techniques for offender interviews, considerations in report writing, investigating digital and social media platforms and a more in depth look at the neuro-biology of the brain that helps explain how trauma effects memory.

This course will be taught by: Various instructional teams.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Acting Patrol Officer in Charge

Member Tuition: None

Non-Member Tuition: \$210.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

**Cultural Competency, Procedural
Justice**

This training program is designed to meet the practical needs of uniformed patrol officers who have supervisory responsibilities and will challenge them to evaluate their leadership styles. The management of numerous patrol challenges will be discussed in a highly interactive setting with safe and proper response to situations being the main theme of this program. Patrol officers who serve as Officers-in-Charge, Field Training Officers, and newly-appointed sergeants would all benefit from this program.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Deputy Chief of Operations Brian Galske, Chicago Ridge Police Department.

December 2, 2021

Mundelein Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

**This Course meets the following Mandates:
Law Updates**

The detection, arrest, and subsequent prosecution of D.U.I. offenders continues to be a complex process, so much so that law enforcement officers need additional training and guidance. This program will provide officers with the supplemental skills necessary to perform optimally in their DUI enforcement roles.

The 3 day National Highway Traffic Safety Administration (NHTSA) D.W.I. Detection and Standardized Field Sobriety Testing Training course provides a helpful background for students attending this course, but is not a mandatory prerequisite.

Topics to be addressed include:

- Key legal decisions regarding Illinois laws
- Articulating suspicion
- Caretaker liabilities and functions
- Evidentiary concerns: breath, blood, urine
- Non-standardized field sobriety tests
- Implied consent provisions
- Common defenses challenges
- Process review

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Anthony Ikis, River Grove Police Department; Justin Lauria, Lincolnwood Police Department.

08:00 AM to 04:00 PM

**Member Tuition: None
Non-Member Tuition: \$210.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Law Updates**

The Advanced Roadside Impaired Driving Enforcement program was developed by the National Highway Transportation Safety Administration with input from the International Association of Chiefs of Police Technical Advisory Panel and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between Standardized Field Sobriety Testing and Drug Evaluation and Classification Programs.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers who have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics and oftentimes release impaired drivers. Once an officer completes this training, he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), and will have a broader knowledge of drug impairment indicators. Students will also become more familiar with the DRE program and its function, thus facilitating better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of impairment.

ARIDE is a 16 hour training course taught by DRE instructors or SFST instructors who are also DRE's. The training will be conducted under the control and approval of the DEC Program state coordinator.

This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. Much of the classroom training will be devoted to hands-on practical exercises.

The following topics will be addressed:

- Update of the Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our communities
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Enhanced prosecution of drug impaired drivers

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Ari Briskman, Lake County Sheriff's Office.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Basic Dignitary Protection (16 Hours)

Basic Patrol Tactics

PAT357R

December 20, 2021

Cary-Grove High School

December 21, 2021

Cary-Grove High School

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

The largest percentage of any police department is comprised of the patrol division. Patrol officers are often faced with situations requiring special care, advanced tactics, and the ability to work as a team to bring unstable situations to peaceful resolution. In any police agency, the lives of innocent persons and civilians represent the highest priority, with fellow law enforcement officers a close second priority. Maintaining these priorities during high risk, rapidly-evolving dynamic situations oftentimes requires specialized tactics to mitigate danger, particularly when tactical team response is delayed or not possible.

The purpose of this one day, 8 hour course is to provide officers and supervisors assigned to their departments' patrol divisions with strategies and tactics that can be used during all patrol operations ranging from low risk/high frequency to high risk/low frequency events.

Topics to be addressed include the following:

- The importance of responding as a coordinated team to all types of situations
- Various components of incident planning
- The seven critical steps of an ICS incident response
- Equipment considerations for different circumstances
- Boyd's "OODA Loop" and how it relates to action versus reaction
- Appropriate flanking techniques
- Priority of fire
- Cover and concealment considerations
- Safe techniques for suspect management
- The importance and functions of inner and outer perimeters in various situations
- The function of a Rapid Intervention Team (RIT) independent of perimeter positions
- Various searching techniques for multiple and single officer searches

STUDENTS SHOULD BRING THE FOLLOWING ITEMS TO CLASS:

- Duty belt - NO AMMUNITION IN WEAPONS OR ON THEIR PERSON
- Long pants
- Closed toe shoes
- Neoprene gloves
- Something to drink

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Scott Naydenoff, Cary Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Member Tuition: \$35.00
Non-Member Tuition: \$250.00

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Lead Homicide Investigator**

This two-day, hands-on seminar is an introduction to the application of photography in law enforcement functions and is designed to enhance the skills of participants through a combination of lecture and hands-on learning opportunities.

This course will cover the following topics:

- Basic photographic theories and principles
- 35mm and digital camera operation
- Crime scene documentation
- Flash photography
- Introduction to digital imaging and transition

PARTICIPANTS SHOULD BRING THEIR AGENCY'S CAMERA AND THE INSTRUCTION MANUAL TO THIS COURSE.

The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

**Cancellations must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Detective Jonathan Pugsley (Retired), and Detective Kevin Farley, Du Page County Sheriff's Office.

Basic Traffic Crash Investigation - Level I

TRA901R

January 24-28, 2022

Lake Zurich Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$525.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates

This course will provide officers with the skills needed to understand and utilize basic traffic crash investigation techniques and procedures. While this course is primarily intended for patrol officers who handle routine traffic crash investigations on a daily basis, it will also serve as an excellent introduction to more advanced traffic crash investigation techniques and courses.

Course topics include:

- Why investigate traffic crashes and the role of law enforcement
- Illinois Dept. of Transportation SR 1050 Traffic Crash and Reporting Procedures
- Illinois Traffic Law relative to traffic crashes
- Traffic enforcement measures which reduce traffic crashes
- Basic traffic crash mathematics relative to this level of training
- Blue Blitz Traffic Crash Template usage
- Traffic Crash Template and Nomograph usage
- Collision Dynamics including Skidmark/tiremark identification
- Exercises in completing Field Sketches and Diagramming
- Collecting and documenting physical evidence from the vehicle
- Hit & Run traffic crash investigation
- Insurance Fraud
- Effective prosecutions and court presentations
- Demonstration and comparisons of advancements in traffic crash investigation technology
- Practical exercises

Students must bring an inexpensive calculator with square root capability, and a basic metal drawing compass with them to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief (Retired) James Linane, Sleepy Hollow Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Basics of Property and Evidence Room Management

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Procedural Justice, Law Updates

Property and evidence management functions have long presented logistical and procedural challenges to police agencies. The aim of this course is to provide persons assigned to the property control function – whether sworn or civilian - with the knowledge and skills needed to properly handle, store, and purge items commonly found in evidence rooms. Applicable laws, common policies, and standards which form the backbone of a well-functioning property room will be reviewed in detail.

Topics to be addressed include the following:

- Property management policies and best practices
- Employing a systematic approach to property management
- Issues and difficulties faced by other agencies
- Laws and regulations affecting the property control function
- Proper documentation of evidence and property
- Identification of problem areas through review of current practices
- Proper inventory and auditing procedures
- Processes for fixing “broken” property rooms

**Member Tuition: None
Non-Member Tuition: \$105.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:
Procedural Justice**

This engaging and practical course will provide attendees with an examination of critical factors which influence personal and professional wellness within the law enforcement community. This program seeks to increase officers' awareness of the myriad challenges presented by a life spent in public service and the impact each has on an overall sense of well-being.

Team taught by a veteran law enforcement officer and seasoned psychologists experienced with paramilitary culture, this program will provide students with strategies for engaging in fuller, more satisfactory lives which encompass a full range of experiences found beyond the demands of the job.

Topics to be addressed in this program include the following:

- Police cultural identity: How it influences individual mindsets and behaviors
- Managing trauma reactions
- Reducing the risk of officer suicide
- Creating a comprehensive professional identity
- Handling personal relationships
- Practicing effective self-care
- Developing action plans for implementation after class

Upon completion of the class, students will be encouraged to maintain contact with their instructors and classmates as a means of continuing support and resources for their individual wellness journeys.

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Stephanie Murauskas, University Of Illinois Police Department; David Niekamp; Debra Gerlach; Kevin Tripplett.

Bloodstain Evidence Workshop

INV144R

January 7, 2022

River Grove American Legion
Recreation Center

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following
Mandates:

Lead Homicide Investigator

The goal of this program is to provide investigators with the skills necessary to collect and preserve bloodstain evidence and effectively integrate it into their cases. It provides the foundation for investigators to identify collect, and handle bloodstain evidence in any criminal case. Students will be given detailed explanations of the most up-to-date, scientifically sound methods for identifying, documenting, and collecting bloodstain evidence encountered by law enforcement crime scene service units. It will build upon basic blood evidence training students receive in standard 40 Hour Basic Evidence Technician courses and will introduce advanced methods for interpreting and processing such evidence.

The lecture portion of this program is minimal so students can maximize time spent on hands-on exercises meant to build upon practical skills that will be immediately applicable on the job.

Topics to be addressed include:

- Safety precautions to be taken when working with bloodstain evidence
- Identifying bloodstain evidence
- Documenting bloodstain evidence
- Photographing bloodstain evidence
- Sketching bloodstain evidence
- Chemical enhancement of bloodstain evidence
- Collecting blood stain evidence

Upon completion of this program students will have an enhanced awareness of how bloodstain evidence provides information as to types of weapons used, minimum number of blows struck, movement before and after bloodshed, and victim / offender positions before, during and after bloodshed.

STUDENTS MUST BRING A DEPARTMENT-ISSUED CAMERA WITH MACRO LENS, THE INSTRUCTIONAL MANUAL FOR THE CAMERA, A TRIPOD, ELECTRONIC FLASH, SYNC CORD, CABLE RELEASE, MEMORY CARD, FLASHLIGHT, AND A SCIENTIFIC CALCULATOR TO CLASS.

Please note: MOST SMART PHONES HAVE A SCIENTIFIC CALCULATOR APP

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Body Searches: From Terry Stop to Strip Search

PAT295R

January 14, 2022

Burr Ridge Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

**This Course meets the following Mandates:
Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates**

Each year, law enforcement officers are injured, killed, or indicted as a result of improper searches. This eight hour presentation will provide an in-depth analysis of fatal searching mistakes that are frequently acknowledged but seldom addressed. This class has been specifically developed for male AND female patrol officers of all experience levels. However, any personnel responsible for conducting body searches on subjects, whether on the street or in lock-up, will benefit from attending. Unique circumstances surrounding the proper searching of females by officers of the same or opposite sex will be examined in detail. Students will gain insight and be provided the opportunity to exchange ideas and helpful tips that can be put to use immediately.

Topics to be addressed include the following:

- Proper search methods
- Common search mistakes
- Legal doctrine pertaining to different types of searches, including strip searches
- Same sex searches
- Opposite sex searches
- Strip searches
- Policy and procedure

Students will participate in practical search exercises as part of this class and are asked to bring a copy of their current policy regarding searches/lock-up procedures to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Mandates:
Cultural Competency, Procedural
Justice**

Officers of all ranks experience stress on the job. Issues regarding shift work, balancing family needs, financial decisions, and operating in the rule-bound, yet highly discretionary, world of policing require officers to develop a skill set that few academies prepare them to use, let alone know about.

An experienced law enforcement manager and educator will provide students with a number of ways to better cope with both the “normal” challenges of the job and the acute occurrences which can produce high levels of stress.

Personal leadership approaches are emphasized throughout this one day course and officers will have a chance to consider better ways to make decisions, including the following:

- Compassion fatigue
- How the dynamics of control and trust can change attitudes
- Recognizing why officers have special communication needs
- Overcoming the damaging effects of “rule bound” and stoic approaches to the job
- Recognizing symptoms of stress and how they differ from other jobs
- Developing an action plan based on a personal vision beyond the job
- Overcoming the “peaks and valleys” of unhealthy career investment
- What goes wrong: Alcohol, divorce, isolation, suicide and depression

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Retired Deputy Chief Kent Williams, Bartlett Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Building a Patrol CQB Program

PHY067R

November 22, 2021

Kane County Sheriff's Office

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:
Use of Force

Close Quarter Battle (CQB) can be roughly defined as the engagement of deadly force combat at short ranges at which threat and non-threat targets are in tight proximity, if not intermingled. CQB methods, while usually considered the domain of SWAT personnel, are in fact more likely to be utilized by patrol officers during routine operations. Indeed, patrol regularly engages in activity leading to CQB shootings, including but not limited to alarms, burglaries, home invasion calls, and armed subject calls.

This instructor-level program has been designed to provide students with the knowledge and skills needed to build patrol CQB programs for their respective agencies. Topics to be addressed include:

- Differentiating between SWAT and Patrol CQB
- The fundamentals of 2 and 3 person CQB
- Training strategies for teaching CQB to patrol personnel for patrol functions
- The importance of proper tactics, techniques, and procedures
- Transitioning between different training platforms and real world application
- Conducting live-fire CQB exercises at each stage of training
- Evaluating firearm proficiency needed for CQB training programs
- Achieving training goals without having access to high-dollar facilities

PLEASE NOTE - Students should bring the following equipment to class:

- 300 rounds of handgun ammo (factory or reload)
- Duty weapon
- Holster and duty rig
- Body armor (soft or plate carrier)
- Pen and notebook

Course may be conducted on an outdoor range – please be sure to dress accordingly

This class has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Eric Ellis, Mc Henry County Sheriff's Department; Alex Embry, Mc Henry County Sheriff's Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

Non-Member Tuition: \$105.00**

Limit: 2 per Dept.

**This Course meets the following
Mandates:**

**Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Human Rights, Law Updates**

This seminar will provide the skills an officer needs to initially respond to cases involving different forms of child abuse. Five major areas of child abuse (physical, sexual, emotional, neglect, and sexual exploitation) will be examined by an experienced juvenile officer.

This seminar encourages student participation and emphasizes current investigative fundamentals and practices. Topics discussed will include:

- Psychodynamics of child abuse
- Neglect abuse injuries
- Identification and reconstruction of physical abuse injuries
- The role of D.C.F.S.
- The role of children's centers and police investigators

This Course meets the following
Mandates:
Use of Force

This intensive 2 day program is designed to enhance an officer's fighting skills through the use of simple but effective close quarter shooting and defensive tactics. Geared for both first line and undercover officers, this course will provide core skill development exercises that are key to officer survival and success in the most dangerous street confrontations. This training establishes a foundation for more advanced firearms skills and tactics to be learned as students progress.

Throughout the course, officers will focus on enhanced accuracy and weapons handling skills through the use of live-fire exercises requiring them to move, communicate, and shoot where and when required.

Topics to be addressed include the following:

- Use of force issues
- Close quarter fighting techniques and tactics
- Range safety and developing a survival mindset
- Wound ballistics and targeting the threat
- Introduction to the "Shield Technique" and physical fighting skills
- Verbal skills development
- Overcoming distractions
- Accurate single & multiple shot placement
- Stoppage/malfunction clearance skills
- Failure to stop drills
- Reloading/magazine change out
- Movement off line of force/threat
- Single aggressor engagement from different angles of attack
- 360 degree awareness of additional threats
- Final Certification course of fire

STUDENTS MUST BRING THE FOLLOWING EQUIPMENT TO CLASS:

- 500 rounds of ammunition
- Hat with bill to protect face from ejected brass
- Eye protection
- Pencil/pen and notebook
- Duty handgun
- Duty belt with holster and magazine pouch(es) WITH A MINIMUM (MORE SUGGESTED) OF THREE MAGAZINES. It is strongly suggested that the officers' street magazines NOT be used and range/practice magazines be substituted
- Soft body armor
- Comfortable clothing and boots (fatigues/BDUs/uniform suggested)
- Water/sports drinks for hydration
- Food for on-site lunch break

PLEASE NOTE: This course is offered throughout the year on an outdoor or partially-covered range. Student officers must dress appropriately for temperature and conditions.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

Use of Force**

Police officers all over the world are facing increased public scrutiny over the use of force in highly emotionally-charged and potentially violent situations. The public has come to expect the police to exhaust other alternatives before resorting to physical force

This interactive one day course is designed to provide law enforcement personnel with beneficial communication techniques that can be used when interacting with individuals who are in states of crisis. In many cases, use of these techniques will enable law enforcement personnel to avoid escalation that might necessitate the use of force.

Students will participate in Active Listening scenario-based exercises that will hone their ability to identify the contextual and emotional cues that facilitate effective Emotion Labeling when speaking with persons in crisis.

Topics to be addressed include:

- The crisis communication process, including identification of needs and losses
- The qualities of a good communicator
- The importance of good crisis communication in the current law enforcement climate
- Issues that affect communication in crisis situations, including hot button words, timing, body language, and emotional stress
- Cognitive Overload and how it relates to the crisis communication process
- The 7 Active Listening skills and the role they play in effective crisis communication
- Empathy and witness/victim perceptions

This program has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Human Rights, Law Updates

“Sexting” is a recent trend in which teens are essentially manufacturing and distributing their own child pornography, oftentimes without fully understanding the lifetime consequences of these actions. Any law enforcement response to this issue must include an educational component for our children which makes clear the long term negative impact this activity can have on the quality of their lives. This program will examine why this trend has exploded in recent years, how teens are doing it, when and where it is being done, and what constitutes “sexting”. Students will develop a safety plan that Law Enforcement can use to effectively deal with the young people who are committing these crimes and that parents can also use to successfully monitor their children.

Attendees will need to bring their own laptops/computers for this course

The attending officer will need the following items in order to attend this course:

1. Laptop Computer (please be sure computer is updated and able to connect to wifi)
2. The ability to access your work email remotely from the laptop
3. The ability to download the program “Snagit” on a free trial (<https://www.techsmith.com/download/snagit/>)
4. The ability to download the Search.org Investigative toolbar (<http://www.search.org/resources/search-investigative-and-forensic-toolbar/>)

Examination of the following topical areas will prepare students to effectively protect, educate, and process minors who find themselves involved in these crimes:

- How and why teens manufacture and distribute child pornography to other teens
- Possession, Manufacture and Distribution of Child Pornography laws and how they affect children who commit these crimes
- Investigation of sexting cases
- NCMEC Child Victim Identification Program (CVIP)
- Monitoring software usage for parents
- Proposed legislation

Every year, impaired drivers cause thousands of traffic deaths and injuries. Law enforcement officers play a leading role in getting these drivers off our nation's roads and must be skilled in detecting impaired drivers, administering Standardized Field Sobriety Tests (SFST's), describing events through written reports, and giving persuasive testimony. This 24 hour course teaches participants those skills through classroom instruction which includes the viewing of National Highway Traffic Safety Administration (NHTSA) and International Association of Police Chiefs (IACP) approved videos which assess a subject's impairment and record observations of SFST performance.

Please note that this course was entitled "Field Sobriety Testing: Horizontal Gaze Nystagmus" in previous NEMRT catalogs. Also, it does not incorporate the use of live drinkers.

This program has been submitted for funding through the Illinois Department of Transportation and the Police Traffic Services Project. If approved, tuition for this program will be waived. NEMRT reserves the right to structure the class in accordance with IDOT grant conditions.

Critical incidents involving mass shootings and active shooter situations have presented law enforcement and other public safety agencies with challenges involving command structure, communications, and coordination. The aim of this course is to increase the basic knowledge of first responders - regardless of rank or experience – so that they are able to act effectively and efficiently during a critical incident. Through the use of NIMS and ICS terminology and practices, students will review standardized responses that will increase cooperation and understanding between law enforcement agencies, as well as other disciplines of public safety, including Fire and EMS.

Students will review After Action Reports and actual dispatch communications from past incidents to determine which steps taken were correct and which could have been better based upon the principles outlined in class. They will review the ICS structure and learn how to systematically build a command structure that will reduce confusion on scene. Finally, practical radio drill scenarios in which students assume different roles within the ICS structure will be conducted to ensure proficiency in the skills discussed in class.

While not a mandatory requirement, it is suggested that students enrolling in this class have completed NIMS ICS-100 and ICS-200 courses.

PLEASE NOTE: EACH STUDENT SHOULD BRING A PORTABLE RADIO TO CLASS FOR USE IN PRACTICAL EXERCISES.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Nothing is as important to government services as the relationship between law enforcement and the public that is served. Recent inflammatory actions and news stories have had a negative impact on the perception of law enforcement. Agencies and individual employees must understand their role and that every action and statement made reflects on the profession as a whole.

Appropriate for officers from all ranks, this training will focus not only on individual employee attitudes and beliefs, but also organizational concepts that either enhance trust or perpetuate a lack of trust within communities served.

Topics to be addressed include:

- The concept and foundations of Blue Courage and how they apply to law enforcement authority
- Service, justice, legitimacy, and fundamental fairness as they apply to the nobility of policing
- Resilience and techniques for enhancing peak performance
- Respect in police work
- Civil and human rights
- De-Escalation techniques
- Policing using influence and control
- Concepts of procedural justice
- Cultural competency

This advanced communications course will assist officers in responding to calls in which individuals are overcome by stress, symptoms of mental illness, or are in highly-excitabile states of mind.

Depressed, suicidal, and actively psychotic individuals often escalate their behavior when officers arrive on scene. This requires officers to adapt with a different set of communication strategies to slow down and gain control of these intense situations.

This course seeks to gain voluntary compliance without the use of force and is based on crisis intervention team models used by established police teams operating in some U.S. cities. The scenario-based practical exercises conducted during this course would benefit any line officer as well as officers who may have some crisis negotiation training but need more experience.

Topics to be addressed include:

- Building rapport, paraphrasing and using emotional labeling
- Active listening for the emotions of persons in crisis
- Influencing behavior using reflective statements
- Safety, cover, and containment issues
- Developing non-threatening body language, words, and silence
- Strategies for gaining control of overly talkative or manic behaviors
- Key knowledge about common defense mechanisms
- Using eye contact, tone of voice and hands to your advantage
- Responding to suicide calls and "suicide by police" calls

Developing and Managing Informants

INV409R

November 4, 2021
Lyons Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

**This Course meets the following Mandates:
Constitutional Proper Use of Law Enforcement Authority, Lead Homicide Investigator, Law Updates**

This program focuses on cultivating and utilizing confidential informants, as well as the techniques used to prepare them for use in police investigations. Through active lecture, students will identify persons who become informants, what motivates their participation, treatment considerations, and how informants can be used to solve ANY type of case, not just those involving narcotics.

Participants will view videotaped interviews with actual long term informants that will provide valuable insights into the confidential informant's thought processes, motivations, etc. Practical exercises conducted at the end of class will enable students to put into practice many of the confidential informant handling skills covered in class.

Topics to be addressed include:

- Recognizing the necessity of confidential informants
- Techniques for cultivating confidential informants
- Determining the motivations of potential informants
- Debriefing techniques
- Administrative considerations
- Proper uses of informants
- Problem avoidance when using informants
- Developing "cover stories" for confidential informants
- Proper informant payment documentation
- Avoiding "entrapment" issues when using informants
- Preparing informants to testify in court when necessary

Students who have previously attended the 40 Hour Basic Narcotics Investigator Course will have already covered the above material in the informant portion of that course.

****The subject matter of this course falls within the key training guidelines for the in-service training requirements for Lead Homicide Investigator.****

This course has been certified by the Illinois Law Enforcement Training and Standards board and is not reimbursable by the ILETSB.

Within your agency, on the street, at home: Who has your back? Who supports you? What sacrifices have you made? Has the job changed you? This profession is one of courage, valor and honor. Watch Your Six! is an investment which directly serves the officer, while still focusing on the organizations mission.

This highly interactive program concentrates on wellness in regards to the ills of the law enforcement profession, stress and coping. Activities of personal fulfillment, value and purpose occur to benefit each student.

Have you ever ridden the hyper-vigilance roller coaster? We have relevant conversations police need to have where you can just decompress. We arm you with tools to keep you mindful on the job and going home safely.

You represent all police officers: How are you making an impact? Do your actions affect others? What messages are you sending? Are you solving problems? We sometimes forget our roles, or just have a bad day. This course will examine tactics to reinforce the perception of Police Legitimacy.

While not diminishing the importance of the warrior, this class highlights the usefulness of the guardian mindset and emphasizes communication over commands, cooperation over compliance and legitimacy over authority. In the use-of-force context, the guardian asserts patience and restraint over control, stability over action.

21st Century Policing: How is law enforcement viewed today? Can we improve? Do you see the world differently? Is your mindset a little jaded? Is perception reality? The police culture must stay up-to-date with society's trends.

A discussion of the concepts of Procedural Justice will enhance officer's safety with everyday interactions to gaining invaluable intel to interviewing suspects. These principles including giving others a voice (listening), neutrality in decision making, respectful treatment, and trustworthiness, and the vital role each plays in effective policing and positive community relations.

The “Cannabis Regulation and Tax Act” as described in “Amendment to HB 1438”, was signed into law by Governor Pritzker on June 25th, 2019. This legislation permits the cultivation, selling, and the adult use of cannabis, beginning January 1, 2020. The implementation of this legislation will have a tremendous effect on all aspects of law enforcement. The most profound impact will be on traffic safety. Illinois officers need to be trained to understand the legislation and to take appropriate action when required.

This training will provide officers with a comprehensive review of laws concerning the enforcement of the Cannabis Regulation and Tax Act. Included in the training is an introduction into types of cannabis, possession, use, and cultivation. Training will include recognizing sign/symptoms of impaired drivers, and proficiency testing utilizing Non-standardized Field Sobriety Tests. The training will conclude with procedures for making a DUI cannabis arrest. The Participant objectives are to:

- Describe the business organizations associated with the cannabis industry
- Describe categories, strains, extracts, and delivery systems of cannabis
- Describe possession and cultivation limits
- Describe the restriction and limitations for possession of adult use cannabis
- Recognize appropriate cannabis identification and cannabis containers
- Distinguish the three types of medical cannabis patients
- Describe the restriction and limitations for medical cannabis
- Summarize scientific research related to driving and cannabis usage
- Define executive functions and their relation to field sobriety tests
- Recognize the signs and symptoms of cannabis usage
- Summarize the effectiveness of Field Sobriety Testing
- Complete proficiency training on non-standardized field sobriety tests
- Recognize signs and symptoms associated with cannabis usage
- Describe the two Implied Consent provision associated DUI cannabis
- Describe the limitations of chemical testing

At the end of this eight-hour block of instruction officers will be able to:

1. Enforce laws concerning possession, use and cultivating cannabis.
2. Conduct non-standardized field sobriety testing and document sign/symptoms.
3. Make a DUI cannabis arrest and utilize the appropriate warnings.
4. Secure an appropriate biological sample for chemical testing.

This course will be taught by: Master Sgt. Emanuel LeBron, Illinois State Police/District 8.

Law Updates

This eight hour class will provide law enforcement with an ability to understand and identify different types of explosives. The class will be administered by Illinois Department of Natural Resources staff (Blasting Specialist or Blasting Expert) who are involved in the regulation of explosives in the Cook, Lake, Mc Henry, Du Page, Kane, Kendall, Grundy, and Will County areas.

Students will be given an opportunity to see and hold inert explosives, ask questions and discuss issues/scenarios with IDNR personnel. Students will also be provided with resources and contacts of individuals involved with the Department's regulation of explosives.

The purpose of this one day course is to provide training in the areas of explosive recognition (high and low explosives) and blasting agents as well as emphasize explosives safety in its handling and storage. Particular time will be spent on identifying the differences between Division 1.3G professional fireworks and Division 1.4G consumer fireworks and how the Department regulates this industry.

At the conclusion of this course, all participants will be offered an opportunity to take the Department's individual explosives license exam which is required in order to attain the Department's Individual Explosives License.

PREREQUISITES:

Only personnel who are currently employed by a unit of local government in a sworn or civilian capacity will be permitted to attend this program. Only the Chief, Sheriff, or Public Safety Director of the agency requesting this training, or his/her designated representative may enroll the above noted personnel. December 20, 2021

Lake Zurich Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This one day, 8-hour, program has been designed by Chris Weinbrenner of the Addison Police Department. The course is meant as a guide to law enforcement officers to create awareness of financial health.

Though the basic concepts of financial success seem like common sense, why is it we continue to struggle, add stress to our lives and allow finances to have our relationships suffer? Officer Wellness has become an important focal point for the law enforcement profession and its influence on the individual officer and their families. This highly interactive program will enable officers to better incorporate financial success into their lives, which will hopefully reduce stress with officers and their loved ones.

This program will focus on three stages of money management: financial foundation, financial stability and building wealth. This course will provide practical steps for the application of financial planning, both short-term and long-term.

Topics to be addressed include:

- What is financial health?
- Understanding your own finances.
- Guidance with financial decisions.
- Needs vs. Wants.
- What is financial stability?
- Retirement from law enforcement
- Building wealth
- Power of compound interest
- Other types of investments
- Financial prioritization

Throughout the entire course, exercises are presented to the students to evaluate themselves and to build a financial plans which works for them. By the end of this program, students will be able to incorporate the basic principles of financial health into their daily lives.

This course will be taught by: Officer Christopher Weinbrenner, Addison Police Department.

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force

This basic, end-user course is designed to provide officers of all ages and sizes with simple and effective methods for defending themselves without weapons in violent close quarter encounters. Unlike most defensive tactics classes that focus on control techniques, this course emphasizes defensive tactics designed to defeat the attacker, thus stopping the attack and allowing for subsequent application of control techniques.

Each technique practiced in this program is simple, easy to master and remember, and effective against any size offender. General topical areas include the following:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power
- Economy of motion, using time efficiently without wasted motion, and moving productively
- Defensive body stances and how they relate to mobility, balance, and power
- Blocking and counter-striking
- Closed fist versus open hand strikes and the 'heavy hand'
- Elbow strikes in close quarters
- Target locations of the body (high, middle, low)
- Choke releases
- Weapon defenses and retention
- Defensive ground positions
- Strikes and redirects from ground position
- Simple, effective control tactics

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Sergeant Craig Sline, Homewood Police Department; Detective Bernard Hogancamp, Homewood Police Department (Retired).

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force

This simple, practical course will assist instructors in developing effective close quarter defensive fighting techniques and then applying them when fighting on the ground. Whether overpowered, off-balance, or injured, this course will give students the tactical advantage needed to survive. Officers who complete this class will have a useful, practical, and effective array of techniques to provide in future training exercises.

Participants will learn how to increase their mobility, protect their firearms and bodies, and defeat attackers. It is intended for officers who have some prior experience in defensive tactics or who have previously attended the Foundational Defensive Tactics end user class.

After reviewing fundamental techniques, students will practice instructing each other on the following topics:

- Police officer use of force law (720 ILCS 5/7-5), U.S. Supreme Court case law (Tennessee v. Garner and Graham v. Connor) and how they apply to physical force
- Facing offenders who are skilled in mixed martial arts
- Body mechanics issues of balance, mobility, and power

This Course meets the following
Mandates:
Mandates Pending Approval

This two day course is specifically designed for experienced, previously trained, and/or certified Field Training Officers. This in-service training program will provide updates to the 2009 revised Daily Observation Report and the newly revised Standard Evaluation Guidelines. It will also provide transitional instruction on Breaking Routine from traditional numerically-anchored probationary law enforcement performance assessment to a behaviorally-anchored process emphasizing training and coaching for outstanding job performance.

This updated instruction emphasizes the FTO's responsibilities to:

- Examine and objectively document probationer job behaviors and actions utilizing totally revised standardized assessment guidelines, and
- Analyze the probationer's training and performance needs and utilize the most appropriate instructional techniques for corrective action.

Presentation will focus upon discussion as well as hands-on application of course materials in small group and individual student exercises. Course content includes:

- Performance assessment components utilizing a non-numerical evaluation scale;
- Utilization of the revised Standardized Evaluation Guidelines;
- Legally and objectively documenting probationer performance;
- Utilizing a variety of on-the-job instruction/coaching techniques;
- Documenting the extent of training and coaching when Corrective Action is Necessary;
- Objectively determining when the probationer is Not Responding to Training; and,
- Executing the revised Self-Initiated Field Activity protocols with the Daily Training Plan.

PLEASE NOTE: Students should be familiar with their Department's Field Training and Evaluation Process and bring a copy of the agency's current Probationary Officer/Deputy Manual and assessment forms to the class. Students must be ready to roll up their sleeves to work on applying the revised protocols!

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$210.00

Limit: 2 per Dept.

This Course meets the following Mandates:
Cultural Competency, Human Rights, Lead Homicide Investigator

This sixteen hour course is specifically designed to provide law enforcement investigators with the tools necessary to effectively assess child physical abuse injuries and child death cases. Childhood injuries are extremely common. Accidents happen - but so does child abuse. Law enforcement personnel play a critical role in investigating injuries to a child and determining if a crime has been committed. This dynamic and interactive course relies on the intuition of participants to "investigate" real cases by examining evidence from medical information, scene investigation, and interviews.

Topics include:

- Knowledge of child abuse and neglect
- Medical and physical findings (physical abuse, neglect, medical child abuse/Munchausen's Syndrome by Proxy)
- Understanding types of infant death cases

- Investigation
 - understanding "medical speak" and getting what you need from doctors
 - using medical information to help differentiate abuse from an accident
 - understanding the triggers/causes for child abuse and neglect

- Interview/Interrogation Strategies
 - specific questions to ask in child abuse investigations
 - sensitivity to the situation
 - the importance of family dynamics
 - cultural/language issues

- Working with Multi-Disciplinary Teams
 - how to ask the right questions to get the information you need
 - navigating the complexities of the DCFS system, collaborating with medical teams/social workers
 - working with coroners and the autopsy process

- Emotional Impact
 - why it's worth the effort
 - keeping your bias in check
 - the importance of debriefing and multi-disciplinary collaboration
 - taking it home: how to cope

Upon completion of the course, the participant will have acquired:

1. Knowledge of the prevalence of child abuse and the children at greatest risk
2. Working knowledge of child maltreatment terminology
3. Working knowledge of the medical assessment of child physical abuse
4. Skills on how to integrate the unique dynamics of child abuse into your investigations
5. Specific information needed to gather for every type of child abuse/neglect/death case
6. Insight into the behavior of victimized children/working with non-verbal victims
7. Understanding how to interpret "medical speak" and gain solid medical information
8. Skills to collaborate effectively with a multi-disciplinary team
9. Enhanced ability to effectively present case to the state's attorney

Enforcement Authority, Law
Updates, Use of Force**

This one day, 8 hours course has been designed by North East Multi-Regional Training, Mobile Team Unit #3, to provide students with information to promote public safety through education and enforcement. During the course of law enforcement activities, it may be necessary to pursue and /or forcibly stop violent offenders in order to apprehend them, or use approved forcible stopping techniques against other, non-responsive drivers where reducing the danger to the public outweighs the potential risks to that driver. When a vehicle pursuit or forcible vehicle stop is necessary, the police officer will make use of available resources to minimize the threat to the public, department employees, and the violator(s).

Recognizing the inherent risks associated with a vehicle pursuit and /or forcible vehicle stop, this course will: Provide police officers, annual in-service and remedial driving instruction through lecture, individual department policy, state of Illinois laws, case studies, general civil liability legal principles and discussions of pursuit scenarios, that includes crash avoidance methods, decision-making concepts, emergency response and precision driving, pursuit techniques, and forcible vehicle stop techniques, including roadblocks.

February 1-2, 2022

Hoffman Estates Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: None

Limit: 2 per Dept.

This Course meets the following
Mandates:

Law Updates, Use of Force

This 16 Hour Instructor program is the successor to NEMRT's MEGGITT XVT program and serves as a practical, hands-on introduction to the FATS System - the newest generation of interactive firearms simulators produced by MEGGITT Training Systems, Inc.

The FATS System has been designed to provide law enforcement personnel with marksmanship and judgemental shooting training that utilizes Bluefire weapon technology. These fully wireless weapon systems generate recoil through the use of compressed air and provide students with exceptionally realistic, effective, and safe training experiences that incorporate newly-produced videos and numerous branching options.

The first half of day one of this program will be devoted to a comprehensive review of legal issues related to the use of force, including standards provided by Supreme and Appellate Court decisions.

During the second half of day one and all of day two, students will be trained in the set up and operation of a FATS System and the performance of basic troubleshooting and maintenance procedures.

By the end of this program, students will be able to do the following:

- Establish a safe, well defined training area
- Conduct basic to advanced marksmanship training in a range-like training environment
- Closely monitor nuances in trainee weapon handling through system feedback capabilities
- Evaluate trainee performance on "Shoot/Don't Shoot" scenarios and corresponding decision making processes
- Provide corrective feedback to trainees through active coaching
- Train two officers simultaneously during team exercises
- Adapt the basic FATS training program settings to meet individual or departmental training needs through the use of options and scenario selection.

PLEASE NOTE COURSE PREREQUISITE: Participants must have successfully completed NEMRT's 40 Hour Firearms Instructor Program, or an equivalent training course, prior to attending this class.

Once a student has completed this Instructor program, his or her department is eligible to schedule an FATS System for in-house training purposes. Training or Range Officers should contact Training Coordinator Michael Schoenfeld at (630) 896-8860, ext. 119 to request dates.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Director James Volpe, Suburban Law Enforcement Academy; Martin Schaefer, North East Multi-Regional Training, Inc. MTU #3; Michael Schoenfeld, North East Multi-Regional Training, Inc. MTU #3.

Developed by the National Council for Community Behavioral Healthcare, Mental Health First Aid USA is an 8 hour course that introduces students to a 5 step action plan encompassing the skills, resources, and knowledge needed to assist individuals in crisis connect with appropriate professional, peer, and self-help care. This course provides attendees with an examination of the unique risk factors and warning signs of mental health problems, builds understanding of the importance of early intervention, and, most importantly, teaches individuals how to help someone in crisis or experiencing a mental health challenge.

Students will review potential risk factors and warning signs for a range of mental health problems, including depression, anxiety/trauma, psychosis and psychotic disorders, eating disorders, substance use disorders, and self-injury. The prevalence of various mental health disorders in the U.S. and the need for reduced community stigma will also be discussed.

This course is taught to police, first responders, corrections officers, 911 dispatch staff, firefighters, and other public safety audiences around the country. It provides attendees with more response options for deescalating incidents and better understand mental illness so that they might respond to mental health -related calls appropriately and without compromising safety. Approximately 20,000 public safety professionals have taken this course, including personnel from the Philadelphia, D.C., and Seattle Police Departments, as well as numerous smaller and rural agencies.

PLEASE NOTE: Students attending this program will be certified in Mental Health First Aid after successfully completing the course and passing a written examination. Certifications are effective for 3 years.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

Oleoresin Capsicum (Pepper Spray) Instructor Training

TTT302R

February 18, 2022
St. Charles Police Department

08:00 AM to 04:00 PM

Member Tuition: None
Non-Member Tuition: \$105.00

Limit: 4 per Dept.

**This Course meets the following
Mandates:
Constitutional Proper Use of Law
Enforcement Authority, Law
Updates, Use of Force**

This 8 hour program has been designed to provide

students with the necessary information and skills required to teach fellow officers at their respective agencies the proper use of Oleoresin Capsicum pepper spray. Topics to be addressed include the following:

- O.C. selection recommendations
- Effects of O.C. on the human body and probable medical implications
- Proper use of O.C.
- Tactical follow-up and decontamination practices

Additionally, students will review case law pertaining to the use of O.C. and how to most effectively and safely conduct exposure training. Practical exercises and proficiency testing examples will be demonstrated.

PLEASE NOTE: Students will be required to experience an O.C. exposure unless documented proof of previous training exposure can be provided. Students should wear appropriate clothing for participating in practical exposure exercises.

PLEASE NOTE: NO FUNCTIONAL WEAPONS WILL BE ALLOWED IN CLASS.

For those students participating in the exposure portion of the training there are numerous things that you'll need to know, and items that you'll need to bring with you, to make this training go as smoothly as possible.

- If you wear contact lenses you will need to remove them prior to the exposure. If you choose to wear them to training and remove them prior to the exposure remember to bring whatever supplies you need. Additionally, it is not advised that you put your contact lenses in for 24 hours following the exposure, so please plan accordingly.

- If you use an inhaler you should bring it with you. Although OC is not likely to cause an asthma attack, some people may experience a high level of anxiety which could cause them the need to use their inhaler.

- You will need your duty belt including handcuffs. NO WEAPONS will be allowed to be worn during the exposure portion of the training.

- Bring a change of clothes with you. During the decontamination process you (and your clothing) will likely become extremely wet. Keep this in mind when selecting your clothing.

- You might consider bringing toiletry items to assist in cleaning yourself up after the exposure (i.e. towel, soap, etc.)

- It is suggested that you limit (or avoid) hair products the day of training as your hair will get wet during decontamination and those products will likely cause additional irritation. The same applies for cosmetics/eye make-up.

- While most people will totally recover from the effects of OC within 45 minutes, everyone reacts differently. Your safety is of the utmost importance, so we will need to monitor each person's reaction and recovery closely. Therefore, you will not be allowed to leave the training site for any reason (following the exposure) until class is over.

- Since you will be spending a considerable amount of time outdoors...dress appropriately for the weather.

- If you have had eye surgery within the past 12 months (i.e. Lasik) you will not be able to participate in the exposure training. Please provide documentation of such surgery.

The instructor certification provided through this training will be valid for three years.

This course has been certified through the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

This course will be taught by: Julie Johnson, Carol Stream Police Department.

Unless otherwise indicated, cancellations must be received by NEMRT 7 days prior to the beginning of a course in order to avoid being billed for that course. Exceptions will be noted where applicable.

November 29 - December 1, 2021
Cook County Morgue

08:00 AM to 04:00 PM

Member Tuition: \$150.00

Non-Member Tuition: \$265.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Constitutional Proper Use of Law Enforcement Authority

This three day, 24-hour course will provide law enforcement professionals with a detailed overview of the concepts and techniques necessary to successfully provide physical security functions in government facilities. This overview is provided through the mechanism of the Physical Security Assessment Survey (the "Survey"), the starting point of any successful program. The course addresses all facets of the Survey, including pre-planning, execution, and reporting phases and will also cover the detection of Hostile Surveillance targeting the facility as well as the design build process associated with most public sector projects.

Students will be provided with dynamic, multi-media classroom presentations followed by a hands-on practical exercise that allows participants to actively experience the concepts presented.

Topics to be addressed include hazards, threats, vulnerabilities, consequence, risk, and counter-measures. Also covered is the Assessment process from beginning to final outputs. Participants will then be given the opportunity to apply the lessons learned in a realistic scenario-based training experience which will reinforce the classroom topics covered.

This class has been submitted for Terrorism Task Force grant funding through the Executive Institute of the Illinois Law Enforcement Training and Standards Board. If funding is approved, tuition fee will be waived.

January 28, 2022

Lemont Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Procedural Justice, Law Updates

What kind of liability do police supervisors face? Understanding today's complex civil rights legal landscape is critical to ensuring the safe and efficient administration of any police department. Supervisors often fail to understand the critical connection between routine supervisory decisions and the potential for claims of constitutional civil rights violations. This new, 8 hour program will familiarize supervisory-level personnel with liability concepts federally, pursuant to 42 U.S.C. 1983 and the Federal Tort Claims Act, as well as liability for tort claims in Illinois state courts.

Training will focus on established and recent state and national case law in critical liability areas, such as use of force, and provide practical techniques and approaches that supervisors can implement to help minimize their own risk and the exposure of their respective agencies and municipalities.

Topics to be addressed include:

- Failure to train liability
- Failure to supervise liability
- Policy issues with respect to search and seizure, hot pursuit and chase
- Discipline and hiring
- Use of force issues related to arrest and detention
- Qualified immunity
- Damages
- Hot topics, trends, and recent Illinois legislation and court decisions

Pre-Retirement, Career Transitioning, and Financial Planning for Law Enforcement

PAT827R

January 19, 2022

Hoffman Estates Police Department

08:00 AM to 04:00 PM

Member Tuition: None

Non-Member Tuition: \$105.00

Limit: 2 per Dept.

This one day, eight-hour course, has been developed to provide law enforcement officers with a clear process for developing a retirement plan/exit strategy and practical advice on financial planning. The course will also offer important details about the Illinois Police Pension Act; as it relates to financial planning for officers. Other pre-retirement activities, such as second career transitioning, training, the art of networking, and building a new personal brand will be discussed.

Planning for retirement, preparing for the possibility of transitioning into another career, and financial planning are some of the most overlooked issues for police officers. Due to these facts, many financial opportunities and choices that would be highly beneficial to officers during their retirement years are missed.

This course will be taught by: Pete Almeida.

February 3-4, 2022
Oak Brook Police Department

08:00 AM to 04:00 PM

Member Tuition: \$125.00
Non-Member Tuition: \$240.00

Limit: 2 per Dept.

The focus of this two day, 16 hour train-the-trainer program is to provide law enforcement training professionals with the skills and techniques required to successfully train Officers to perform trauma and shock management functions on themselves or injured fellow officers through effective interventions. The course addresses all facets of the safe management of any trauma event, from recognition to treatment to evacuation.

The course consists of a dynamic, multimedia classroom presentation, followed by a series of hands-on practical exercises which allow participants to actively experience the concepts presented, including the mechanisms and physiology of trauma, maintaining the proper survival mindset, recognition of the signs and symptoms of shock, appropriate interventions consistent with the Self Care/Buddy Care model, safety and security during treatment, safe and effective evacuation of the casualty to higher treatment options and other related functions.

Participants will be given the opportunity to apply the lessons learned in a realistic, scenario-based training experience that will include teach-back assessments to reinforce topics covered in the classroom.

Participation in this class will prepare students to do the following:

- Identify various mechanisms of trauma and shock
- Recognize the signs and symptoms of shock
- Properly assess a casualty and plan an appropriate intervention
- Properly use various intervention devices and adjuncts
- Safely apply shock interventions consistent with best practices of self care/buddy care
- Properly conduct a casualty evacuation
- Demonstrate the proper techniques for lifting, dragging, or carrying a casualty
- Conduct adult audience-focused training
- Prepare and conduct effective training programs in these methods for their own agencies

This course is open to sworn law enforcement officers and other related government employees and is appropriate for personnel who are currently assigned or will soon be assigned to conduct internal training for their agencies.

PLEASE NOTE: This is not an end user course. While no prior medical experience is required, it is strongly recommended that participants have already attended an Instructor Development program and a comparable Self-Aid / Buddy Aid user course. Participants are encouraged to review manufacturer's current training videos for the CAT tourniquet, Oleas Trauma Bandage and the Emergency (Israeli) Trauma Bandage, and to practice the techniques prior to attending the course.

This course has been certified by the Illinois Law Enforcement Training and Standards Board. It is not reimbursable by the ILETSB.

**This Course meets the following
Mandates:**

**Civil Rights, Constitutional Proper
Use of Law Enforcement Authority,
Procedural Justice, Law Updates,
Use of Force**

This eight hour course explores changes that have occurred in federal and Illinois law regarding the use of deadly force. Participants will be reintroduced to the Illinois Compiled Statutes and the U.S. Supreme Court case of Tennessee v Garner from a supervisory perspective. Situations to be studied include forcible felonies, threat of life, and arrestee/prisoner escapes. Videotapes of actual police shootings will be viewed and handouts, including copies of the statutes, will be provided.

The course will also cover the following:

- Excessive force and reasonable force
- Gaining entry and resisting arrest
- Effecting an arrest
- Federal constraints
- Types of offenses and the use of force
- Civil litigation on the subject

Emphasis will be placed on imparting and using informed judgments in practical situations that arise in patrol operations.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

This course will be taught by: Chief Jeff Chudwin, Olympia Fields Police Department (Retired).

Course meets from 6 - 10p.m. on the first two sessions, then from 8a.m. to 4p.m. on the remaining four sessions.

Member Tuition: \$175.00

Non-Member Tuition: \$175.00

Limit: Unlimited

This Course meets the following Mandates:

Civil Rights, Constitutional Proper Use of Law Enforcement Authority, Use of Force

Courses meet from 6 - 10p.m. on the first two sessions, then from 8a.m. to 4p.m. on the remaining four sessions.

Students must bring 550 rounds of ammunition to class with them.

This 40 hour program acquaints newly sworn or part-time officers with the physical, legal, and moral hazards associated with the use of firearms. The course provides specific safety rules for handling firearms. Through supervised practical exercises, officers will enhance their ability to use a firearm as a conditioned response.

Successful completion of this course fulfills the requirements of 50 ILCS 710, "The Illinois Peace Officer Firearms Training Act".

Students must pass written and practical exams with a minimum score of 70% to receive a certificate of completion. In addition, each instructor must be completely satisfied with the abilities of the students to use their weapons in a safe manner.

When enrolling a full or part-time Officer in this program, please do the following:

1. Provide him/her with a copy of the Participant's Information Sheet
2. Fax the following forms (found in the Registration Information section of this website) to NEMRT's Registrar: Ms. Terri Hancock at (630) 229-0206:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

Agencies wishing to enroll Auxiliary Officers in this program are required to do the following:

1. Fax a copy of your local unit of government's Enabling Ordinance for auxiliary officers to the Illinois Law Enforcement Training Standards Board at (217) 524-5350 so that they may review and approve your Auxiliary Officers' eligibility to attend this training
2. Provide your Officer with a copy of the Participant's Information Sheet
3. Fax the following forms (found in the Registration Information section of this website) to NEMRT Registrar: Ms. Terri Hancock at (630) 896-4422:
 - Consent for Participation in 40 Hour Mandatory Firearms Training
 - A copy of the Officer's Form E. The original Form E must be on file in the offices of the Illinois Law Enforcement Training Standards Board
 - An Indemnification Agreement signed by your Chief or appropriate local official

All pre-registrations for this program must be accompanied by the forms listed above, especially the copy of your officer's Form E (as submitted to the Illinois Law Enforcement Training Standards Board). If NEMRT and the ILETSB do not receive these forms at least 7 business days before class, your officer(s) will not be allowed to attend the program. This is the strict policy of the Illinois Law Enforcement Training Standards Board. No exceptions are permitted.

PLEASE NOTE: Pre-registration for this program will close 7 business days prior to the start of class to ensure that all necessary paperwork has been received by NEMRT and the ILETSB.

Participants are to bring their weapon, ammunition, and other required equipment. Please make certain all equipment is in proper working condition.

Classroom instruction is held in the evening. You are required to bring notebooks, pens or pencils.

Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:

- Service weapon in safe firing condition
- Duty holster
- 550 rounds ammunition (factory or reload)
- Eye and ear protection
- Shotgun in safe firing condition
- Appropriate clothing for outdoor range (depending on class location)
- Cleaning kit for your service weapon
- Bag lunch or money to purchase meal

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this course must be received by NEMRT 35 days prior to the start of the program in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, (Retired).

Member Tuition: \$75.00
Non-Member Tuition: \$105.00

Limit: Unlimited

This program may only be attended by students who have previously completed a course of instruction similar to the State of Illinois Mandatory Firearms Training program as provided by the Illinois Law Enforcement Training Standards Board. The sole authority for allowing a student to participate in this program and to waive any participant from attending the entire Mandatory Firearms Training program applicable to Illinois Peace Officers is vested in the Board.

The program consists of classroom refresher training to prepare students to take the written examination required by P.A. 90-646, actual administration of the examination, and having each student attempt to qualify on the State of Illinois-approved Mandatory Firearms Training Qualification Course.

According to P.A. 90-646, waivers will be contingent upon an officer's successful completion of the written test and qualifying course of fire from the 40 Hr. Mandatory Firearms Training Program. The written examination consists of 50 multiple choice questions. Officers seeking a waiver must achieve a passing score of 70% and will have only one opportunity to pass the written test. The Handgun Qualification Course of Fire consists of 24 rounds shot from the 7 yard line, 18 rounds shot from the 15 yard line and 8 rounds shot from the 25 yard line. All shooting begins from the secured holster position. The officer will receive only two opportunities to qualify for the record.

Range time will be given to familiarize officers with the official course of fire. Students will receive N.E.M.R.T. and State of Illinois certificates reflecting successful completion of the requirements of P.A. 90-646.

Departments are to submit a Form E, as well as a Waiver Application for the individual officer to the Illinois Law Enforcement Training and Standards Board.

In order to have their registration confirmed, departments will then need to submit the following to NEMRT, prior to the start of the course:

- Letter from ILETSB authorizing individual to participate in course of fire
- NEMRT's Consent to Participate Form
- NEMRT's Indemnification Agreement

Registrants will be placed on a waiting list until the above items are received.

Questions in regards to registration and confirmation should be directed to the NEMRT Registrar at 630-896-8860

Note: Students need to bring their duty weapon, holster, 150 rounds of ammunition, eye and ear protection, and a pen to class.

This course has been certified by the Illinois Law Enforcement Training and Standards Board and is not reimbursable by the ILETSB.

** Cancellations for this program must be received by NEMRT 35 days prior to the start of class in order to avoid being billed.

This course will be taught by: Chief Daniel McCollum, (Retired).

40 Hour Mandatory Firearms Training Program

Participant's Information Sheet

To be given to Course Participants

Public Act 79-652 states, "Possession and use of a firearm, in connection with official duties of a peace officer in Illinois, is conditional upon participation and successful completion of 40 Hour Firearms Training."

Your agency supervisor has scheduled you to participate in a 40 Hour Mandatory Firearms Training Program. This program satisfies the requirements of the Illinois Law Enforcement Training Standards Board.

Training includes classroom instruction and weapons practice at a firing range with instructors certified by the Illinois Law Enforcement Training Standards Board. The following conditions were established through the cooperative efforts of the Board and North East Multi-Regional Training, Inc. It is your responsibility to read these conditions thoroughly and adhere to all of them. These include:

1. Report to training as instructed by your Chief, Sheriff, or Training Officer
2. Safety regulations of the range, weapon conditions, and ammunition use will be directed by the Range Master and his assistants.
3. The Range Master will instruct and enforce strict regulations for safe handling and use of weapons at all times. Anyone who endangers the safety or well-being of others will be ejected from the premises. This includes horseplay, carelessness, or any other inappropriate behavior.
4. You must bring your own weapon, ammunition, and required equipment. The Range Master and his assistants will not provide, repair, or replace any equipment. Please make certain all equipment is in proper working condition.
5. Classroom instruction is held in the evening. You are required to bring notebooks, pens or pencils. *DO NOT BRING WEAPONS OR AMMUNITION TO CLASSROOM SESSIONS.*
6. Range instruction is held on Saturdays and Sundays. You are required to bring the following to the range:
 - a. Service weapon in safe firing condition
 - b. Duty holster
 - c. 550 rounds ammunition (factory or reload)
 - d. Eye and ear protection
 - e. Shotgun in safe firing condition
 - f. Appropriate clothing for outdoor range (depending on class location)
 - g. Cleaning kit for your service weapon
 - h. Bag lunch or money to purchase meal

State statute requires successful completion of this training BEFORE you can legally carry a weapon while performing law enforcement duties. Successful completion is achieved with at least a 70% on the written examination and 70% on each of the two qualification shooting rounds. Re-testing for a failed written examination or a failed range qualification will be handled in accordance with the policies of the Illinois Law Enforcement Training Standards Board.

Care and use of your weapon is a serious matter. You are required to conduct yourself in a professional manner at all times during this training program.

Registration Information

REGISTRATION INFORMATION

Pre-Registration

NEMRT courses are filled on a first-come, first-serve basis, based upon the Pre-Registration forms we receive. Typically, our courses quickly fill to capacity. Once a class has reached its capacity of students, "Stand-By" lists are created.

Students on stand-by lists may not attend our programs. All students must first be confirmed by our Registrar's office. After receiving confirmation, students may attend the training program, where they complete an actual registration form. Confirmation and stand-by lists are distributed weekly by the Registrar.

Please keep in mind that courses fill quickly. Pre-register your students early!

Attendance Policy

The Illinois Law Enforcement Training and Standards Board (ILETSB) requires that all attendees of a course for which they will receive a certificate from the Board be present for 90% of the course. For example, one must be present for 36 hours of an ILETSB-certified 40 hour course. NEMRT has adopted that policy for all of its training programs, allowing attendees to miss no more than 10% of any course, with a legitimate excuse (family emergency, need to appear in court, reassignment, etc.) and still receive a NEMRT certificate.

Cancellations

When we receive a cancellation, students are moved from the stand-by list to fill the vacancy. We then notify your training officer that the student has been moved from stand-by and confirmed to attend the program.

Occasionally, training officers fail to notify us that an officer will be unable to attend. When this occurs, students on the stand-by list are denied an opportunity to attend the training they need.

To avoid this situation, please contact the Registrar's Office as soon as possible regarding schedule conflicts and cancellations. With this information, we are able to move officers from stand-by lists and into course rosters. This increases both the number of officers receiving training and the overall effectiveness of your training dollars.

Please note in the ***Course Description*** section the statements about cancellation deadlines and billing for each class. Usually, the deadline is 7 days prior to the start of the course unless otherwise noted.

ADA Accommodation

If your student is covered under the Americans with Disabilities Act, please notify Deputy Director Chuck Ghiloni at (630) 896-8860, ext.103 to establish reasonable accommodations.

Questions?

If you have questions regarding confirmation or stand-by policies, please contact our Registrar's Office at (630) 896-8860, ext. 102.

Part Time Training Info

Basic Part-Time Law Enforcement Officer Training

In accordance with Public Act 89-170, all part-time sworn police officers in the state of Illinois are required to successfully complete a Basic Part-Time Law Enforcement Officer Training Course. North East Multi-Regional Training, Inc. is offering a choice of two different basic training academies to fulfill the requirements of this act. *The tuition shown below for each of these academies is eligible for reimbursement through the Illinois Law Enforcement Training Standards Board.*

Web Based Academy

Through the efforts of the Illinois Law Enforcement Training Standards Board, the ILETSB Executive Institute, and the Center for Applied Internet Technology (CAIT) at Western Illinois University, the STTAR program has been redeveloped and updated to deliver part-time basic training in a cutting-edge distance learning format using the internet.

Approximately 212 hours of instruction are delivered via the internet, allowing students to choose the times most convenient for them to independently complete an average of seven hours of training per week through the internet. This training is supplemented with eight-hour classroom sessions conducted on Saturdays, where the students receive lectures from instructors who are experts on the subject matter, and to participate in performance-based practical exercises.

This program, with the addition of the 40 Hour Mandatory Firearms Training course, meets the 560-hour curriculum for law enforcement basic training. In total, the program takes approximately 9 months to complete.

Scheduling of the next WEB Academy is awaiting development/approval of a new Basic Academy curriculum by the ILETSB.

Tuition: \$1,100.00

Due to substantial changes being made to the academy curriculum by the Illinois Law Enforcement Training and Standards Board, we cannot set a date for our next offering of the Web-Based Academy.

Students are required to successfully complete the P.O.W.E.R. test to enroll in the Web Based Academy. NEMRT offers the P.O.W.E.R. test prior to the orientation for each program. There is a \$35.00 fee to take the test. No POWER tests are currently scheduled.. All POWER testing will be conducted at the Crestwood Wellness and Recreation Center in Crestwood, IL.

The 40 Hour Mandatory Firearms course is not included in the Web Based Academy. Therefore, we have arranged a special firearms course reserved for those part-time officers enrolling in the academy who have not yet been certified. Tuition for the course is the standard in-service tuition of \$175.00. Please indicate on the pre-registration form those officers who are enrolling in both the academy and the firearms course. The dates for this course will be announced.

Contact April Morris, Basic Training Manager (Tel: 630-896-8860, x104, Email: amorris@nemrt.com), for required enrollment paperwork.

Consulting Services

CONSULTING SERVICES

This course catalog reflects the training needs of agencies throughout our membership. However, we realize that your department may also have unique, sudden, or critical training needs that may not be addressed among these courses. We also realize that you may not have the time or resources necessary to develop customized, high-quality training programs. To meet these unique needs, NEMRT staff is available to develop In-House programs.

Customized Training

In-House programs provide customized training, designed exclusively for your department's needs and scheduling demands. They can be a valuable means of meeting your departmental training goals effectively and efficiently.

NEMRT staff will develop your curriculum, contract with instructors, compile handouts, process registrations, and issue training certificates. Many area departments have taken advantage of this valuable service. In fact, NEMRT develops over 200 In-House training programs a year!

Standard Curriculum

Some agencies have used In-House programming not only for customized curriculum, but also to deliver our standard in-service programming to their entire departments. A partial list of these In-House courses includes:

- Verbal Judo
- Courtesy and Diplomacy for Non-Sworn Personnel
- Laws of Arrest, Search and Seizure
- Hazardous Materials Refresher
- Horizontal Gaze Nystagmus
- Essential Spanish for Police

Additional Information

If you have any questions about our In-House programming services, please call Michele Bou-Sliman, Program Manager for Special Projects, at (630) 896-8860, x118. Michele will be happy to discuss your needs and provide valuable training alternatives.

How to Become a NEMRT Member

WHAT IS NEMRT?

North East Multi-Regional Training is one of seventeen Mobile Teams of the Illinois ASSIST Program. We provide in-service training to law enforcement and corrections personnel throughout metropolitan Chicago.

Since its incorporation in 1983, NEMRT has trained thousands of officers throughout Illinois, Wisconsin, and Indiana. Students attending our programs span every rank, from community service officers to chiefs of police. We have presented thousands of seminars and workshops, ranging in length from 2 to 400 hours. Our course content ranges from refresher training to university-directed Staff and Command courses.

Our programs are designed to provide the highest quality training at the most competitive price.

This section of the course catalog contains answers to some of the questions you might have concerning the training offered by North East Multi-Regional Training, including:

- Membership costs
- Membership benefits
- Becoming a NEMRT member

If you would like any further clarification, or if our staff can assist you in any way, please call Director Joe Schweihs at (630) 896-8860, ext. 110.

THE ASSIST PROGRAM

The Illinois Law Enforcement Training Standards Board administers the Intergovernmental Law Enforcement Officers In-Service Training Act (P.A. 82-674). This Act, coupled with the Traffic Surcharge and Criminal Conviction fund, provides the structure and financial support for a unique state\local partnership. This partnership provides decentralized delivery of in-service training within commuting distance of virtually every law enforcement and corrections officer in the state.

On Jan. 1, 1983, The Illinois Law Enforcement Training Standards Board launched A Statewide System of In-Service Training, known as the ASSIST Program. Within five years, the Mobile Team Unit conducted over 7,000 courses for over 120,000 in-service practitioners. The ASSIST Program has since gained national recognition as one of the most cost-effective and comprehensive in-service training systems in the United States.

The objectives of the program are:

- To encourage local law enforcement and corrections officers to upgrade their knowledge, skills, and techniques pertinent to the law enforcement profession
- To provide local law enforcement officers with training opportunities within their own locales and on flexible schedules
- To provide quality training on topics of instruction centered on specific training needs

NEMRT MEMBERSHIP

Annual membership in North East Multi-Regional Training will be \$95.00 per full-time officer. In addition to payment for all full-time officers, members may select from three payment options to tailor training for their civilian, reserve, part-time, and auxiliary officers:

1. You may pay for all full-time, part-time, reserve and auxiliary officers, and civilians within your total membership at \$95.00 per individual.
2. You may pay for all full-time officers and only a specified number of your total civilian, reserve, part-time, and auxiliary officers. The number chosen is entirely up to you.
3. You may pay for full-time officers only and pay non-member tuition fees for those classes attended by your civilian, reserve, part-time, and auxiliary officers.

As an added benefit, members employing more than 125 full-time officers need only pay for the first 125 officers. This maximum membership fee of \$11,875.00 entitles all full-time officers, not merely the first 125, to unlimited training through North East Multi-Regional Training for the membership year. Membership fees would still need to be paid for any part-time, reserve, or civilian employees you wish to include.

Occasionally, courses are offered that require tuition from member and non-member departments alike. These fees arise from the special equipment that may accompany the course, or from the expense arising from bringing in an out-of-state expert for timely courses of a technical nature. However, member department tuition fees are typically lower than a non-members.

MEMBERSHIP CATEGORIES

NEMRT's voting membership consists of municipal and county law enforcement agencies whose units of government have voluntarily signed an Intergovernmental Agreement, or have passed a Resolution and Adoption of existing Intergovernmental Agreements, which establishes "NEMRT, INC." as a mobile team in-service training unit. Member departments are invited to the Annual Election of Directors, held on the third Tuesday of March, to cast their votes.

Member department Intergovernmental Agreements are self-renewing and do not require annual processing unless membership is dropped for more than one year. Then the Agreements will be addressed as a new membership again.

Non-voting member departments are federal and state law enforcement agencies who are eligible to participate in regional law enforcement in-service training under the Illinois Intergovernmental Law Enforcement Officers In-Service Training Act, but are precluded from signing an Intergovernmental Agreement due to the structure of their governing rules. In such cases, department administrators may contract with NEMRT, Inc./Mobile Team Unit #3, to allow their law enforcement personnel to participate in the Region's in-service training efforts at an annual rate established by the NEMRT, Inc. Advisory Board. Non-voting member departments are precluded from serving on the Board of Directors or voting on matters that affect NEMRT, Inc./Mobile Team Unit #3 operations, policies, and/or procedures.

Non-member departments are federal, state, and local law enforcement agencies that decline formal membership in the ASSIST Program. They remain eligible to participate and attend in-service training under the In-Service Training Act, but are required to pay tuition as listed in the course descriptions. Non-member agencies are billed for attendance after the completion of each course.

Computer-Based Training

40 Hour Juvenile Specialist Program - Web Version

NEMRT is pleased to offer a web-based Juvenile Officer Program. You and your officers can choose the time, place and pace at which they learn, and bring their training right to the desktop! This program has been thoroughly reviewed and certified by the Illinois Law Enforcement Training and Standards Board.

This Distance Learning web-based training program has been designed by NEMRT, with experts from the fields of juvenile law, social work, and law enforcement to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors they will need for success in that position. They will be familiar with and assume the legal, moral and social roles that will assist your agency in its community-policing role.

Officers who take this web-based course and pass the exam will be *Illinois state-certified Juvenile Officers*, just as if they had attended a traditional, classroom training course!

Topics covered include:

- Effective communication with youths and their families
- Recognizing the stages of development in minors and anticipating behaviors which are characteristic of each stage
- Becoming familiar with and how to maximally utilize social service agencies
- Interpreting and applying provisions of the Illinois Juvenile Court Act
- Recognizing prevalent threats to the well being of minors, including drug and alcohol abuse, street gang involvement, sexual exploitation, violent crimes, etc.
- Identifying the elements of child abuse: the abuser, the abused child, and the triggering event
- Recognizing signs of physical child abuse, including bruises, burns, bites, bone fractures, etc.
- Identifying characteristics of child sexual abuse victims and considering concerns victims have regarding disclosure of abuse
- Differentiating between different types of sex offenders
- Recognizing the many different ways in which children are neglected
- Identifying a Sudden Unexpected Infant Death and listing risk factors for it

Registration & Purchase Information

Students completing the program may register to take the state certification examination, which will be offered on the first Wednesday of each month, from 8:30-11:30 am, at NEMRT's office in North Aurora.

After purchasing access to the program, you may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on-line at www.nemrt.com.

For more information, contact NEMRT at 630.896.8860.

Cost: \$120 - includes access to the program and one certification examination.

Additional officers can view the program for in-service and refresher training at no charge.

Additional officers may register to take the exam for \$75.00 each.

This Distance Learning web based training program has been designed by NEMRT, along with experts from the fields of juvenile law, social work, and law enforcement, to provide newly assigned or promoted juvenile officers with the skills, knowledge, and behaviors needed for success in the position.

Juvenile officers have a unique role, not only in enforcing laws but also in responding to family problems in a compassionate and effective manner. Their position requires them to act as protectors of youths and society as a whole by investigating criminal acts for findings of "delinquency and in supporting youths in growing out of adolescence" without experiencing the stigma of police involvement.

Officers who take this web based course and pass the examination given at the end of the mandatory review session will be Illinois state certified Juvenile Officers just as if they had attended a traditional classroom training course.

You may register your officer for an examination date and time as you would for any NEMRT course. Registrations can be submitted via fax or made on line at www.nemrt.com. Please note: Access to the web program must be purchased prior to examinations being taken.

This course will be taught by: Cmdr. Brian Galske, Chicago Ridge Police Department.
